Are you distorted at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it, dear mothers, there is no mistake about it. It is perfectly safe to use in all cases, and presents to the taste, and it is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

A CHRONIC COLD OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the affected parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the few simple remedies of the age. Sold at 25 cents a box everywhere.

"THE ARGUS KEEPS THE POT,

Set him down, and went on his way with a quick step. That was enough to satisfy the Argus that he was a man of the Law. After going to his hotel and duly considering what his duty was, he returned to the office and with the assistance of the closed doors, told him that he had come to Kingston to try a case of a most startling fact, a criminal before him if he had the pelter with him. He promptly replied in the affirmative, he could be had the same on the table. "How, sir, said the agent, I will give you one dollar and a cent more, to surrender that pelter, and give my company instantly a receipt in full of all claims and demands for the last year and one day, and let me tell you, sir, when you decide to take the cent, you will be making a great saving to your insurance company, be careful and not instruct your family to purchase a pelter with their effects, boots and shoes included." The dumbfounded owner of the house, who a moment before was the smiling and joyful expectant of the full amount of the insurance, suddenly turned white as a ghost, surrendered the policy and gave the receipt demanded by the faithful agent of the company he represented."

"There," said the President of the company "that is only a single specimen of what is occurring in the time in question, sir."

"Why," he continued, "I could fill a volume with the cases in which I have succeeded, and which we know all about. The private history of this Company in detecting frauds during the thirty years of its existence, is, said in conclusion, "would, if published, be one of the most astonishing revelations ever given to the public."—Watchman.
