NEW YORK DESPATCHES.

New York, Sep. 13. Weather damp and cloudy; heavy fog on the bay and river, wind south-west.

The balloon proprietors claim that Wise broke his contract by agreeing to carry a passenger for $500 payable three days before the ascent, and it is understood that part of the money has already been paid. The proprietors believe that Professor Wise did not intend to go. Donaldson says he did not see Wise for three days. It was finally determined not to permit Wise to go even if he wanted, and when he appeared on the ground he took no hand in the preparations for the ascent. The proprietors say the bursting was occasioned by the enormous pressure of wind on so immense a balloon, and not from inferior material. Ten minutes after bursting, the proprietors promised Donaldson to construct him a new balloon of silk if he would go in it. Donaldson accepted the offer. A meeting was held to-day to make arrangements. It will probably be ready by the middle of October. In the interview Wise stated that his son was excluded from the circle, and he refused to go unless his son could be admitted; also that his man Donaldson ruled out, and another substituted. Wise asserts that the balloon was rotten.

A Washington despatch says the commissioners to inquire into the depredations along the Rio Grande border are endeavouring to create the impression that their investigation had better be continued. They show that the damages in the counties they visited amount to nearly as much as the entire personal property of the whole State of Texas.

JUDICIAL CHANGES AND APPOINTMENT.

We are authorized to announce the following appointment and changes to and in the Bench of the Province of Quebec, consequent on the legislation of last session.

Mr Justice Casault, from the District of Kamouraska, is transferred to the city of Quebec.

Mr Justice Henri Elzear Taschereau, from the District of Saguenay, is transferred to the District of Kamouraska, *vice* Mr Justice Casault, with his residence at Riviere du Loup (en bas).

Alphe Basile Routhier, Esq., Q.C., is appointed Judge of the Superior Court for the District of Saguenay, *vice* Mr Justice Taschereau transferred to the District of Kamouraska. The residence of Judge Routhier is to be at Murray Bay.

Mr Justice Maguire is transferred from the County of Bonaventure to the District of Rimouski, with residence at the town of Rimouski.

The Honourable Louis Auguste Olivier, M.P., now Senator, is appointed Judge of the Superior Court for the District of Joliette, with residence at the town of Joliette.

Thomas McCord, Esq., Advocate, of Quebec, is appointed Judge of the Superior Court for the County of Bonaventure, *vice* Mr Justice Maguire, transferred to Rimouski.—*Montreal Gazette.*

The town was in laughing humour this morning on reading the *Chronicle's* special, published in this evening's *Reporter*. After the buzz and blow about the telegram said to have passed between Sir John and Mr Blake—after all the pleasantries about Sir John's plaintive request—"send me another $100; but time of asking," &c., the Superintendent testifies that there is no record that any such telegrams passed through the offices. Such is the special over which the town had a hearty laugh. Read it.—*Halifax Reporter.*

NOTICE.

THE undersigned beg to intimate to their friends and customers, that owing to their large and increasing business, they have this day taken into partnership two of their most experienced foremen, viz., Robert Carroll and Edward Adams, trusting that in doing so they will be better able to attend to the interests of those who may favour them with orders. The business hereafter will therefore be carried on under the name of Davidson, Doran & Co.

As it is desirable that the affairs of the former firm should be closed at once parties indebted are solicited to settle their accounts and any accounts that may be owing by the late firm will be paid on presentation at this office.

DAVIDSON & DORAN.

DAVIDSON, Doran & Co. are prepared to receive orders for any kind of Steam Engines (stationary or marine), Boilers of all kinds, Grist, Saw Mill and Tannery Machinery, Grain Elevators, &c., &c., Ship's Capstans, Patent Steering Screws, Winches, and every kind of Ship Forgings; and as we are making a large addition to our machinery, we trust to be able to execute all orders we may receive with promptitude and despatch.

We beg to call attention to our Propeller Wheels, as we have at great cost provided facilities for their manufacture, and would refer to those Wheels of our construction now in use for their superiority over all others.

THE ROYAL CANADIAN INSURANCE COMPANY.

Authorized Capital $5,000,000.

THE present rates for Fire Insurance throughout the Dominion (the result of combination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late calamitous fires in Chicago, Boston and other cities in the United States, the losses in the business of Insurance throughout the Dominion, does not warrant the great increase which has lately taken place in the rates.

Such being the case, this Company represented by the wealthiest merchants of the Dominion obtained a charter during last session of Parliament, and are now prepared to do business at moderate rates. The promoters can with full confidence rely on the citizens of Kingston, giving this Company a liberal support, the directors pledge themselves that in the event of loss claims will be settled in the most liberal manner, and risks will be taken on their merits irrespective of any Company.
