CABLE NEWS.

(Special Telegram to the Daily News.)

London, Feb. 20.—In the House of Commons, to-day, the Right Hon. Gathor Hardy, speaking on the subject of the Geneva arbitration, took the ground that the decision of the Tribunal had been unjust to Great Britain, and intimated that he would shortly propose to the Government that England join with the American Government in placing before all the foreign powers the true bearings of the three rules of the Treaty of Washington.

Paris, Feb. 21.—The quarrel between the Legitimists and Orleanists has broken out afresh with increased bitterness. *L'Univers* accuses the Dukes de Broglie and Danduffet Pasquiere, of making a compact with President Thiers and betraying the Assembly, their motive being solely to obtain office for themselves and their friends. The Marquis de Francial has addressed a letter to Duc d'Aumale, accusing him of dividing the House of Orleans, by seeking to set up a younger branch with himself at the head.

London, Feb. 22.—Advices from Madrid represent that the Carlist movement is increasing in strength and aggressiveness.

The *Times* has advices from Spain to the effect that a partizan agitation is beginning to make itself felt in the new republic, and throughout the Iberian Peninsula. Portugal is arming in anticipation of civil commotion. The views of the Federalists are everywhere in the ascendant. The Spanish mails are several days overdue.

Paris, Feb. 22.—Reports have reached here of serious disturbances at Barcelona, the cause and extent of which are unknown. No particulars of the nature of the trouble have been received beyond the statement that they involve both the citizens of Barcelona and the troops of the regular army in garrison there, and that the red flag of the Commune has been displayed, not only at Barcelona, but at several other towns in the province.

Paris, Feb. 22.—The Archbishop of Paris tendered the hospitalities, his home and fraternal welcome to the Rev. Mr Marmillod, who was recently expelled from Switzerland.

Madrid, Feb. 22.—Senor Nicolas Salmeron, Minister of Justice, will shortly present to the Assembly a bill for the abolition of capital punisment for all offences whatever. In the Assembly yesterday Senors Castelar, Minister of Foreign Affairs, and Echegary, Minister of Finance, made statements with reference to the condition of the republic, tending to allay the apprehensions concerning the movements of the Carlists and the course of reactionary partizans. The Ministry presented a proposal to apply 10,000,000 reals from the war fund for the purpose of securing improved small arms. They also declared that the government will punish with proper severity all excesses on the part of those who persist in insurrectionary violence. The discussion of the bill for the abolition of slavery in Porto Rico was continued yesterday. No progress was reported.

London, Feb. 22.—Mr Disraeli, Lord Cairns, and Mr Gathorne Hardy, member for Oxford university, will meet members of the House for Dublin to-day, for the purpose of discussing and determing the course to be pursued by Conservatives in Parliament on the university, Tests Bill. Mr Robert Vans Agnew, the Conservative candidate, has been elected to Parliament from Wigton. Mr Agnew succeeds Mr George Young, the Liberal, who was defeated at the last election by 120 in a poll of 848 votes.

The appeal of Edwin James for re-admission to the English bar has been refused.

Madrid, Feb. 24.—The excitement is increasing, particularly among the workingmen. There is an apprehension of barricades appearing, and the red republicans inaugurating extreme measures. The Carlists in their operations and intrigues are very active, and the army is dissatisfied. Washington's birthday reception by the American Minister became a republican demonstration. The reactionists are extravagant in their expressions of hostility to the American Minister, whom they regard as officiously active in Spanish politics.

London, Feb. 24.—Count Von Beust, the Austrian Ambassador, has returned to his post at the Court of St. James.

The meeting of the Conservative leaders which was announced to take place on Saturday last, after a lengthy sitting came to a unanimous determination to oppose the ministerial education bill. The course to be pursued in carrying on opposition to the Government was not definitely decided upon.

The strike of the south Wales miners will probably be brought to an end by a compromise to-day. It is thought that 60,000 of the strikers will return to the mines tomorrow.

The Rev. Thomas Guthrie, the English author, is dead,

NEW YORK DESPATCHES.

Buffalo, Feb. 24.—At the residence of Mrs. Fargo, Jr., yesterday, while Maggie McGow, the nurse, was kindling a fire her clothes caught fire, causing her death a few moments after. She was formerly resident in London, Ont.

Chicago, Feb. 23.—The thermometer this orning ranged from 16 to 20 degrees below It is now moderating.

York, Feb. 24.—A special from : In the considerations that induced Amadeus to abdicate, the possible declaration of a Spanish republic was never for a moment contemplated. It was a complete surprise—a veritable *coup d'etat*. Amadeus would not have abdicated had he deemed the consequence of his act in any degree probable; inasmuch as two Latin nations—France and Spain—having each a Republican Government would have an enormous influence on the third Latin nation, thus directly endangering his father's throne. Amadeus abdicated in expectation that he would be recalled by the army, whose side he has taken against the ministry. For this he remained in Portugal. The Artillery Officers are all Monarchists—all members of old families. He believed that as he cast away the throne rather than act with the Ministry, who determined to humiliate the army, they would pronounce in his favour and he would return at their head, his hands being free then from constitutional trammels, but he was completely checkmated by the turn of events. Apparently it was some suspicion of this that induced many members of the Cortes not republicans to vote with the republican party in order to overreach the royal manœuvre. Amadeus, however, seems not to have relinquished his hope for recall. The Spanish republic is a source of uneasiness at Berlin. The Emperor now regrets his false step in France, and is sorry he did not re-establish Napoleon or some other Monarch, and accept the payment of a slight indemnity rather than let things take their course. He regards the Spanish republic as the consequence of the French republic, and is uncertain where this desire for republics will stop.

Washington, Feb. 24.—In the house today, the Speaker laid before the house a message from the President reminding Congress of that portion of his annual message which recommended legislation to bring into operation the articles of the Treaty of Washington of May 8th 1871 relative to the Fisheries and other matters touching the relations of the United States with the British North American possessions, and calling attention urgently to the importance of that legislation.
