Extracts from Report by the Board of Directors to the Sixth Annual General Meeting of the Company, held 1st November, 1852.

"THE COLONIAL LIFE ASSURANCE COMPANY has been in operation nearly six years at the date of the last periodical balance, on 25th May, and the Directors have the pleasure of congratulating their Co-proprietors on the success which, year by year, has characterized the results of the business, and which has brought the Company to the very satisfactory position which it occupies.

"The new Assurances effected from 25th May 1851, to 25th May, 1852, amounted to £205,111 17s, selected from Proposals made, to the amount of £247,281 1s. The Annual Premiums on the new Assurances effected amounted to £8,713 1s 8d, and the number of Policies was 519.

"The meeting will observe more particularly from the following Table, that the number of Policies, as well as the amount Assured, is greater than in any previous year:—

ANNUAL RESULTS.

Period Aug. 1846 to May 1847											
Date.	New Policies Issued.	New Sums Assured.				New Annual Premiums.					
		£	s	d		£	s	d			
May 1847	119	102,274	11	0		4,266	1	1			
1848	215	163,913	12	0		6,416	1	1			
1849	215	153,908	15	0		4,167	1	1			
1850	241	172,302	13	4		7,230	1	1			
1851	374	244,416	13	7		7,281	1	1			
1852	519	205,111	17	0		8,743	1	1			

"On another hand, the sums claimed under the Policies emerged by death during the year have been small, viz. £3249 19s. being less than during the year ending 25th May 1851 by upwards of £1000. The Claims by Death in each year since the commencement of the business, amount in all to £14,970 10s. 3d. which the Directors are happy to state has all been paid, with the exception of £200, not yet applied for.

"The progress and extension of the business has the anxious attention of the Board. In British North America, and in the West Indies, the Company's arrangements are, it may be said, nearly perfect, and their chief attention is now directed to the East. An influential connection has been formed at the Cape, and at the Mauritius; and since the establishment of steam communication with Australia the Directors have taken initatory steps to form a Board at Sydney, in connection with a branch of business in that important quarter. Last year, the Directors mentioned that the Secretary would proceed to India to establish Boards in Calcutta, Madras, Bombay, and Ceylon; and the Directors are happy to be able to report, that very satisfactory arrangements are in progress, by which they hope to open up with every prospect of success, the extensive field of business in the East.—Boards have been formed at Calcutta and Ceylon; and in a few weeks similar arrangements will be completed at Bombay and Madras. The development of the extensive branch of business will take time, and will require much attention. There are other offices, British and Native, transacting business there, and to compete with these, and suit the terms and conditions of Assurance to the practice of the country, it has been found necessary to reconstruct the class of tables in which India was included, founding, as it were, an Eastern branch on the experience of those Offices which have gone before.

"The Directors have now to mention, that they have made a satisfactory arrangement with the Directors of the East or Scotland Life Assurance Company, by which the business of that Company has been transferred to The Colonial. It will add about £3500 per annum to the Company's revenue, and will increase their funds by about £19,000. With this addition to the revenue, The Colonial have commenced the present year with an income of upwards of £40,000, and an accumulated fund of £70,000.

"Looking to the period at which The Colonial Company started, and the fact of its being one of the successful Assurance institutions out of the many established of late years, the Directors cannot refrain from referring to the recent agitation on the subject of Life Assurance Companies; but, however, for the purpose of condemning any, as it would be out of place for them to do so, but for the purpose of pointing with some pride to The Colonial; for it is allowed by those who know the characteristics of success in such matters, that The Colonial is the most prosperous office of the day among the younger institutions.

"In conclusion, the Directors having already expressed their congratulations, now beg to thank the Proprietors, and all interested in the institution, for the support they have all along given them. To the Boards of Direction in London, Dublin, and Glasgow their thanks are particularly due. The efficient direction and management of the Company in Montreal require special notice, and, with their esteemed connections in New Brunswick, Nova Scotia, and Newfoundland, have their best thanks. In the West Indies, the Company have received warm support. In Jamaica and Demerara Boards perform their duties in the most satisfactory manner, and those established in Antigua, Trinidad, Grenada, Dominica, and St. Kitts, do their duty with no less efficiency. The Directors hope they will be enabled on next year to propose a cordial vote of thanks to their friends in the Eastern Seas; in the meantime, the progress already made in Ceylon, and the influential connection formed there must not be passed over, and must be included in the expression of obligation which the Directors now wish to convey to the Directors of the Company throughout Great Britain and its dependencies.

Applicants for Assurance will receive every information regarding the Company from

APOCALYPTIC SKETCHES;

OR

Lectures on the Book of Revelation,

Delivered in Exeter Hall, and at Crown Court Church.

NEW EDITIONS,

Revised & corrected by the Author with Index &c.

These Lectures were begun in Exeter Hall, during the period occupied in the enlargement of the Church of which the Lecturer is the Minister. Not a few were then afraid the Author might be led into rash and questionable theories in investigating a subject confessedly beset with difficulties, but, by the blessing of God, and the exercise of caution and prayerful study, all has ended more than satisfactorily. The unprecedentedly large masses of persons of every denomination, and of no denomination at all, who ever filled the spacious hall in which they were delivered, and the growing attention extited in the minds of these audiences, and the saving and very striking impressions made on unconverted minds by the means of the solemn truths they heard, are all signs and tokens that call for humble gratitude to God.

Numerous efforts were made for their publication. A short-hand writer was therefore engaged, who took a *verbatim* report of every Lecture. These reports the Author has now corrected; and trusts that the work will be found a substantial summary of his Discourses on the Apocalypse. It is his earnest prayer that these and all his labours, may redound to the glory of God and to the good of man.

"The fervent piety, elevated and reverent reasoning, careful thought and expansive charity which prompt, guide, control and vivify the whole; prove its author one of those gifted teachers whom it is, indeed, a privilege to hear.—*Morning Advertiser.*

Uniform with the above, in one handsome volume, Prophetic Studies; or, lectures on the Book of Daniel.

SHERIFF'S CHOLERA SYRUP IN CALIFORNIA.

THE following extract of a letter is from a gentleman of respectability, who has thoroughly tested the virtues of the above medicine, not only in this, but in other climates, also, and which goes to show its value to persons intending to journey through the various climates and sickly regions, where epidemic diseases cut off the Inhabitants by thousands:

Bath, March 1st, 1852.

DEAR SIR—As we owe a debt of gratitude to those who have been the agents in saving or prolonging our lives, I trust you will accept my most unqualified acknowledgments of the benefit which I have personally received from the use of your medicines. In 1849, before starting on the overland route to California, I purchased a stock of your medicines, and I have tested their efficiency under every vicissitude of circumstance and climate, both with myself and others, and not once have I known them to fail in producing the desired effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Fever, and several times the Diarrhœa and Dysentery, of the most malignant kind. And whilst others were dying all around me, by the use of your medicines I have come safely through, and am happy to state that I am now in as good health as ever I was in my life. And I could most sincerely recommend all those who intend going to the same country to procure a good supply of your Cholera Syrup, as I know it to be the most useful medicine ever taken for a majority of the diseases of that climate. In the summer of 1850, when the Cholera was raging in Sacramento, I have no doubt but that I could have sold one thousand bottles at ten dollars each.

Yours Respectfully,
E. S. BOOTH.

HEALTH FOR ALL! NEVER FAILING REMEDY!!

Holloway's Pills.

EXTRAORDINARY CURE OF LOSS OF APPETITE, DISORDERED STOMACH, INDIGESTION, &c. ATTENDED WITH MINGLING OF BLOOD TO THE SURFACE.

Copy of a Letter from Mr. J. H. Lo[illegible] Esq. [illegible] Hartlech, Merionethshire.

To Professor Holloway.

SIR,—I have much pleasure in informing you, that for a very long period I suffered with dangerous giddiness and swimming in the head, attended by loss of appetite, disordered stomach, and generally bad health. Every means had failed to give me permanent relief, and at length it became a thing that I was really afraid of going about without an attendant. In this melancholy state I waited personally upon Mr. Hughes, of Harlech, for the purpose of consulting him what I had better do; he kindly recommended your Pills. I tried them without delay, and taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant.

June 6th, 1852. [Signed] JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq. of Indian Walk, Tobago, dated April 8th, 1852.

To Professor Holloway.

DEAR SIR,—I deem it a duty I owe to you and the public at large to inform you of a miraculous recovery from that dreadful disease dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skilfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the space of 6 weeks.

(Signed) EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD ACHES.

Extract of a Letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14, 1852.

To Professor Holloway,

DEAR SIR,—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach Indigestion, loss of Appetite, violent head-aches, pain in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy.

(Signed) S. GOWEN.

A DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock Druggist, Ashton-under-Lyne, dated July 31, 1852.

To Professor Holloway,

DEAR SIR,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood with whom I am well acquainted was afflicted for a long time with violent spasmodic pains in the stomach and Liver, arising from frequent colds, attacks of pain, and the effects of a stooping posture to which he was obliged to assume in his business. The spasms were painfully alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following the plan accurate with your directions, they have effected a wonderful cure, cleansing the liver and stomach, and strengthening the digestive organs, that he has been restored to the enjoyment of good health.

I remain, dear Sir, yours faithfully,
[Signed] WM. BOSTOCK.

CAPITAL, ONE MILLION STERLING,

EMPOWERED BY SPECIAL ACT OF PARLIAMENT, 4 Vic. Cap. 9.

THE great success of the institution in Europe and the numerous Policies now held by the different Agencies in Canada, shew that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making provision for their families, or securing the payment of debts by or to them in case of premature death. The rates of the *Britannia* are the lowest that can be offered consistently with security, which may be assured, and the subscriber begs especially to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, pamphlets which may be seen at his office.

The income of the Company, independent of the large subscribed Capital, is here stated at Ninety Thousand Pounds, Sterling, and of this the greatest part is accumulating for the payment of claims.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at death, without participating in the profits, or hereby secure as *immediate Bonus* much more than is absolutely required to cover the risk—But if participation in profits suits any party, there are Mutual Tables established by the Company, which offer an annual division of the Profits, and which being supported by the Branch of the Institution, holding a safe and profitable investment to the parties belonging to Assurers.

All claims payable within twelve months after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, if not, under any circumstances be a matter called in question. Policies effected by persons on their own lives are not rendered void by death by duelling or the hands of justice, nor by death by suicide, if the Policy be assigned *bona fide* Creditor, the sum assured will be paid without deduction, if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every required information, as to the mode of effecting Assurances may be obtained either by letter post paid or application to
