SLIDES.

INSPECTOR GENERAL'S OFFICE.
CUSTOMS DEPARTMENT,
Quebec, 8th April, 1852.

NOTICE is hereby given that His EXCELLENCY, THE GOVERNOR GENERAL IN COUNCIL has been pleased, under the provisions of the Act 9 Vict. ch. 57, to make and enact the following regulations to ensure the due collection of TOLLS on SLIDES, and for the protection and Management of the Provincial Slides and other Works connected with them. All Regulations for the same purpose heretofore in force, being upon, from and after the date hereof, recalled and abrogated.

By Command,
H. S. M. BOUCHETTE,
Commissioner of Customs.

REGULATIONS.

Under the Act 9 Vict. chap. 57, to secure the due Payment of Slides Dues and for the protection of the Provincial Slides and other Works connected with them.

SECTION 1. That no Raft or parcel of Timber shall be permitted to enter any Slide for the purpose of passing through without the person in charge of such Raft or parcel of Timber first giving notice thereof to, and obtaining permission from the Slide Master, under a penalty of not less than twenty Shillings, and not exceeding Five Pounds, currency.

SECTION 2. That the person in charge of any Raft or parcel of Timber passing through any of the Provincial Slides, shall, before removing the same from such Slide, subscribe and deliver to the Slide Master an acknowledgment in duplicate, certifying the number and description of Cribs so passed, under a Penalty of not less than Five Pounds and not exceeding Fifty Pounds, and shall further pay double the Amount of Dues, which would otherwise be payable on any Raft or parcel of Timber passing the Slide without such acknowledgement.

SECTION 3. And be it further ordered, That the Collector of Slide Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours of the day, have free access, and full power and permission to enter and remain as long as he or they may see fit, upon any Raft or Parcel of Timber for the purpose of examining the same, and of ascertaining the number of Cribs or the number of pieces and description of Timber of which the same is composed, and any person obstructing the Collector of Slide Dues, Slide Master, or other persons duly authorized, as above provided for, in the execution of his or their duty, shall incur a penalty of not less than Five Pounds and not exceeding Fifty Pounds.

SECTION 4. And be it further ordered, That the person in charge of any Raft or parcel of Timber passing through any of the Provincial Slides on the Ottawa River or its tributaries, shall immediately on arriving at the foot of the Chaudire Falls, report the same at the Office of the Collector of Slide Dues, under a Penalty of Five Pounds, for refusing or neglecting to make such report, and no person shall remove such Raft or parcel of Timber from the Falls until the Slide Dues be first paid or secured to the satisfaction of the Collector, under a further Penalty of not less than Ten Pounds and not exceeding Fifty Pounds.

SECTION 5. And be it further ordered, That the person in charge of any Raft or parcel of Timber passing through any of the Provincial Slides on the River Trent, shall immediately on arriving at the Boom at Percy Landing, report the same at the Office of the Collector of Slide Dues, under a Penalty of Five Pounds for refusing or neglecting to make such report, and no person shall remove such Raft or parcel of Timber from the said Boom until the Slide Dues be first paid or secured to the satisfaction of the Collector, under a Penalty of not less than Ten Pounds and not exceeding Fifty Pounds.

SECTION 6. And be it further ordered, That every owner or person in charge of any Raft or parcel of Timber, previous to entering any Provincial Slide for the purpose of passing such Raft or parcel of Timber through, shall make a full and complete report of such Raft or parcel of Timber, containing an account of the number of Cribs, and description of Timber composing the Raft or parcel of Timber, the name and designation of the owners thereof, and of the supplier or furnisher, together with the distinguishing marks and all other particulars relating thereto, under a penalty of not less than Five Pounds, and not exceeding Fifty Pounds Currency.

SECTION 7. And be it further ordered, That the owner as well as the person in charge of any Raft or parcel of Timber, shall be held responsible for any injury or damage done to the Slides, Dams, Booms, Piers or any other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Slide Master, or other person acting in that behalf to assize and determine such Raft or parcel of Timber, until the injury so done shall be repaired, or until security to his satisfaction shall have been given for such amount as shall be awarded by the Superintendent of Slides on account of such damage.

SECTION 8. And be it further ordered, That any and every person doing injury or damage to any of the Slides or of the Booms, Dams, Piers, Sluices, or Gates connected therewith, or aiding or assisting in doing such injury or damage, shall for the first offence incur a penalty of not less than Five Pounds and not exceeding Twenty-five Pounds over and above payment of the amount which may be awarded for such damages; and for the second and every subsequent offence, shall incur a penalty of not less than Twenty-five Pounds, over and above payment of such damage, the amount of which damage shall in each case be ascertained by the Superintendent of Slides.

SECTION 9. And be it further ordered, That it shall be competent to the Collector of Slide Dues, his Deputy or Deputies, Assistant or Assistants, duly authorized by him, to enter upon, seize and detain at the risk, cost and charges of the owner or owners thereof, any Raft or parcel of Timber which shall have been moved away from the foot of the Chaudiere Falls or from the Boom at Percy Landing, without the Slide Dues therefor being first paid or secured to his or their satisfaction, and each and every person obstructing the Collector, Slide Dues, or other persons duly authorized as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than Five Pounds Currency.

SECTION 10. And be it further ordered, That the owner of Sawlogs, or person engaged in driving them down to the River Trent, otherwise than in cribs, shall keep a sufficient number of men stationed at every Slide when his logs are passing it, to prevent any obstruction or damage to works in consequence of accumulating the logs against the Booms, or the choking of the channels, or injury to the Booms from logs escaping under the Booms and going over them. The number of men required at each station shall be regulated by the Superintendent of Slides, and any owner or person in charge of such logs, who shall neglect or refuse to comply with this regulation, shall incur a penalty of not less than Five Pounds, and not exceeding Fifty Pounds over and above payment of the amount which may be awarded for any damage done to the works by reason of such neglect or refusal, the amount of which damage shall be ascertained by the Superintendent of Slides.

SECTION 11. And be it further ordered, That no owner or person working any Saw Mill on the River Trent, shall be allowed to pile slabs, or turn them adrift in such a manner as to impede the navigation for rafts, under a penalty of not less than Twenty Shillings, and not exceeding Five Pounds.

SECTION 12. And be it further ordered, That the person in charge of the Timber held in the retaining Booms at Chain Rapids, on the Madawaska River, shall not allow the same to be put out of the Boom except under the directions of the Slide Master at the High Falls, who shall regulate the descent of the Timber so as to prevent obstruction to the works—and at the retaining Boom in Calabogie Lake on the same river, no person shall be allowed to tie or fasten any cribs or rafts to the Boom or fasten any foreman or person in charge of such timber who shall refuse or neglect to stop the running out of timber at the Chain Raptos when directed so to do by the Slide Master, or who shall tie or fasten any cribs or rafts to Calabogie Boom, shall incur a penalty of not less than Five Pounds and not exceeding Fifty Pounds, in addition to such amount as may be awarded for any damage done to the Works by reason of such neglect or refusal, and which amounts shall be held leviable upon the timber, or the owner thereof at the opinion of the Superintendent.

SECTION 13. And be it further ordered, That the owner or person in charge of sawlogs, square timber or rafting materials passing the Booms on the Gottineau River, shall keep a sufficient number of men stationed at the Booms and Canal whenever the same is passing it, to prevent any obstruction or damage to the Works, in consequence of such timber being accumulated and choking up the passages, or pressing too heavily upon the Boom. The number of men required at this station shall be regulated by the superintendent or by the Boom Keeper in his absence, and any owner or person in charge thereof who shall refuse or neglect to comply with this regulation, shall incur a penalty of not less than Five Pounds and not exceeding Fifty Pounds.

Important to the Trade!

BOOTS AND SHOES, WHOLESALE AND RETAIL.

At the Boston Boot & Shoe Agency, Brock St., Kingston, Canada West.

THE Subscriber would beg leave to inform the Trade and Public generally, that the above Agency will be supplied, on the opening of navigation, with a large assortment of BOOTS and SHOES of the most fashionable description, from his Factory in Lynn, Mass.

He has also in addition to his American Manufactured Work, been manufacturing a Large Stock of Goods in the line at the above Agency, under the superintendence of Messrs. Wm. McMillan & Co., Agents for Kingston, and which will be found well adapted to the Trade of Canada. The work warranted, and at prices twenty per cent below those at any other Establishment in that part of Canada.

The subscriber would particularly solicit the Trade to call and examine the Goods and ascertain Prices, before making their purchases elsewhere, which he will guarantee will be found full as low as the cheapest houses in Montreal; in fact, he feels confident that Merchants who wish to purchase this class of goods, and will favor his Kingston Agency with a call, they will not be able to resist making a purchase.

He would further add that he is prepared to manufacture at this Agency, all descriptions of Boots and Shoes to order, by pattern or measure by the single pair, or any quantity.

N. B.—Repairing done.

FLORENCE WHITE.
AN UNCHANGEABLE GLOSS WHITE PAINT,
For insides of Houses, Stores, Ship and Steamboat Cabins, which is the most durable and economical Paint yet known, being unaffected by darkness or impure air, which is the cause of Paint changing and turning yellow. It is also easily cleansed of dirt and smoke without injury to its surface.
It has been in use for the past three years, and has proved itself permanent beyond a doubt. The proprietor has full confidence in its remaining white and in good condition at least four times as long as common lead or zinc white paint. It has already attained a high character as the best paint, and is found giving general use for all nice white painting.
People are cautioned against impositions practised by some persons in selling an imitation article under the same name, which is unfair and decidedly unjust, as they take the money for that which they cannot repay. I claim to have the best article yet invented. I do not wish to prevent others from producing a superior, but only ask that each shall stand on its own basis.
The genuine article, ready prepared for use, can always be had at my store, in neat packages of 10 and 20 lbs. each, and the liquid to thin it with, which requires about one gallon to 10 pounds of the White.
The first cost of this article, compared with white lead paint, is found to be but one quarter more, but being of greater body and thickness, it spreads further, dries and works well, and is not liable to crack. Directions for its use accompany the article.
