The Daily News

TUESDAY EVENING, DEC. 29.

SEE LAST PAGE.

BY TELEGRAPH.

CABLE NEWS.

London, Dec. 28.—The following despatch dated Constantinople, December 26, has been received:—

"The Turkish commander Keamet has arrived before Syra."

London, Dec. 28.—The *Star* this morning learns and the *Standard* approves the action of the British authorities at Syra.

Richard Mayne, head of the metropolitan police force, who made himself notorious not long since by breaking up Sunday meetings in Hyde Park, died yesterday.

London, Dec. 28.—A letter from Montevideo says that President Lopez, of Paraguay, is prepared to accord full satisfaction to the United States for the wrongs suffered by American citizens. It is also stated that he was about to leave Villeta for Asuncion. The allies were surprised in an ambush on Asuncion, and lost one hundred men.

Paris, Dec. 28.—The *Independance* says that the prospects of the conference are reassuring.

London, Dec. 28.—A despatch from Athens, dated last Thursday, says that the prime minister of Greece has officially declared that the government is ready to make any sacrifice for the maintenance of rights and independence.

Send, via London, Dec. 28.—The Government is taking measures to reduce the debt for the ensuing year.

Garibaldi, the well-known republican says the republic has been morally established already in Spain, as the republicans carried all the great cities in the country except Madrid in the late election.

London, Dec. 28.—The *Times* and the dailies of this city have editorials this morning on the subject of the proposed conference to settle the question at issue between Turkey and Greece. Both journals regard the project as useless.

Athens, Dec. 28.—The Greeians are fleeing from Turkey on account of the threatened war. Several families of the fugitives have been received by the people of the province of Roumania. They have learned, however, that they must preserve absolute neutrality in case of war in consequence of expulsion.

Paris, Dec. 28.—The *Constitutionnel*, one of the, a semi-official imperialist organ, publishes a telegram from Vienna to-day stating that the Sublime Porte will decline to adhere to the proposed conference on the terms of his proposed ultimatum to Greece in the matter of Crete or the interpretations are mooted.

Paris, Dec. 28—The French Chambers will assemble on the 8th of January.

Berlin, Dec. 28.—The Prussian Government received on Christmas day an invitation from the Emperor Napoleon to the proposed conference.

New York, Dec. 29.—The *Herald's* London special says:—Despatches from Berlin state that the chief points to be treated by the Conference of the Great Powers are the autonomy of Crete, the suspension of hostilic measures mentioned in the ultimatum and an agreement to support the rights and demands of Turkey. It is confidently expected in Constantinople that the Turkish government objects to the Conference.

Liverpool, Dec. 29.—The steamship Peruvian arrived to-day.

Queenstown, Dec. 29.—The steamers City of Paris, and Atlanta, from New York, arrived.

FINANCIAL AND COMMERCIAL.

Liverpool, Dec. 29, 11 a.m.—Flour 26s to 28s. Red wheat 9s 10d to 9s 11d; White 9s 10d; Corn 38s 6d; Barley 5s; Oats 2s 8d; Pork 87s 6d; Lard 66s 6d.

Liverpool, Dec 29, 2 p.m.—Manchester firmer. Cotton firm; Uplands 10½d; Orleans 11d. Wheat firmer but not higher. Corn firmer but not lower.

London, Dec. 29, 1 p.m—Consols 92½ for money and account; Bonds 74¼; Stocks Erie 26½; Illinois Central 95½; Atlantic & Great Western 42¼.

New York Press Despatches.

New York, Dec. 29.—Before the Lyceum of natural history in this city last evening an announcement was made of the discovery of metallic hydrogen by Professor Chandler of London. The discovery was declared one of the most important of the century.

The Fisheries Commission appointed by the Eastern Atlantic States commenced its sittings to-day.

The *Herald's* special denies the rumours that General Grant and President Johnson are about to place themselves again on a footing. The report of General Grant's hostility to the issuance of bonds for the Pacific Railroad is equally unfounded.

The *Herald's* special says it is well known by Grant's friends that he is and has been all times in favour of removing from office every Democrat whom he finds in office, and talking to his friends he speaks of Copperheads and rebels and never hides his dislike for them.

JOSEPH HALL

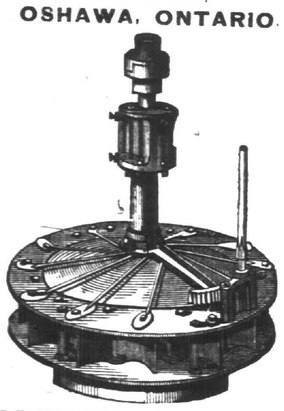
MACHINE WORKS,

ESTABLISHED 1851.

JOSEPH HALL MANUFACTURING Co.,

PROPRIETORS,

OSHAWA, ONTARIO.



MANUFACTURE Leffel's celebrated American DOUBLE TURBINE WATER WHEELS, *the most perfect and economical water wheel in use.*

We are the only manufacturers who can furnish the genuine "Leffel Wheel" in Canada, as will be seen by the following certificate:

Springfield, Ohio, Dec. 25th, 1868.

We take pleasure in informing the public of Canada that we have sold and furnished Mr F. W. GLEN, of Oshawa, Ontario, Patterns, Formers, Drawings, Gauges, and all other necessary information, to build our celebrated Double Turbine Water Wheel, invented by James Leffel, and known as the "Leffel Wheel." We have also obligated ourselves to furnish the same facilities for manufacturing to no other parties in Canada. Without the information we have given Mr Glen, no one can successfully build our Wheels, and we advise parties in Canada to purchase our Wheels of no other manufacturer. Mr Glen's facilities are unsurpassed, and we feel sure that he will build a Wheel that will give perfect satisfaction. We therefore commend him to the public of Canada with entire confidence, feeling sure he will manufacture a wheel in all respects equal to our own

(Signed) JAMES LEFFEL & Co.

WARRANTY.

Our wheels are warranted to work to entire satisfaction, if properly put up, run, and taken care of—and then if they do not perform to the entire satisfaction of the purchaser, after running them 60 days, they may return the wheels to us, and we will pay freight, both ways, and refund all payments made to us thereon. This guarantee will be strictly adhered to.

We call especial attention to our superior Gearing of all kinds for attaching our wheels, made light, and adapted to the high speed at which the wheels run. We caution purchasers against using heavy shafting and gearing.

☞ We also manufacture all kinds of Saw and Flour Mill Machinery, including Steam Engines and Boilers, English and American Gangs, Hand-setting and Self-setting Circular Saw-Rigs, Upright and Oscillating Mulay Saw-Rigs, Gearing, Shafting, Pullies and Hangers, &c. &c. Also, Shingle Machines and Jointers, Leather-Splitting Machines, Knife-Grinders, Woolen Machinery, Washington Hand Printing Presses, Gordon's Power Press, Taylor's Cylinder Press, and Blake's Patent Steam Pump.

Catalogues containing full information furnished free to all applicants. Address—

F. W. GLEN, President,
OSHAWA, ONT.

PICTURES in the above style are very generally admired for their truthfulness to nature. It is admirably suitable for Pictures of Children, as they can be taken more rapidly in it than any other style.

The subscriber has given his careful attention to the getting up of Backgrounds and other adjuncts necessary to the production of these Pictures.

His Studio is also well suited for such work, without causing inconvenience in the taking of the various other styles of Pictures, as may be seen by a careful examination of the specimens on view.

Attention given to Photographing of Sleighs and Private Residences, which latter, when adorned with evergreen trees, have a finer appearance in winter than at any other season of the year.
