NEW YORK MONEY MARKET.

New York, September 30.—The demand for money continued after bank hours, 7 per cent in gold, and even ½ per cent per day being bid. This sudden stringency in money and the sudden change within twenty-four hours, from 3 and 4 to 6 and 7 per cent, for its use, is a puzzle to the best informed dealers on the street, and the reasons attributed for this condition of the market are numerous. One surmise is that an extensive bear interest has been locked up—greenbacks—to depress stocks, and there is no doubt that the Sub-Treasury is selling gold in large quantities, thereby drawing corresponding amounts of currency from circulation. It is believed in the gold room that the sales yesterday reached $1,000,000 and $500,000 this morning, while at the close there were indications of further sales. The *Evening Express* says that the extreme rates paid are no criterion of the market, although there is no doubt that the bear clique will make an effort before the week is out to make money very dear. It says that the present state of affairs is brought about chiefly by artificial means, assisted to some extent by the treasury sales of gold and severely condemns the secret system which has been adopted of selling specie. There has been less excitement in the gold room throughout the day, although the gross clearings were $130,000,000, as against $182,000,000 at the close. There was an increased pressure to sell, believed to be in part for government account, and the prices declined to 140¾.

NEW DOMINION HOUSE,
Sept. 17. 82 KING STREET. 82

To the Electors of the County of Frontenac—

GENTLEMEN: The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County interests, and having as an old member of the County Council, and as Warden, become thoroughly conversant with your local affairs, I am, I think, in a position to be of service to you in the Legislature. Many of you too have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honour which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavour to further by seeking to have the Back Roads completed, by endeavouring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I shall endeavour to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.
