TOOTHY TIDBITS

Stupid Laws

In Vermont:
Women must obtain written permission from their husbands to wear false teeth!

In Louisiana:
Biting someone with your natural teeth is "simple assault", while biting someone with your false teeth is "aggravated assault"

Helpful Hints

Even if you don't wear dentures, you may still want to stock up on denture cleaning tablets. You will surely be surprised what else they can clean.

Drop a tablet into a glass of water and immerse your diamonds or glass beads for two minutes

- Submerge a stainless-steel watchband for a few minutes; it will look brand new.
- Fill a teapot and cups or mugs with warm water and a tablet. Rinse and admire!
- Drop a tablet into your toilet bowl, let it fizz overnight, then scrub with a brush, flush.

Tea for Teeth

Drinking black tea is good for your teeth. Polyphenols in tea prevent plaque from sticking to your gums and teeth and reduce the levels of cavity-causing acids, say researchers at the University of Illinois.

... Lend Me Your Ears

COMMON QUESTIONS ABOUT TINNITUS - PART 1

WHAT IS IT?

Tinnitus is a subjective experience where one hears a sound, ringing or noise when no external physical sound is present. Some call it "head noises", "ear ringing," or other similar things.

WHAT CAUSES IT?

There are many causes; indeed almost everything that can go wrong with the ear has Tinnitus associated with it as a symptom. Things as simple as wax against the eardrum to very serious items such as tumors on the 7th facial nerve can produce Tinnitus. Meniere's disease has Tinnitus associated with it. One of the most common causes of Tinnitus is exposure to excessively loud sounds such as shooting, chain saw, rock concerts, or other loud noises.

Serving the community of Halton Hills and surrounding areas since 1992

Council tells Province 'Hands off our Hydro'

By LISA TALLYN
Staff Writer

Halton Hills Council is sending a strong message to the Ontario Premier and Energy Minister that it opposes a merger of smaller hydro utility companies into larger regional entities.

Council endorsed the motion put forward by Mayor Rick Bonnette at a recent council meeting. It is in response to the recommendation for a merger outlined in the *Renewing Ontario's Electricity Distribution Sector: Putting the Customer First* panel report.

The motion stated that Halton Hills Hydro has effectively served the community for 40 years and contributes both financially to the Town and social well-being of the community.

It said the utility had demonstrated effective, innovative and

efficient electricity distribution excellence and has a high customer satisfaction rating and the benefits of a local distribution company would be lost in a forced distribution company serving a million residents.

"This is the first shot across the bow if indeed this is going to go any further," said Bonnette. "Hopefully it doesn't."

Councillor Joan Robson stressed how important it is for rural residents to have access to a local distribution company.

"We can get easily forgotten in the mix if we're gobbled

up by a large corporation," said Robson.

Along with Premier Kathleen Wynne and the Energy Minister the motion is also being forwarded to leaders of the opposition parties, Wellington-Halton Hills MPP Ted Arnott and the Ontario Energy Board.
