THE CANADA LIFE ASSURANCE COMPANY.
Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant *Assurances on Lives*, whether single or joint, to sell *Annuities*, to purchase *Reversions* and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An *exact statement of its receipts and expenditure* is annually published by the Company and forwarded to all who may be interest.

Of no other Life Assurance Company can it be said that *it invests all its funds in Canada*, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & it further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.

ROBERT L. INNES,
Agent for Kingston
Kingston, August 13, 1850. 19

FOR a term of one or more years, that spacious Stone Building situated in Princess Street, and known as the 'Edinboro Castle' with good yard stabling, and garden in the rear. The house is now undergoing a general repair, inside and outside, and will be tenantable on the first of April.
For a respectable Hotel, and the accommodation of Boarders, the premises stand favorably located and conveniently arranged.
JAMES MORTON.
Kingston Brewery & Distillery, March, 1st, 1852. 52

JOHN POWER,
ARCHITECT & BUILDING SURVEYOR,

ARTIFICERS Work accurately measured and computed, and disputed accounts equitably adjusted.
Wellington Street,
Kingston, 13th March, 1852. 1y-62

NOTICE.

THE Commissioners of Public Works will receive TENDERS until the FIRST of JULY next, stating the terms on which persons will be willing to contract for the establishing of an efficient LINE OF STEAMERS to ply between the ports of LIVERPOOL, QUEBEC and MONTREAL, once a fortnight from each port during the season for navigating the river St Lawrence; and in the Winter between the ports of LIVERPOOL and HALIFAX, or such other Atlantic port as may be agreed on, once in each month—such steamers to carry a mail, if required.

The tenders to be addressed "to the Commissioners of Public Works, Quebec," and endorsed, "Tender for Steamers."

The parties tendering will require to state the length and breadth of beam, draught of water, and age of the vessels, the power of the engines, capacity for carrying freight and passengers, and also to state the proposed rates for passage of the several classes, with any other information which may be considered useful,
By order, THOMAS A. BEGLY, Secretary.
Department of Public Works, Quebec, 25th Feb., 1852. 52

SAIL MAKING, RIGGING &c

THE Subscriber would respectfully intimate to Owners and Masters of vessels, and the Public generally, that having leased the premises adjoining Fenwick's Chequered Hotel, he is prepared to execute all orders connected with SAIL MAKING, RIGGING &c., with punctuality and despatch, and hopes from his long connection with and correct knowledge of the business, to merit a share of Public Patronage.

Persons requiring to be furnished with any thing in the above line, will do well to call before going elsewhere.
JAMES FALCONER.
Kingston, January 26th, 1852. 22

TOWING ON THE RIVER SAINT LAWRENCE.

HEARING strongly represented to the Commissioners of Public Works that the TOWING of VESSELS navigating the St. Lawrence, between QUEBEC and KINGSTON, is more likely to be ensured in a prompt and satisfactory manner by leaving it open to private enterprise than by the employment of vessels chartered by Government for that purpose, and, as it is further stated that there are several suitable tug vessels which will be put in the line, if the former course is adopted, —NOTICE IS HEREBY GIVEN that it is not the intention of this Department to hire any vessels to tow during the ensuing season
By order.
THOMAS A. BEGLY,
Department of Public Works, Quebec, 3rd March, 1852. Secretary.

EXCELSIOR MINERAL
FIRE PROOF PAINT!
Manufactured by J. F. Brown, Litchfield, Herkimer Co., N. Y., and sold by HOLLAND, BROTHERS, sole Agents in Kingston.

THIS Paint is found in a gulf about six hundred feet below the surface of the surrounding country. When taken from its bed it presents a beautiful color, resembling mahogany, and is pronounced by the best judges of Paint to be far superior to the Ochre, or any other Paint in use. One of its important components being red oxyd of iron, the public will readily see that different colors are more readily brought out by mixing a less quantity of other Paints than if it were black oxyd, getting a livelier color at less expense, forming a perfect cement body. A large portion being silicia, it bids defiance to the action of the weather, and is a great protection against fire. All the colors may be got up from this composition, from a beautiful lead to jet black with less than half the expense of the usual way, forming a harder coat, which is susceptible of a high polish, and may be used for the finest kind of ORNAMENTAL PAINTING.

This Paint is warranted proof against fire, water and weather, for painting on wood, brick, stone, iron, tin, or any substance exposed to the weather or water, and unchangeable in its color. It mixes readily with oil or composition, and is a beautiful dark brown. The longer and more severe the exposure, the harder the coating becomes, and the more perfect the shield against fire and water.—This Paint cannot be separated from the substance it covers when once dry, and is superior to any other for painting decks of [illegible] and roofs of buildings, only needs a trial to convince any one of its good qualities of protection against fire and water.

Certificate of analysis as follows: Silica 66, alumina 14,30, red oxyd of iron 9' 11, lime 7,41, magnesia 1,57, potassa water and loss 1,31.

CERTIFICATES.—I hereby certify that I have used J. F. Browne's Excelsior Mineral Paint, and cheerfully recommend it to the public as the most valuable Paint in use; being in its native state, a beautiful color for all outside painting, which may be changed to almost any other color, forming a harder coat than any other Paint in use, and I find it much cheaper than other Paint, as it requires less oil, and covers better.
H. W. LYMAN Painter.
German Flatts, July, 23, 1851.

This certifies that I have used J. F. Browne's Excelsior Mineral Fire Proof Paint, and tested its quality, and fifteen years' experience in painting I never have found any Paint that I could more cheerfully commend to the public for painting the outsides of buildings, bridges, or railroad depots, or any other buildings exposed to weather, water or fire.
EZEKIEL SPENCER, Painter.
Mohawk, Herkimer Co, July 28, 1851.
J. F. BROWN, Proprietor,
Mohawk, Herkimer Co., N. Y.

A Large Supply of the above Mineral Paint on hand, Wholesale and retail.

EDWIN CHOWN
Bagot Street,
Kingston, March 15th, 1852. 6

A By--Law.

To Provide for taking Stock in the Wolfe Island Railway and Canal Company.

WHEREAS it is desirable and expedient for the Municipality of the United Counties of Frontenac, Lennox and Addington to contract a Debt or Loan, by subscribing for Stock, to the amount of one Thousand Pounds, in the Stock of "The Wolfe Island Railway and Canal Company," for the purpose of assisting and enabling the said Company to construct a Canal across Wolfe Island, by which the City of Kingston will be brought into direct communication with the Rime and Cape Vincent Railroad, in the State of New York, and the general interests of these Counties thereby greatly promoted.

And whereas, in order to liquidate the said debt or loan, so to be created or contracted, and the interest thereon, it is necessary that a special rate, over and above and in addition to all other rates, for the payment of said debt or loan and interests within the time limited by the provisions of this By-Law, should be levied annually (according to-law,) on the rateable property of the said Municipality; which said amount, to be raised annually, will amount in each of the years 1852, 1853, 1851 and 1855, to sixty pounds; in the year 1856 to two hundred and sixty pounds; in the year 1857 to two hundred and forty-eight pounds; in the year 1858 to two hundred and thirty-six pounds; in the year 1859 to two hundred and twenty-four pounds; and in the year 1860 to two hundred and twelve pounds.

And whereas the whole rateable property of the said Municipality, according to the assessment returns of the same, for the last financial year, ending on the 31st day of December, 1851, amounts (as near as can be ascertained,) to the sum of One Million Five Hundred and Seventy Thousand Pounds.

And whereas, as a special rate for the payment of the said debt or loan, and the interest thereon as aforesaid, the following annual rate in the pound upon the said rateable property, for the said respective years, namely: for each of the years 1852 1853, 1854 and 1855, the sum of one one-hundred and tenth part of a penny in the pound: for the year 1856 the sum of one-twenty-fifth part of a penny in the pound; for the year 1857 the sum of one-twenty-sixth part of a penny in the pound; for the year 1858 the sum of one-twenty-seventh part of a penny in the pound; for the year 1859 the sum of one-twenty-ninth part of a penny in the pound; and for the year 1860 the sum of one-thirteenth part of a penny in the pound will be required to meet the payment of the said debt and interest in each year as it shall be due.

Be it therefore enacted by the Municipal Council of the United Counties of Frontenac, Lennox and Addington,

I. That the Warden of these United Counties do subscribe to the Stock of the Wolfe Island Railway and Canal Company, to the amount of One Thousand Pounds.

II. That Debentures shall be issued, signed by the Warden, and countersigned by the Treasurer, of the denomination of twenty-five pounds each, bearing legal interest, payable half yearly, to the amount of the said stock, debt or loan of one thousand pounds, made payable to the Treasurer of the said Company, and to be redeemable as follows:—£200 on the first day of January in each of the years 1857, 1858, 1859, 1860 and 1861, with interest on the first days of July and January in each year.

III. That for the payment of the said debt or loan and interest thereon, within the time as hereinbefore limited, a special rate be levied in each year on the said amount of rateable property within the aforesaid Counties, amounting in each of the years 1852, 1853, 1854, and 1855, to sixty pounds; in 1856 to two hundred and sixty pounds; in 1857 to two hundred and forty eight pounds; in 1858 to two hundred and thirty six pounds; in 1859 to two hundred and twenty four pounds; and in 1860 to two hundred and twelve pounds.

IV. That for the purposes hereinbefore mentioned, the following annual rate in the pound for the respective years following, shall in the said years be respectively assessed levied and collected (in the same manner as the general rate of said Counties,) upon and out of the said whole rateable real and personal property in the said United Counties as aforesaid, namely: for each of the years 1852, 1853, 1854 and 1855, the sum of one one-hundred and tenth part of a penny; for the year 1856 the sum of one-twenty-fifth part of a penny; for the year 1857 the sum of one-twenty-sixth part of a penny; for the year 1858 the sum of one-twenty-seventh part of a penny; for the year 1859 the sum of one-twenty-ninth part of a penny; and for the year 1860 the sum of one-thirteenth part of a penny.

V. That this By-Law shall come into effect on the day after the day of the meeting of the Municipal Council, which shall be held with reference to the passing of the same under the provisions of the "Upper Canada Municipal Corporations Law Amendment Act of 1851," Section 16.

VI. That it shall be lawful for the Municipal Council of the said United Counties, by By-Law, to sell, transfer and dispose of the said Stock, to Subscribers, as aforesaid, in such manner as they shall see fit, provided that in no case shall such sale or transfer be made, unless the whole amount of principal money paid on account of such Stock be realized from such sale or transfer.

NOTICE.

THE above is a true copy of a proposed By-Law, to be taken into consideration by the Municipal Council of the United Counties of Frontenac, Lenox and Addington, at their usual place of meeting, on TUESDAY, the first day of June next, at two o'clock in the afternoon; at which time and place the members of the said Council are hereby required to attend for the purpose aforesaid.

(CIRCULAR)
TO THE CANADA WEST TRADE
FROM THE
NORTHERN OGDENSBURGH RAILROAD
Office, 167 Broadway.

THE time on "Canada West" shipments from New York, never gave an average on actual delivery, by the old Canal routes within fourteen days to the head of Lake Ontario; the greatest probability is, that a much *longer time* was the *shortest average* from this market

Three and five days will deliver goods to all ports on Lake Ontario, via Ogdensburgh, when sent by the *Express Freight Line*, from New York, via the Troy Steamers.

Any detentions during last fall, on up freights, were owing to the unavoidable results of storms, and consequent loss of the expected number of steam facilities on lake Ontario.

Forty-eight hours from New York to Ogdensburgh will be insured to shippers, up to the first of November, exclusive of all casualties from severe weather on Lake Champlain or the Hudson River.

The AMERICAN LINE OF STEAMERS run to Brockville, Kingston and to Toronto, and to Hamilton, via Lewiston.

The CANADA LINE OF STEAMERS will go to all Canada ports on Lake Ontario, from Ogdensburgh.

A TWO WEEKLY LINE of Steamers will, —after open navigation—run from the Ogdensburgh Depôt, to all ports on the Bay of Quinte, without calling upwards at Kingston.

A LINE OF PROPELLERS connected with the Road, will run from Ogdensburgh to DIRECT CANADA PORTS for down freights, receipting at Ogdensburgh for up freights to the port for which the Propeller may clear.

After open navigation, AN INDIRECT LINE OF STEAMS will run on Lake Ontario, from the Ogdensburgh Depot, to meet any irregularity of the Canada Lines or American Steamers.

RATES OF FREIGHT will be as favorable as during last fall shipments, and no deviation from SPRING PRICES up to the First of November, to Ogdensburgh or to Canada West ports, when by the American Line of Steamers E. B. ALLEN & SONS, Agents.

BONDED AND DEBENTURE GOODS will receive the usual attention of STARKE, HILL & Co., or of E. B. ALLEN & SONS, at the Ogdensburgh Depot.

SUGARS, MOLASSES, and such heavy freights can be forwarded by any of the NORTHERN CANAL LINES, via Ogdensburgh, at *less rates* than by the EXPRESS LINE, though their time of delivery will be longer. Interest on purchases or sales must be added, when delays occur.

This is the route for Canada West or Upper Lakes, from this market, and no efforts have been, or will be spared, to make it such to shippers.

Waterloo Nursery

C. T. GOODRICH having procured a suitable piece of ground at Waterloo (opposite the Pine Grove, on the Loborough Road) for the Nursery Business, would intimate to his friends and the public, that he will be prepared the ensuing fall to supply all orders for Fruit and Ornamental Trees that he may be favored with, having recently received some three thousand standard Trees from the Oswego Nursery. He would also call the attention of the public to his beautiful stock of Cherry, and Pears, together with many choice Ornamentals, now in the McLear Garden, Lot 21, just above the Roman Catholic Seminary; there are some six kinds of Cherry and as many of Pears, all of the very best kinds.

The subscriber would also notice, that after this season he will be prepared to attend to all calls in the way of Grafting, Pruning and Setting trees, and hopes by punctual attention to the interests of his customers, to merit and receive a share of public patronage.

BRITANNIA LIFE ASSURANCE
COMPANY.
No. 1 Princes Street, Bank, London.
CAPITAL, ONE MILLION.
EMPOWERED BY SPECIAL ACT OF PARLIAMENT
4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due *by* or *to* them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eight and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

Kingston March, 9th 1852. 3-60

A few more of the numerous Testimonials for the Hydropathic and Botanic Medicines.

I wish to state, for the good of all who may be suffering any illness, that my wife was dangerously ill last June, with a Sore Breast, which caused her neck and head to swell to an alarming extent, so that it appeared there was no help, after getting all the aid I could for her; but on being advised to apply to DR. LANKTREE, the first two days he had charge of her, he reduced all the dangerous swelling from her, and removed the Fever she had on that occasion. And a few weeks since, I was afflicted in my Chest and Head; and, foolishly, I let it run on until I was taken alarmingly ill with delirious fits; whereupon I was forced to apply to DR. LANKTREE, and by this time the complaint terminated in a severe Brain Fever; but I thank God that now, after a few weeks' treatment through his care and unremitting attention, I am now over it.
