HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT!

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, Saint Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY.

SIR,—At the age of 18 my wife [who is now 61] caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs were terrible. I had often read your Advertisements, and advised her to try your Pills, and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without scam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

Very Important to the Public

THE Subscriber thankful for past support would beg leave to state that he has been nearly five years in this City compounding his Medicines and distributing them far and near, during which time there appeared many testimonials from persons cured of various complaints which would be too numerous to detail, many of which were to human appearance beyond cure. These Medicines are getting more publicly known and are taken hundreds of miles off, even both in United States and California. They have no property in them to injure an infant, and during the above time no person could prove they had the contrary effect. It is well known under God that they had saved the lives of many, and were it not for the cost of Advertising many persons would publicly attest the same, there are no complaints that these Medicines will not cure if properly applied. The Hydropathic or Water Cure System is combined with the Botanic, as both are found to perform cures bordering on miracles. Patients can be cured at this Establishment where they can get diet agreeing with the Medicine, there are no poisonous ingredients mixed with this System. The subscriber never gave a dose to any Patient that he would not if required take four times the quantity in one himself. The public know this well, and need not to be told, were it not that there might be some designing persons who would not wish the cure prosperity. All kinds of sores or fractures can be treated here with success; also scurvy, blotches, or impurity of the blood can be effectually cured, no matter what kind of disorder internal or external can be treated. Children's Medicines for all complaints especially worm-destroying syrups can be got here.

Young or old who are suffering under the unnatural calamities, called fits or falling sickness, can with God's help get rid of them in due time by persevering treatment. The subscriber could prove by a few in this city that there were such complaints cured for them.—Wishing also to be of further benefit to the public he would confidently assure them that he has the best Medicines now extant for Horse and Cattle distempers and most powerful worm destroying Medicines.

FALSE ECONOMY.

'A hint to the Blind is as good as a nod.'

THE success of business depends much on the extent of a man's credit. Some erroneously suppose they practice economy and increase their credit by wearing an Old HAT or CAP in their ordinary business. But this is false economy in the ordinary business of a City life. For it is a fact proverbial, that he who is slovenly in his personal appearance, is also careless in business matters. Therefore he who wishes to secure esteem and credit among men, should in proof of his good sense and correct taste, not fail to honor his head with a genteel HAT or CAP.

SHERIFF'S CHOLERA SYRUP
IN CALIFORNIA.

THE following extract of a letter is from a gentleman of respectability, who has thoroughly tested the virtues of the above medicine, not only in this, but in other climates, also, and which goes to show its value to persons intending to journey through the various climates and sickly regions, where epidemic diseases cut off the Inhabitants by thousands:

Bath, March 1st, 1852.

DEAR SIR—As we owe a debt of gratitude to those who have been the agents in saving or prolonging our lives, I hope you will accept my most unqualified acknowledgments of the benefit which I have personally received from the use of your medicines. In 1849, before starting on the overland route to California, I purchased a stock of your medicines, and I have tested their efficiency under every vicissitude of circumstance and climate, both with myself and others, and not once have I known them to fail in producing the desired effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Fever, and several times the Diarrhœa and Dysentery, of the most malignant kind. And whilst others were dying all around me, by the use of your medicines I have come safely through, and am happy to state that I am now in as sound health as ever I was in my life. And I would most sincerely recommend all those who intend going to the same country to procure a good supply of your Cholera Syrup, as I know it to be the most useful medicine ever taken for a majority of the diseases of that climate. In the summer of 1850, when the Cholera was raging in Sacramento, I have no doubt but that I could have sold one thousand bottles at ten dollars each.
Yours Respectfully,
B. S. BOOTH.
