HURD'S GOLDEN GLOSS
FOR THE HAIR.—Among the many preparations for the growth of the HAIR, this GOLDEN GLOSS takes the lead.—Three reasons will be given why it is so universally used and preferred to all others:—1st. THE WAVERLEY MAGAZINE.
MOSES A. DOW, EDITOR AND PROPRIETOR.
JOHN ROSE DIX, ASSISTANT EDITOR.
NEW VOLUME.—We shall commence volume 8th of our paper next January, and we would remind those subscribers whose term expires with this volume, that their names will, as usual, be erased from our books. This is at seem unfriendly to a few, but the practice of that rule for four years has convinced us that no other way is right—and if all publishers of periodicals would follow the same plan they would find it for their advantage. We always receive more than we erase at the commencement of each volume.
We hope that volume 8th will be the best we have ever published. Its internal character will be much better, and we shall endeavor to still increase its merit with each volume.
We will furnish the "Waverley," with either "Graham," "Godey," "Harper," or Peterson's Magazine, one year, for four dollars in advance
TERMS.—The "Waverley" is published weekly by Moses A. Dow, No. 12 Water street, Boston, Mass. Two editions are issued, one for Periodical Dealers, on thick paper, at six cents a copy, and an edition for mail subscribers, (on a little lighter paper, so as to come within the cheap postage law,) at Two Dollars a years; or One Dollar for six month, in advance. All who wish for thick paper, must purchase of Dealers or Carriers. Postage 26 cts. a year if paid in advance at the office of delivery. Papers stopped as soon as the time is out. CLUBS, by mail, six papers for six months, five dollars.
A new volume commences every July and January.
Persons writing to us for the paper, should write name, Post Office, County, and State, very distinctly. Those who wish their paper changed should tell where it had previously been sent.

Professor Alex. C. Barry's Tricopherous,
OR
MEDICATED COMPOUND.
FOR Beautifying, Curling, Preserving, Restoring and Strengthening the Hair, Relieving Diseases of the Skin, Curing Rheumatic Pains, and Healing External Wounds. Bounded by no geographical lines, the reputation of BARRY'S TRYCOPHEROUS pervades the Union. The sales of the article of late years have increased in a ratio that almost exceeds belief. Professor BARRY, after a careful examination of his sales' book, find that the number of bottles delivered to order, in quantities of from half a gross upward, during the year 1852, was within a trifle of 95,000.
It is unnecessary to present at length the evidences of the wonderful properties of the Tricopherous, when the public have furnished such an indorsement as this. The cheapness of the article, and the explanations given of its chemical action upon the hair, the scalp and in all cases of superficial irritation, first recommended it to the attention of the people. This was all that the inventor desired. Every bottle advertized itself. The effects of the fluid exceeded expectation. It acted like a charm. The ladies would not be without it. Country dealers in every section of the United States found they must have it; and thus was built up a wholesale trade of an extent hitherto unheard of as regards articles of this kind. The highest point has not yet been reached, and it is believed that the sales this year will be a *million and a half of bottles.*
