CABLE NEWS

London, Dec. 7.—The losses of the Germans in the battles before Paris have been exaggerated.

Minister Washburne's Secretary writes from Paris that according to his information the French have been beaten at all points but one, and the end is apparently near at hand. The capitulation of Paris within three weeks is looked for. There have been no cases of starvation reported, although provisions are scarce and dear. Prominent members of the provisional government are accused of swindling by means of fraudulent contracts for arms and food.

Berlin, Dec. 7.—A despatch from King William to Queen Augusta confirms the report that 10,000 prisoners, 77 cannon and 4 mitrailleuses were captured at Orleans. The King adds, "Vontiensten has carried Giby, Janvey and Prinis, by storm, and Mauteuffel has occupied Rouen after a victorious encounter. Goeben now holds the city. Eight heavy guns were found in the entrenchments.

Berlin, Dec. 7.—A telegram from the Duke of Mecklenburg Schwerin sates that the loss of Mecklenburg troops in the battles from the 2nd to the 4th was 3,200. The army lost 2,00 killed and 1,400 prisoners.

Tours, Dec. 9.—A despatch from Lemans Friday says a balloon has arrived from Paris with news from the capital to the night of the 6th. No military operations of importance had occurred since the 3rd.

Gen. Trochu has received a letter from Gen. Von Moltke announcing the defeat of the army of the Loire, and offering a safe conduct to such parties as might be deputated to verify the news. The offer was refused by the goverumen , who at once issued a proclamation to the people of Paris giving information of the proposition of Von Moltke and their reply thereto, and saying even if the statement were true they would still have the right to expect a great movement of the nation to their assistance and they would continue the combat.

Advices from reliable parties show that recent successes of Parisians were greater than had been supposed. When the balloon started firing was heard south of Paris.

The journals of Tours announce the changes in the army of the Loire, which is divided into three corps under the command of Chi, Chansey, and Billott.

London, Dec. 8.—Many Englishmen are arriving here from Havre. They report that the Germans were marching on that city, and were hourly expected to invest it.

Havre, Dec. 7.—The Prussians are advancing on this city. The French gave them battle a few miles distant. The loss was about equal on both sides.

Darmstadt, Dec. 8.—Prince Louis has sent the following from Orleans to the Grand Duke of this city. "We march onward for Tours to-day"

Berlin, Dec. 8.—The French officers prisoners of war in Germany protest against restoration of the Bonapartes.

Versailles, Dec. 7.—The Germans are vigorously pursuing the French army of the Loire.

New York Press Despatches.

New York, Dec. 10.—The *Tribune's* Washington correspondent says: There is the highest authority for stating that the English mission was formally tendered to General Schenck, and that he has accepted. The time of his departure for England is not yet been fixed, but it is believed he will sail within three weeks. His appointment will be officially promulgated in short time when his name will be sent to the Senate for confirmation.

The West Indies cable expedition has reached St. Thomas, whence a cable to Porto Rico, and thence to Jamaica, is to be laid.

Marshal MacMahon has declined to associate himself with the intrigue for the restoration of the Emperor Napoleon, and since his convalescence resolutely refused all invitations to proceed to Cassel.

While the French armies are showing themselves determined not to die without making a struggle, the French navy seems to be incapable of action. It is impossible to account for this fact when we consider if that the Germans are vulnerable anywhere, it is on the sea. The French naval forces have always been supposed to rank with those of England and the United States; and yet since the beginning of the war they have proved to be as useless as if they had been captured by the puny squadrons of their enemy. They might have inflicted a severe blow upon Germany by bombarding her seaports, but have frittered away the time in unprofitable movements, without attempting to strike a single important blow.

CANADA BRANCH:

HEAD OFFICE—96 ST. FRANCIS-XAVIER ST., MONTREAL.

THIS Company was established by a numerous and influential Proprietary in Glasgow for the transaction of Insurance business in its various departments, and has met with a measure of success greatly exceeding the utmost expectation of its original promoters.

A Branch for Fire Department of the business has been recently opened in this city, under the management of the subscriber, in conunction with a Local Board of Directors, and he Company is now prepared to accept Insurances upon almost every description of property throughout the Dominion upon the most moderate terms.

The Canadian Board of Directors feel much gratified by the amount of success that has already attended their efforts, even at the outset, and now that the organization of the Branch is completed, they hope, that by the continued assistance of their friends and the public generally, the "Scottish Imperial" will ere long attain as high a rank in this country as it now holds in the Old Country.
