CABLE NEWS.

Madrid, Oct. 20.—The re-organization of the nation is proceeding rapidly. Governors, civil and military, have been appointed in all the Provinces. The Democrats have assembled in different parts of the country and declared for a federal republic. All males who have reached the age of 20 years will be allowed to vote.

London, Oct. 20.—It is reported to-day that the international differences pending between the United States and England, relative to the Alabama claims, will be referred to the Emperor of Russia for arbitration.

London, evening, Oct. 20.—The *Times* has an editorial to-day on the rumoured withdrawal of the Democratic candidates for the Presidency. The *Times* says the Democrats will doubtless think it best to fight the battle to the end, and lose, if it must be, with Governor Seymour at their head, rather than at so late an hour take Mr Chase for their leader, although the power will be thrown into the hands of the Radicals. General Grant is likely to act with more discrimination than the majority of the party. He has evinced kindly feelings for the Southern people; and if the Radical policy is to be pressed at the South, it could not be executed under more favourable conditions than with General Grant at the head of the Executive.

Madrid, Oct. 20.—The Moderate and Clerical parties are forming a coalition, and will vote for the candidates in the elections for the constitutional Cortes.

Paris, October 20.—It is denied that the Emperor favours the elevation of a Spanish prince to the throne of Spain.

London, October 20.—The despatch of Secretary Seward, instructing Minister Hale to recognize the Provisional Government, is published in Spanish and French journals.

Madrid, October 20.—The Central Provisional Junta has issued a circular to the diplomatic representatives of Spain at foreign courts. It explains the origin and progress of the revolution, and advocates the sovereignty of the people, and religious freedom. The future form of the Government is not announced, but the circular says if the example of the United States is not followed the friends of freedom need feel no discouragement. No foreign intervention is apprehended. The provisional government seeks to place Spain on a level with the most advanced powers, and hopes that the friendly relations of foreign governments with Spain while under the late oppressive regime will be continued.

London, Oct. 20.—The chief race at the Newmarket Houghton meeting to-day was for the Cambridgeshire stake, handicap of 50 sovereigns, one mile and 240 yards: 24 horses started; Lord Melton's brown colt See-Saw won the race, beating Sir S. Howley's bay colt Blue Gown 2nd, Mr Johnson's bay colt Mercury 3rd. Time 2 minutes 15 seconds. The Sweepstakes of 200 sovereigns for two year olds was a walk over by the Duke of Newcastle's Prince Imperial.

Paris, Oct. 20.—The appointment of M Gauldrie Boileau, Consul-General of France at New York, as minister to Peru, and the transfer of the Viscount Trailhard, now Minister at Bogota, to Sanelago, Chili, are officially announced. The French Consulates at Yenia and Santiago are abolished.

Vienna, Oct. 20.—Count Von Tosfe has introduced in the Reichsrath a Bill for the re-organization of the army and navy, limiting the number of soldiers and sailors to 800,000.

Liverpool, Oct. 20.—The address which the Liverpool Chamber of Commerce has voted to present to the Hon. Reverdy Johnson, congratulates him on the peace and harmony which exist between Great Britain and the United States, and urges the necessity for the practical adoption of the principles of free trade in America; declaring that such a change would give a great impetus to American commerce and show that the resources of the United States are even greater in peace than in war.

FINANCIAL AND COMMERCIAL.

London, October 21, p.m.—Consols 94¾ for money and account; Bonds quiet and steady; stocks easier; Erie 31¼; Illinois Central 96¼; Atlantic and Great Western 39¼.

Liverpool, October 21, p.m.—Cotton steady. Bacon market fair. Tallow 52s. Petroleum quiet and steady.

New York Press Despatches.

San Francisco, Oct. 19.—Coal has been discovered on the line of the Central Pacific Railroad in Nevada.

Havana, Oct. 20.—Advices from Port-au-Prince announce the bombardment of Jeremie on the 6th. Notice had been given the foreign Consuls to leave the town within six days, but they refused to heed this notice, and remained. President Salnave demanded the surrender of the place, or he would burn it.

New York, Oct. 20.—The International base ball match between nine All England cricketers and the Union nine of Morrisania, was played this afternoon on the St. George cricket ground. The Unions beat the cricketers by 38 to 21. The cricketers accepted no odds. About 2,000 persons present.

New York, Oct. 20.—Rio Janeiro dates of September 23rd are received. The Brazilian army entered the Petiquary on the 1st inst.—the Paraguayan forces having abandoned the works, leaving one cannon and considerable ammunition and food. The battery on the Paraguay river had been dismantled, the cannon having been thrown into the river. Lopez is said to have gone to Serro Leone, a strongly fortified place below Ascension, destroying the railway. The allies were *en route* from Petiquary for Villeta, gunboats accompanying them on the river. Lopez is said to have about 20,000 men, and being in the interior the allies' operations will be at a disadvantage, they having lost some 900 oxen in transporting supplies to Petiquary. The Brazilian squadron had gone to Ascension, and two monitors had gone to Matto Grosso, the latter place being abandoned by the Paraguayans.

New York, Oct. 21.—Advices from Rio Janeiro state that Lopez is committing the grossest outrages since the discovery of a conspiracy in his camp. A large number of the principal men of Ascension, whom he believed to be involved in the plot against him, were summarily executed. Several foreigners who took refuge from his fury in the United States legation were dragged out. Among them was the Portuguese Consul. His two brothers and all married sisters have been imprisoned by him, and it is supposed murdered or immured alive in his numerous dungeons.

Springfield (Mass.), Oct. 21.—All indications are favourable for the international boat race which comes off at this city to-day between the Ward brothers and the St. John's crew. The betting seems to favour the Wards.

New York, Oct. 21.—The steamships Allemania and Russia have arrived.

The *World* this morning is greatly gratified at the announcement of Mr Seymour taking the stump, and says that after he speaks in Buffalo on Thursday evening he will proceed at once to Pennsylvania and make several speeches in that state.

New York, Oct. 21.—Two addresses are published this morning—one of the Democratic National Committee to the Conservative voters of the United States, and the other of the State Committee of New York. Both make strong appeals to the Democracy to arouse to action.

The *Tribune's* special says late despatches to the Government from the West contain favourable reports in regard to the Indian troubles: it is believed that if Congress takes prompt action on the recommendation of the Peace Commissioners respecting annuities, that there will be little cause for further complaint.
