CABLE NEWS.

Liverpool, Oct. 10—Reverdy Johnson will receive the address of the corporate authorities of this city on the morning of the 22nd inst.

Naples, Oct. 10.—Another eruption of Mount Vesuvius is threatened.

London, Oct. 10.—The preliminaries of a naturalization treaty, similar to that recently concluded between North Germany and the United States, have been arranged between Lord Stanley and the American Minister.

Berlin, Oct. 10.—Reports having been received here of lawlessness and disquiet in Cuba, the merchants of the various cities in Germany have united in a request to the Government to send ships of war to that Island in order to guard the interests of German traders and others.

Madrid, Oct. 10.—The Provisional Junta has issued a circular invoking all the Spanish officials and citizens to join in preserving order, and thus proving that the revolution just accomplished means not not violence but peace and justice. The elections for the members of the Cortes have been fixed for the 15th of November. Olozoga has left Paris for this city. John P. Hale, the American Minister, has waited on Serrano and congratulated him. Gonzales Bravo's, Secretary was mobbed yesterday and badly hurt. Gen. Prim came upon the ground and made a speech to the rioters. He deplored any act of violence. He said the people could now afford to forget the wrongs of the former servants of the Crown.

Madrid, Oct. 10.—The Provisional Junta has issued a programme guaranteeing many reforms. Among them are administrative decentralization, universal suffrage, religious liberty, freedom of the press, right of public assemblage, radical changes in the system of education, right of trial by jury, and equality of all men before the Crown. Judges of Courts are to be appointed for life.

London, Oct. 10.—The leaders of the Junta at Madrid are monarchical in their preferences, but have agreed to accept a republic, if the people so pronounce at the election.

Madrid, October 10.—The United States Minister had a cordial interview with Serrano to-day, and notified him of the probable recognition by the United States after a lapse of one year.

Florence, October 10.—The Italian government has officially recognized the Juarez government in Mexico.

London, October 11.—Mr Gladstone's address to the electors of South Lancashire is praised by the Liberal organs, who contrast its frank and positive tone with the vague and negative utterances of Mr Disraeli. The Tory journals do not take up the "No Popery" cry of the Premier, but rest the claims of their party in the Parliamentary canvass on the brilliant foreign policy of the Ministry, the success of the Abyssinian war, the necessity for the defence of the Church of England from the dangers by which it is assailed, and the maintenance of the strictest economy in public expenditure. On the latter point, however, they are sturdily assailed by the Whigs, who point out the wide inconsistency which exists between the precepts and practice of the party in power.

The Chinese embassy are making progress in their arrangements for negotiations with the British Government. It is reported that Mr Burlingame finds Lord Stanley is not unfriendly to the policy proposed by China, and that he is ready to treat the question on the broad grounds of civilization rather than from the purely English point of view urged by the London *Times*. It is understood that the ambassadors will be received by Queen Victoria on the 20th of October, after which they will make a visit to Paris.

Paris, Oct. 11.—The reference to Schleswig made by the King of Denmark in his speech at the opening of the Rigsdag induces semi-official journals here to declare that France is pledged to the treaty of Prague, and that Prussia must not depart from the obligations of that compact. Fears of an European War have abated. The *Presse*, however, says the armories of France were never busier than at present.

Madrid, Oct. 11.—The local Junta at Seville, the request of the United States Consul, granted permission to foreign residents to build a Protestant Church within the walls of the city. Don Rivero has been appointed Mayor of Madrid. All the provinces have formally recognized the authority of the central Provisional Junta now in session in this city.

New York Press Despatches.

Havana, October 10.—Though the people have been informed of the progress of events in Spain, there have been no political manifestations; everything is quiet.

Philadelphia, Oct. 10.—The International cricket match was resumed this morning. The weather is delightful. The English Eleven finished the second innings for only 69 runs, leaving the United States' Twenty-two to make 131 to be a tie. At 2 o'clock they had lost 12 wickets for only 20 runs.

New York, October 11.—South American advices to September 10th have been received. Earthquakes had continued on the southern coast of Peru, but they had caused no further damage. Six thousand houses were destroyed by the previous shocks in Arequipa, which would cost forty millions to rebuild. Provisions have been received all along the coast. The sufferers were abundantly supplied. At Iquique 167,000 quintals of saltpetre were washed away by the sea. The yellow fever had appeared in Peru.

Not one of the papers in India expresses anything but disgust at the appointment of Earl Mayo as Viceroy of India.

Two thousand books were written about the short European war of 1866. Pamphlets were probably included in the count.

Apple speculators are active in the State of New York, buying by the load and paying as high as $5 per barrel for choice varieties.

A Philadelphia paper says: The great republic owes a debt which is at least one-third of all the property in the country, while the debt of Great Britain is less than one-tenth of its means of paying.

Four hundred lost children were restored to their parents by the police of San Francisco during the year ending June 30, 1868.

The *Prototype* says the first snow of the season made its appearance in the neighbourhood of London on Thursday morning. It did not amount to much.

Arthur Georgey, General-in-Chief and Dictator during the last days of the Hungarian revolution, has accepted the superintendence of a manufacture of bricks and tiles near Buda-Pesth.

As the cars were leaving the Windsor (Vt.) railroad station one evening last week, a gentleman on the train incautiously put his head out of a window, when his new hat was suddenly snatched by a thief outside, who instantly disappeared.

A telegram has been received by Mr McKeown from the English cricketers at Philadelphia, stating that it will be out of their power to arrange a match at Hamilton this season.

The National anthem was hissed last Thursday night in the Music Hall by some few ruffians in the gallery. Mr Cool Burgess, of the Minstrel troupe, said it was the first demonstration of the same kind he ever witnessed in Canada.

The members of the Orthodox Eastern or Greek Church in California, who number about 1,000, are about to erect a church building in San Francisco. Considerable funds have been raised in the interior of the State, to which additions will be solicited in San Francisco, and it is stated that the Czar of Russia will also contribute sufficient for the construction of an edifice which will prove an ornament to the city. A missionary has been sent by the Bishop of Sitka to officiate.

The author of the picturesque epithet, carpet-bagger, is said to have been Captain Parr, a delegate from Nansemond to the recent constitutional convention in Virginia. His phrase is already established among the resources of the language, and is likely to become permanent. One consequence which it has produced is, that carpet-bags can no longer be sold in the South, to anybody, and merchants with a stock of that article on hand are in an uncomfortable predicament. Nothing short of a trunk will now serve the purpose of any travelling Southerner.

No bill was found by the jury in a prosecution against R. W. Kelly of the *Central Canadian*, for libel.

Mr. John Sides, a respectable farmer, residing on the 6th Concession of Pickering, committed suicide by hanging himself on Monday last.

Hon. Charles Fisher, M.P., is gazetted Judge of the Supreme Court of New Brunswick. Attorney-General Wetmore was an applicant for the office. The writ is not yet issued for the election in York to fill Mr Fisher's place.

The advent of the Montreal and Kingston buyers has largely advanced the price of fruit in the Niagara district. The *Times* says good apples are now worth $2 per barrel on the trees. This is about 75 cents per barrel above the average price paid in former years, and is attributable to the partial failure of the crop, while the demand is constantly increasing. Surely, no more substantial argument can be adduced in favour of fruit culture than the wholesale price of $2 per barrel for apples.

THE ATTEMPT TO UPSET A TRAIN.—The investigation into this matter is still proceeding. Numerous witnesses have been examined, and several others have been subpœnaed. Among those already examined are Denis Doody, the two Slatterys, father and son, who live near the culvert in which the posts and ties were placed, the Gareaus and others, and every exertion is being made to trace out and discover the guilty parties. Mr O'Farrell of Quebec has, we understand, been subpœnaed to attend, and will probably appear on Monday. This attempt is the third or fourth which has been made to upset a train in the same neighbourhood, several of the witnesses having testified to the fact. It is believed that robbery was the object of these attempts.—*Montreal Herald.*

To the Electors of the County of Frontenac—

GENTLEMEN: The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County interests, and having as an old member of the County Council, and as Warden, become thoroughly conversant with your local affairs, I am, I think, in a position to be of service to you in the Legislature. Many of you too have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honour which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavour to further by seeking to have the Back Roads completed, by endeavouring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I shall endeavour to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.
