PRACTICAL EXPERIENCE OF DR. ORIED, IN CONSUMPTION.

Magdeburg, 16 Sep., 1853.

My wife, having suffered for years from a pulmonary complaint, became so ill at the beginning of this year, that I looked daily for her dissolution. The remedies which hitherto had relieved her remained now without effect, and the ulcerations of the lungs and night sweats debilitated her fearfully. It was in this, evidently the last and hopeless stage of pulmonary consumption, when every Medicine remained powerless in even affording temporary relief—that I was induced by a medical brother from Hanover, who makes pulmonary consumption his special study, and treats it with Du Barry's Revalenta Arabica, to try this strengthening and restorative food, and I am happy to be able to express my astonishment at its effects. My poor wife is now in as perfect a state of healthas ever she was, attending to her household affairs and quite happy. It is with pleasure and the most sincere gratitude to God for the restoration of my wife, that I fulfil my duty of making the extraordinary efficacy of Du Barry's Revalenta, in so fearful a complaint, known; and to recommend it to all other sufferers.

GRIES, M. D.

CERTIFICATE FROM DR. GATTIKER.

Zurich, 3rd September, 1853.

I have tried Du Barry's Revalenta Arabica for a complaint which had hitherto resisted all other remedies—viz.: CANCER OF THE STOMACH; and I am happy to say, with the most successful result. This soothing remedy has the effect, not only of arresting the vomiting, which is so fearfully distressing a cancer of the stomach, but also of restoring perfect digestion and assimilation. The same satisfactory influence of this excellent remedy I have found in all complaints of the digestive organs; it has also proved effectual in a most obstinate case of habitual flatulence and colic of many years standing. I look upon this delicious Food as the most excellent restorative gift of nature.

DR. GATTIKER.

Plymouth, May 9th, 1854.

For the last ten years I have been suffering from dyspepsia, headaches, nervousness, low spirits, sleeplessness, and delusions, and swallowed an incredible amount of medicine without relief. I am happy to say that your Food has cured me, and I am now enjoying better health than I have had for many years past.

J. S. NEWTON.

Devon Cottage, Bromley, Middlesex, March 31, 1849.

GENTLEMEN,—The lady for whom I ordered your food is six months advanced in pregnancy, and was suffering severely from indigestion, constipation, throwing up her meals shortly after eating them, having a great deal of heartburn, and being constantly obliged to have recourse to physic or the enema, and sometimes to bath. I am happy to inform you that your food produced immediate relief. She has never been sick since, had but little heartburn, and the functions are more regular, &c.

DR. WEZZER'S TESTIMONIAL.

Bonn, 19th July, 1853.

This light and pleasant Farina is one of the most excellent, nourishing, and restorative remedies, and supersedes, in many cases, all kinds of medicines. It is particularly useful in confined habit of body, as also in diarrhœa, bowel complaints, affections of the kidneys and bladder, such as stone or gravel; inflammatory irritation and cramp of the urethra, cramp of the kidneys and bladder, strictures and hæmorrhoids. This really invaluable remedy is employed with the most satisfactory result, not only in bronchial and pulmonary complaints, where irritation and pain are to be removed, but also in pulmonary and tracheal consumption, in which it counteracts effectually the troublesome cough; and I am enabled with perfect truth to express the conviction that Du Barry's Revalenta Arabica is adapted to the cure of incipient hectic complaints and consumption. ON THE SECRET CAUSES OF SELF-ACQUIRED MISERIES AND DISAPPOINTED HOPES.

FIFTIETH EDITION.

Containing the Remedy for the Prevention of Disease.

ILLUSTRATED by 100 Anatomical Colored Engravings on Steel. On Physical Disqualifications, Generative Incapacity, and Impediments to Marriage. A new and improved Edition, enlarged to 196 pages, price 2s. 6d. by post, direct from the establishment, 3s. 6d. in postage stamps.

The Silent Friend,

A Medical Work on the exhaustion and decay of the frame from the effects of indulgence, infection, and the injurious consequences of the abuse of Mercury; with observations on Marriage. Illustrated by 100 illustrated Engravings, by R. and L. Perry & Co., Consulting Surgeons, 19, Berners-street, Oxford-street, London. Published by the authors, and sold by Sherwood & Co., 23 Paternoster-row; Hanny, 63, and Sanger, 150, Oxford-street, Starie 23, Titchborne street, Haymarket; and Gorden, 146, Leadenhall-street, London; Powell, 15, Westmoreland-street, Dublin; J. & R. Raimes & Co., Leith Walk, Edinburgh; D. Campbell, 136, Argyle-street, Glasgow; R. H. Ingham, Market-street, Manchester; L. Priestly, Lord-street, and T. Newton, Church-street, Liverpool; and the Chronicle Office, Chester.

Part the First is dedicated to the consideration of the Anatomy and Physiology of certain organs. It is illustrated by 26 colored engravings.

Part the Second treats of the consequences resulting from indulgence, and their lamentable effects on the system, producing mental and bodily weakness, nervous excitement, and generative incapacity. It points out the sure means of perfect restoration to health and manhood. It is illustrated by ten explanatory engravings.

Part the Third treats of the disease resulting from infection, either in the primary or secondary form and contains explicit directions for the treatment. The section is illustrated by 62 colored engravings.

Part the Fourth contains a remedy for the Prevention of disease by a simple application by which the danger of infection is obviated. This important part of the work should be read by every young man entering into life.

The Authors, as regularly educated Members of the Medical Profession, having had long, diligent, and practical observation in the various Hospitals and Institutions for the relief of those afflicted with Syphilis, Secondary Symptoms, Stricture, Venereal and Scorbutic Eruptions of the Face and Body, have perhaps, had an unusual opportunity of witnessing their dreadful and destructive consequences in all their various stages. Hence knowing the practical necessity of sound judgment in such serious cases, and having seen the injury that has arisen from the carelessness and neglect of its study, Messrs R. & L. Perry have devoted their attention exclusively to the peculiar class of maladies and the relief they have consequently been enabled to render to their fellow creatures is fully testified and acknowledged by convalescent Patients and others daily arriving in Town from all parts of the country, for the express purpose of personal consultation.

THE CORDIAL BALM OF SYRIACUM is a renovator of the impaired functions of life. Its influence on the human system is especially directed to the treatment and removal of those affections which are produced by disorders of the degenerative organs, whether constitutional or acquired; and it is especially intended for those cases in which the powers of the frame, by undue and unnatural excitement, have been reduced to an unwonted amount of depression, and the vigor of constitution, together with the social happiness of existence appears to be entirely and irrevorably lost, the mental faculties being at the same time in a state of extraordinary impairment, so that the Spring of life appear to be sapped at the very foundation, and the only prospect left for the unfortunate victim of evil example, is a life time of misery, and a wretched and an early death. Such an one carries with him the form and aspect of other men but without the vigor and energy of that season of life which his early youth gave him every reason to expect he would attain, and many cease to be men, or at least to possess the qualifications of manhood at thirty. Persons so situated are earnestly advised to consult and study the *Silent Friend*, which they will find to be an excellent guide. It should be carefully read before a course of medicine be entered on. For such cases as these, the Cordial Balm of Syriacum is peculiarly adapted, the direct object of which is the relief of those who by an inordinate and unnatural indulgence have destroyed their powers of constitution, and of those who while advancing rapidly to that unfortunate condition are troubled with any of the premonitory symptoms which should warn of its approach, such as the various affections of the nervous system, obstinate gleet, excesses, irregularity, obstruction or imperfection of certain evacuations, debility, general or partial, total impotence, barrenness, sterility, &c.

The Cordial Balm of Syriacum is especially recommended to be taken for some time by persons who contemplate entering into the holy bonds of matrimony; lest, in the event of the marriage bed proving fruitful, the innocent off-spring should pay the penalty of the parent's previous excesses and exhibit characters of physical debility the result of early misconduct on the part of the parents. Price 11s or four at 11s., in one bottle for 33s., by which 11s. are saved.

The concentrated Defer-ive Essence an anti-syphilitic remedy, for purifying the system from venereal contamination, and is recommended for any of the varied forms of the secondary symptoms, such as eruptions on the skin blotches on the head and face, enlargement of the throat, tonsils and uvula, threatened destruction of the nose, palate, &c.; scorbutic humors, glandular swellings and diseases of the skin. Price 11s and 33s, per bottle.

The £5 cases of Syriacum or Concentrated Detersive Essence can only be had at 19, Berners street, Oxford-street, London; whereby there is a saving of £1 12s. and the patient is entitled to receive advice without a fee, which advantage is applicable only to those who remit £5 for a packet.

Perry's Purifying Specific Pills constitute an effectual remedy in cases of gonorrhœa, gleet, stricture, and diseases of the urinary organs. Price 2s. 9d., 4s. 6d. and 11s. per box.

Consultation fee, if by letter, £1.—Patients are requested to be as minute as possible in the description of their cases, stating age, occupation and position in society.

Messrs. R. & L. Perry, Consulting Surgeons, are in attendance daily, at 19, Berners-street, Oxford-street, London, from 11 till 2, and 5 till 8 in the evening, and on Sundays from 11 to 1.

Should any difficulty arise in procuring Medicines, by sending the amount to 19, Berners street, Oxford street, London, they will be forwarded direct, securely packed, to any address. 196 1y

PUNDERSON'S CONDITION POWDERS

For Horses and Horned Cattle.

THE change of weather and season with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will end in the Yellow Water, Heaves, Worms, Botts &c. All of which will be prevented by giving one of these powders once a year, either Spring or Fall, and will, at any time, cure when any symptoms of disease appears, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed.

One or two Powders will perfectly cure a recent Founder in 6 or 8 days without leaving least effect in the feet, if no blood is let, and nothing else done, only to give the powder as directed. Bleeding changes the inflammation acute to chronic, and settles in the feet. In Horse-Distemper, they allay the fever and promote a healthy termination of the disease.

One Powder will in all cases cure the Horn-Distemper in a cow, without boring the horns or doing anything more than to give the Powder as directed for a horse. An ox will sometimes require a double dose, or 2 Powders.—Every cow should have one Powder given her after calving, it carries off all fever, and cleans her well, and makes her milk good and abundant through the season. Their effect is the same on all Herbivorous animals.

As there are many imitations and counterfeits, see that you get "PUNDERSON'S CONDITION POWDERS." Agents for this City E. W. Palmer, Chas. Heath and G. Baker & Co. 25

REVIEWS.

"Decidedly the best and most useful book of the kind."—[Player.

"The information conveyed therein is really essential to those who contemplate marriage."—[Record.

"It contains precisely the information too often studiously kept from the young and thoughtless. However, the knowledge must come some time, and happy is the person who does not become its possessor too late.—[Politician.

Dr. De Ross is one of the very few legally qualified physicians who through the medium of the public press have ventured to introduce appropriate remedies for the diseases treated upon in the above work, the peculiarities of which from long practical experience in the most celebrated institutions of this country and the continent, he has had perhaps unusual opportunities of observing. The necessity for sound practical judgment in such serious cases must be obvious, hence the inference that the greatest amount of benefit may be most reasonably expected at the hands of those members of the medical profession who have made these complaints their particular study, and to those only who possess the requisite qualifications can confidence be safely extended.

Persons at a distance may be successfully treated, by forwarding a correct detail of their case, with a remittance of £1 per Post Office Order payable at the Holborn office or otherwise, when Medicines and advice will be forwarded to any address securely packed from observation.

THE ANNWOOD ESTATE, TRENTON.

Notice To Capitalists.

THE undersigned will visit Trenton early in November, for the purpose of disposing of Vacant Lots in the Village of Annwood, and Park Lots adjoining.—He will, however, be happy to treat with any gentleman or company of gentlemen for the disposal of the whole Property in one Block, including the present securities upon Sales, which amount to upwards of £4,000, allowing a large margin for profit to the purchaser.

Ten per cent. only will be required down, and Twenty one years will be given for the payment of the Balance, with covenants to release such portions as may require to be conveyed in fee.

The sole reason for disposing of the Property in this way, is that the distance from Toronto, where his interests principally lie, prevents the undersigned from bestowing that time and attention which such a valuable Property requires in order to sell to advantage in detail.

The Estate consists of 450 Acres, laid out in Town and Park Lots, fronting on the Bay of Quinte, on the east side of the River Trent, and is incorporated with, and forms part of the Village of Trenton, now one of the most rising towns in Canada West.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

Family Physic!

There has long existed a public demand for an effective purgative Pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *Pill*, but not so easy to make the best of all *Pills*—one which should have none of the objections, but all the advantages of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not, many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *Pills* produce no irritation or pain, unless it arises from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins, for in truth, all these are but the consequence of diseased action of the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds, with soreness of the body, Ulcers and impurity of the blood; in short, in any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach and side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of season. An occasional dose stimulates the stomach into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than anything which has hitherto been available to mankind. When their virtues are once known the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

Being sugar wrapped, they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box. Prepared by
