CABLE NEWS.

London, Oct. 28.—It is fully confirmed that Prussia, Italy, Portugal, France and Great Britain, have renewed their relations with the new government of Spain.

Paris, Oct. 28.—The *Constitutionnel* says the reorganization of the National Guard is rapidly progressing in the departments, where the measure is received with great favour by the people.

London, Oct. 28.—Despatches from Bombay report that additional successes have been gained by the British troops in the North Western Provinces.

London, Oct. 28.—The Dowager Duchess of Sutherland is dead.

The reports that Great Britain, France and Italy have renewed diplomatic relations with Spain, under the revolutionary Government, are confirmed. It is authoritatively announced that Prussia and Portugal have also recognized the new Government, and that the Papal Nuncio at Madrid has put himself in communication with the Spanish Minister of Foreign Affairs.

The Right Rev. Charles T. Longley, D.D., Archbishop of Canterbury, died to-day, aged 74.

Madrid, Oct. 28.—The Progresista Clubs of this city have formed a union for political purposes. At a recent meeting of the united clubs, Senor Olozaga informed them that Queen Isabella would abdicate in favour of Don Carlos. The elections for members of the Constituent Cortes will take place on the 29th of November. Senor Rivain, Colonial Minister, has issued a circular, announcing that the Colonies will be placed on the same electoral basis as the rest of Spain.

New York Press Despatches.

New York, Oct. 28.—The *Post's* special says:—The post office statement for the fiscal year ending June 30, 1868, shows an alarming condition of affairs under the management of Randall. The deficiency of receipts amounts to upwards of $6,400,000, as compared with the expenditures, and yet the receipts amount to $15,400,000, or $200,000 more than last year.

Omaha, Neb, Oct. 28.—The Union Pacific R. R. Co. laid seven and-a-half miles of track yesterday, passing the advanced stakes of the Central Pacific R. R. Co.

Memphis, Tennessee, Oct. 28.—A letter is published from General Forrest, in which he denounces General Judson Kilpatrick in unmeasured terms, and refers him to General Basil Duke of Louisville, who will receive any communication which General Kilpatrick may deem proper to send. The letter refers to remarks made by General Kilpatrick.

Montpelier, Vermont, Oct. 29.—Hon Andrew Tracey of Woodstock, a prominent member of the bar, died yesterday.

Washington, Oct. 29—The cable despatch purporting to give the basis of the proposed settlement of the Alabama claims with England is regarded as mere speculation. The President has received no intimation of any such arrangement agreed to by Mr Reverdy Johnson, and while he does not state positively that the cable despatch may not be true in regard to a mixed commission to adjust the claims, he doubts its truth for the reason that had anything of the kind occurred, he would have been advised of it before it could have reached the ears of the news gatherers of England. He believes that Minister Johnson would have promptly informed Secretary Seward of any important progress in the negotiations, and that therefore it is not at all likely that he has agreed to the terms outlined in the late cable dispatch. Whether the President favours the idea of a mixed commission or not, is a point on which his excellency maintains a rigid reserve. Besides, these reasons given for discreting the cable despatch are strengthened by private letters received here from Minister Johnson, in which not a word is found about any such proposal. The views expressed privately by Mr Johnson before his departure from this country would likewise seem to be inconsistent with the idea of his agreeing to a commission of any kind for the settlement of our claims. In a recent letter he shows some disappointment at the tardy manner in which the negotiations were being conducted, but nevertheless speaks hopefully of a successful issue.

THE DISTURBANCES IN LOUISIANA.

New Orleans, La., Oct. 27—The officer on Gen Rousseau's staff who was sent to St. Bernard parish yesterday reports that the bodies of the Spanish baker and his son who were murdered on Sunday night were burned in the house. The women and children were saved. At a late hour last night a white man was killed in the First District of this city, and another in the Second. The latter belonged to a Club composed of Spaniards, Portuguese, Italians and French, who were much exasperated, and between whom and the negroes several fights have occurred today, which resulted in the death and wounding of several of both colours. The Metropolitan Police are almost demoralized, and troops have been stationed throughout the city to prevent any serious conflict.

Gov. Warmoth has issued a proclamation requesting an abstinence by both parties from further public processions or demonstrations until after the election. The negro police have failed for two days to report for duty. Every one of them has been discharged, and about one hundred whites appointed in their places. Many of them were old members of the force. Some discharged United States soldiers and about two hundred citizens will be sworn in as special officers, and placed on duty in the streets until the force is complete. Major Conway proposes that in case the authority be given by the Council, to appoint Gen. Steedman temporary Chief of Police.

A pleasant incident happened at the late agricultural fair at Milfort, Mass. A little boy about eight years old, son of Mr Eli Bates, exhibited a pair of black calves, twins, not over five months old, which were perfectly broken to draw a little cart which was made for them. The little fellow, while exhibiting his team, was made the recipient of "scrip" to the amount of several dollars, by gentlemen who witnessed his exhibition. They nearly filled his hat with currency, whereat he was so overcome with joy that he cried, laughed, tried to talk, broke down, and finally ran away.

A man and his wife, who live in a tenement in Springfield, Mass., have not spoken to each other for several years—and they ain't dumb, either. No Candle lectures for him! It is merely a little matter of spunk, to see who will hold out longest. When the man wants to say anything to his wife, he addresses his remarks to their little son, who also acts as the medium through which the wife communicates with her husband.

The Chicago schooner Traveller, of 600 tons burden, was wrecked about two miles south of Calumet on Thursday morning. The vessel was thrown on the beach dismasted, with not a soul on board of her. It is supposed that three passengers and the entire crew were drowned.

The barques L. H. Cott and Wirralite have been loading with oil at Cleveland, direct for Liverpool. They will each put on board 2,000 barrels; the cargo of the former will be petroleum spirits, and of the latter petroleum oil. When these cargoes are completed, about 275,000 gallons of oil will have been shipped from Cleveland to Europe during the season.

The Government steamer *Napoleon III.* arrived at Quebec on Sunday afternoon, the 25th instant, at three o'clock, from Belle Isle, and the lighthouses in the Lower St. Lawrence, which she had been supplying with the usual stores for the winter, having been absent thirty-three days. During the voyage she met with continued westerly winds and heavy weather, which detained her eleven days within sight of Belle Isle, unable to land the supplies for the lighthouse at that island. She had on board Mr Gregory, the acting-manager of the Provincial steamers at Quebec, who was proceeding to Blanc Sablon, and other parts of the Labrador coast, where the inhabitants were suffering for the want of food, for the purpose of distributing provisions, which had been provided by the Government of Quebec, and of reporting as to the distress existing on that coast. Mr Gregory reports that the supplies which were so kindly furnished by the Government of Quebec for these poor people in that locality were ample to meet their wants, and would be the means of preventing much suffering during the approaching winter.

The Constance, which is about to leave with troops for England, will not convey the 100th regiment; but the 16th.

New Brunswick is to have a public thanksgiving day, for the abundant harvest, on the 12th of November.

Havana, Oct. 27.—Captain-General Lersundi to-day received a telegram stating that a battle had been fought on the Contramaistre river between the regular troops and the insurgents. The latter were defeated, losing many horses and three prisoners. The insurgents carried away their killed and wounded.

At Wabashaw, Minnesota, on Saturday night, three men entered the American Express and Northern Packet Company's office and asked a ticket to St. Louis. While the agent was getting change, one of them stepped behind the railing, clapped a plaster over his mouth and bound him, while an accomplice ransacked the safe of the money, to the amount of $2,000. They then escaped, locking the agent in.

The Western Union Companies' propeller Tonawanda while off Long Point on Thursday was run into by an unknown sailing vessel which made a tremendous hole in her bow.

The Niagara Falls *Gazette* understands "that Hon. John T. Bush, proprietor of the Clifton House and largely interested in the new suspension bridge, contemplates the erection of a new hotel of large dimensions adjoining the Clifton."

The other day the following advertisement appeared in a French journal:—"To be let, an apartment having a prospect into a superb garden ornamented with numerous works of sculpture." A gentleman proceeded to the address given, and to his horror found that the garden ornamented with sculptures was the Cemetery of Mount Parnasse.

The Japanese officials have adopted a very effective method of silencing all opposition to a recent large issue of paper money in that country. They cut off the heads of those who utter any complaints about the currency, and this quiets the grumbling of the party thus treated, and throws a wholesome awe and respect for the Government and its currency over his friends and associates.

The *Courrier du Canada* says that Protestants and Liberals calumniate Spain in representing it as a country plunged in ignorance, and enumerates its educational institutions, consisting of 10 universities, 11 fine-art schools, 1 musical, 2 manufacturing, 5 commercial, 17 naval schools, and 1 for diplomacy; also, 77 normal, and 2,700 elementary schools, and numerous large public libraries.

THE FRENCH PRESS.—A writer in the *Courrier de St. Hyacinthe*, honoured with leaded type, thus discusses the agricultural question:—Wherefore have we for three years had bad harvests asked one farmer of another. I have manured my land well; but I have not got back the seed, and as to hay we need not talk of it. It is doubtless, replied the other, because the good God is angry with us. We share in this opinion. It is God, says the gospel, which gives food to the birds of the air. Some years ago the holy virgin appeared on the mountain of la Salette. "Announce," said she to my people, "that unless they are converted great misfortunes will happen. I can no longer restrain the arm of my son. If they continue to swear, and get drunk, the potatoes will rot, the wheat shrivel up, and the vines will be attacked by insects. Tell them that." This really happened. Science vainly seeks for the cause; and men of faith cannot fail to recognize in it the power of God. If we reflect we may also see in what is happening to ourselves the just chastisement which God inflicts on us because he loves us. What is the sin which causes his anger? It is the luxury which is invading all classes of society. There is no folly that we will not commit in the way of clothes and furniture. The young girl can never have fine enough dresses, nor the young man be contented without a horse and carriage. The poor father bleeds everywhere, and when he has spent his money he must borrow at high interest and sell his land. Besides adds this writer—dressed like divinities we forget that we are sinners, and luxury closes our hearts and exhausts the resources which belong to the poor, exposes us to be robbed, and is the grave of sound morals. Can we be astonished, that God is in wrath against us.
