Living Lightning celebrates 25th anniversary

As Georgetown Living Lighting celebrates its 25th anniversary, at the same location, 245 Guelph Street in Georgetown, staffers (from left) co-owner Christine Guthrie, Elaine Thompson, Alison McLauchlan, Paulette Allan and Trish Morecroft shared a 'light moment' showing off one of the store's more elaborate chandeliers. The local, family-owned business is very thankful for the tremendous support from residents in Georgetown, Acton, Erin and the surrounding area. The store carries a vast selection of lighting, ceiling fans, blinds and shutters and the staff are very helpful, experienced and knowledgeable. Come in and take advantage of their 25 per cent off everything in the store sale until Sunday, April 21.
