Practical Joke and its Consequences

The other evening a gentleman, whom we happen to know, took one of his old suits of clothes, stuffed it with straw, and placed it in a fence which enclosed the yard of a man who kept a bull dog. In the moonlight it looked much like a man sitting on the fence, and the dog lay down behind it and took a grab at the portion of the trousers that came over the fence. The animal no doubt expected to hear a fearful yell, and when none came tried another chew, and another, and began to wonder what in the sweet boys and boys the man was made of, and after seven different attempts to extract a scrench of agony, the dog gave up in despair, went away behind the barn, blushed and felt miserable, and it was more than a week before he could get his nerve up to tasting of another pair of trousers.

Yellow as a Guinea.

The complexion, in a case of unchecked liver complaint, culminating in a jaundice, is literally "as yellow as a guinea." It has this appearance because the bile, which enables the bowels to act, is directed from its proper course into the blood. In connection with this symptom there is nausea, coating of the tongue, sick headache, impurity of the breath, pains through the right side and shoulder blade, dyspepsia and constipation. These and other concomitants of liver complaints are completely removed by the use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which is also an eradicant of scrofula, erysipelas, salt rheum, ulcers, cancers, humours, female weakness, jaundice, and lumbago. It tones the stomach, rouses the liver, and after relieving them, causes the bowels thereafter to become regular. High professional sanction has been accorded to it; and its claims to public confidence are justified by ample evidence. Price, $1, sample bottle, 10 cents. Ask for Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. The wrapper bears a facsimile of their signature. Sold by all medicine dealers.
