THURSDAY EVENING, DEC. 10.

BY TELEGRAPH.

CABLE NEWS.

London, Dec 9.—The following cabinet appointments are officially announced: The Hon. G. J. Goschen, President of the Poor Law Board; Right Hon. Marquis of Hartington, Postmaster General; Mr Austen Henry Layard, President of the Board of Trade. Right Hon. Henry A. Bruce has accepted the appointment of Secretary of State of the Home Department.

The *Daily Telegraph* says Mr Gladstone's Budget is ready to consider any proposals made by the United States in the Alabama claims. The *Telegraph* adds, the competency of Lord Clarendon to carry out negotiations is undoubted. The concessions which were made by Lord Stanley are an earnest of the spirit animating the English statesmen in dealing with this question. What can be honourably gained will be. The Americans can accept no less, and demand no more.

Madrid, Dec. 9.—Gen De Rode has been appointed to the chief command of the forces in the department of Andalusia. Malinua has been made Capt. Gen. of Cuba.

Liverpool, Dec. 9.—The ship John Dunlap, from St. John, N. B., for Liverpool, stranded in the middle of the Atlantic, and was lost. The captain, his wife and nine of the crew, were drowned.

Paris, Dec. 9.—The editor and publisher of the *Revue Politique* have been fined 1,000 francs each, for publishing and encouraging subscriptions for the Baudin monument. The printer employed in the office of the named paper was fined 500 francs.

Madrid, Dec. 9.—The *Gazette* of this city contains the report of the suppression of armed Republican demonstrations at Cadiz a few days ago was premature. At last accounts the insurgents were still in arms, and were attempting to make terms with the Government troops under a flag of truce.

Vienna, Dec. 9.—The Emperor Francis Joseph has issued a manifesto, addressed to the army, in which he says:—"The country is at peace and we must maintain it. I am satisfied with the laws recently adopted for the reorganization of the army throughout the empire. Austria and Hungary are equally interested in the grandeur and unity of the empire. It is my wish that army, navy and landwehr may ever remain truly united.

Pesth, Dec. 9.—The Hungarian Parliament closed its session to-day.

Madrid, Dec. 8.—M. Monge has been appointed Commandant at Havana.

Communication with Cadiz is interrupted, it is said many families are about to leave. The insurgents demand an armistice, which will probably be granted, and they will be allowed to vacate the city. The Hospitaville and many adjoining houses are held by the insurgents.

Liverpool, Dec. 9.—The following additional particulars of the loss of the steamship Virginia have been received:—The principal cause of the disaster was the breaking of the screw shaft inside the screw pipes. The stern got loose and damaged the stern post and pipe, causing a fearful leak, through which a large volume of water rushed into the hold. Every attempt was made to save the ship, but a strong gale prevailed at the time with a heavy sea, and it was found impossible to stop the leak. The vessel was finally settling, when the boats were lowered and the passengers and crew all embarked. Excellent order was maintained by the officers, who kept the crew under complete control and prevented all panic among the passengers.

Berlin, Dec. 9.—Count Bismarck, in the Prussian House of Deputies to-day, assented to the proposal to carry the expenses of the foreign affairs of North Germany to the year after 1870. In answer to a proposition that Prussia should follow the liberal people of Austria, he asserted that the Prussian people had enjoyed all the liberties now inaugurated by Austria for over thirty years

New York, Dec. 10.—The *Herald's* Madrid letter says news from Cadiz up to a late hour last night has reached here. The insurgents in that city still occupied the Hotel de Ville and surrounding houses, and had erected barricades. The Government troops occupied the Custom House and buildings in the neighbourhood up to the city gate. All the foreign consuls have taken refuge in the Custom House. The civil governor of Cadiz fled to San Fernando. The insurgents forced into their ranks all able-bodied men. The prison convicts and former rural guards have joined the insurgents. Telegrams from San Fernando say the movement is reactionary, and carried on in the name and with the elements of Republicanism. The insurgents seem to be well supplied with money. The civil governor of Orense telegraphs that the Republicans are intended to attempt to release and arm the convicts, but precautions were taken which prevented the plot from being carried out.

Liverpool, Dec. 10.—One of the missing boats from the Hibernia has arrived on the coast of Ireland.

The "feature" at a late Western wedding was a bride's cake six feet high.

A New York paper says: "The new tartan plaid suits on Broadway are charming. There is a good deal of the Helen McGregor attitude of defiance about a fair promenader now when she flings back across her shoulder the folds of a plaid cloak and peers at you from beneath the dainty little hat which is perched on her nose."

Russia, wishing to keep the people contented and happy, has determined to erect ten theatres in the workmen's quarters of St. Petersburg. It is thought that they will prove a good commercial speculation in the end.

Some time ago Mr C. H. McCormick, the inventor of the reaper that bears his name, gave $100,000 to endow the Old School Presbyterian Theological Seminary at Chicago, to be paid in annual sums of $25,000. He has made three payments, amounting to $75,000, but declines to pay the remaining $25,000, on the pretext that "the concern has been run less as a theological seminary than as a manufactory of political preachers of the Jacobin persuasion."

New York, Dec. 9—Commodore H. Stephens and Vice Commodore James G. Bennett, of the New York Yacht Club, have both accepted the challenge given by Mr Astbury, of London, to sail the schooner yacht Cambria, the former with his yacht Phantom, and the latter with his yacht Dauntless.
