FRIDAY EVENING, DEC. 11.

CABLE NEWS.

London, Dec. 10.—The members of the new Ministry had an audience with the Queen yesterday and formally accepted their appointments. The following appointments of the new Government are officially announced:—Wm. E. Forster, Vice President of Education; James Stansfeld, jr., Lord S. Ayrton, and Geo. Grenfell Glyn, Lords of the Treasury; M. E. Grant Duff, Under Secretary for India; Right Hon. William Monsell, Under Secretary for the Colonial Department; Edward H. Knatchbull-Hugessen, Under Secretary for Home Department; John Arthur Otway, Under Secretary for Foreign Department.

London, Dec. 10, evening.—The new Parliament of the United Kingdom was opened this afternoon by Royal commission. The usual speech from the throne was omitted. The house of Commons re-elected Right Hon. John Evelyn Denison, Speaker.

London, Dec. 10.—The *Times* this morning has a long editorial on the Message of President Johnson. Alluding to the Alabama negotiations, it says the English Government has shown every desire to make an arrangement, and it is difficult to believe that the President's Cabinet, or a hostile majority in Congress will throw away a settlement arrived at after long and laborious negotiation.

London, Dec. 10.—A telegram has just reached here announcing the arrival off Malin Head, Ireland, of one of the missing boats from the lost steamer Hibernia. This boat contained the second officer of the Hibernia and two other persons—twenty-three in all, all told, embarked, but twenty-five were drowned by the capsizing of the boat.

Madrid, Dec. 10.—The insurgents in Cadiz have demanded terms of capitulation, which it is understood Government is disposed to grant.

London, Dec. 10.—A Constantinople dispatch, just received, says the Sultan has given his ultimatum to the Grecian Government at Athens, requiring an answer in five days. The Governments of France and England sustain the demand.

Pesth, Dec. 10.—The Session of the Hungarian Diet was closed with a speech from the Throne. The Emperor Francis Joseph, speaking of Hungary, eulogized the labours of the Parliament as tending to establish harmony in all parts of the monarchy. The Army Bill, he declared, was a plague for the integrity of the Kingdom and for continuance of peace. He concluded with the hope that the most cordial feeling with Prussia would be maintained.

Paris, Dec. 10.—It is reported that the Emperor, on his return from Compeigne, will accord an audience to Senor Olozaga, who will formally recognize him as an accredited Ambassador of Spain to France. The *Patrie* thinks the Message of President Johnson, in view of the approaching close of his administration, is unimportant, and the only point calling for attention is the recommendation respecting direct election.

Madrid, Dec. 10.—An armistice of two days has been agreed to with the insurgents of Cadiz, for the burial of the, dead and to allow women and children to leave the city. As its conclusion, a combined attack will be made by the troops and fleet upon that quarter of the city occupied by the rebels. The latter have set free and armed 700 convicts from the prisons and the galleys. It is estimated that the rebels in Cadiz number 3,000 fighting men.

New York, Dec. 11.—The *Herald's* Madrid special says the insurrection has assumed a more alarming character than it was first reported. Telegrams from Cadiz announce the surrender of insurgents are erroneous. On the first day of the revolt the insurrectionists succeeded in taking some pieces of artillery, and have occupied an important position. General Caballero de Roda, at the head of a considerable military force, is preparing for a vigourous assault on Cadiz. The National Guards are employed to keep order and protect property in Madrid. As for Cadiz is only a town in revolt. A rising is expected momentarily in Catalonia. Arms and munitions of war have been landed in Cadiz, and it is said that the city in revolt are well supplied with them. They have also plenty of money, and are determined to fight to the last. Many rich families are leaving Spain for the present. The Government is much embarrassed, owing to the unsettled state of the country and the impoverished condition of the finances.

The *Herald's* special from Crete says the Turks have captured a strong position in Sfakia, where the insurgents had erected blockhouses. They have also seized a quantity of provisions and war material intended for the Cretans, and have taken possession of the two landings on the shore of the island nearest to Greece. It is reported that in consequence of those advantages gained by the Turks, the insurrection is dying out.

New York, Dec. 11.—The steamship Cuba has arrived.

Gold, at 3 p.m., was 35¼.

Queenstown, Dec. 11.—The steamship Russia has arrived.

New York Press Despatches.

San Francisco, Dec. 10.—Persons from Salt Lake city report that the grading of the Central Pacific Railroad has been completed 110 miles west of that place, and the remaining 80 miles to the end of the track will be graded in three weeks. No interruption to laying the track has occurred thus far, and none is expected during the winter until the road reaches the Wassach mountains, east of Salt Lake.

New York, Dec. 10.—The Erie Railroad Company has leased the Atlantic and Great Western Road for a term of twelve years, upon condition of the Erie Company paying 30 per cent of the gross earnings of the leased road, or a minimum of eighteen millions yearly in the event of the 30 per cent of earnings falling below that amount. The Erie Company engage to keep the track, stations, and rolling stock of the Atlantic and Great Western road in repair, and gives to that company the option of renewing the lease at its expiration. The arrangement will give the Atlantic and Great Western Company an amount more than sufficient to cover the interest or its bonds due under the recent arrangements with the bondholders.
