December 15.

CHEAP BOOKS!

Moved by Mr Rutledge, seconded by Mr Haycock, that Dr. Bigham, of Cataraqui, be appointed goal surgeon, in place of the present surgeon.

Mr Williams said there was a goal surgeon already, and that two were not required for one office.

Mr Denison thought that charges should be brought against Dr. Oliver before he was removed.

Mr Haycock said they had a county man who was capable of filling the position. Dr. Bigham was a ratepayer in the county, and was therefore entitled to the position. There was his principal reason for moving the motion. It looking over the medicine account for 1874 he found that the milk bill was only $1.54. Milk was ordered only by the surgeon, and perhaps he could account for the following figures: In 1874 the amount paid for milk was $15.34; 1875, $17.89; 1876, $23.42; 1877, $60.74, equal to 1,280 quarts for medicinal purposes alone; 1878, $34.10; 1879, $44.18; 1880, $37.18; 1881, $39.84. He could not see how these sums could be spent for milk when there are so few prisoners in the institution.

Dr. Oliver said he had been goal surgeon for fourteen years and never heard any complaint before. His predecessor was Dr. Brown, who was dismissed because he was not obtainable when wanted. He (Dr. Oliver) was often called during the night to attend cases that could not await the arrival of a doctor from a distance. There are often emergencies in gaol, which, of course, require immediate attention. City physicians used to help Dr. Brown, but they soon got tired of it, hence his dismissal. With regard to the amount of milk used in the goal, there are often as many as eight persons complaining on milk alone; and on an average five, who consume a pint per day each. This would make 730 quarts per year, at 7c. per quart would amount to $51. Before he began to order milk for the children and the sick he used to order liquor, but now he does not, and he has done so for the last ten years. If the milk bill increased the other bills decreased. Milk is the only thing in the world that people subsist on, and if he did not order it, he would have to order many other things that would be more expensive.

The Warden then read the motion, but before a vote could be taken the Council was left without a quorum, when an adjournment took place.

SATURDAY MORNING.

The Council resumed at ten o'clock—the Warden in the chair.

ACCOUNTS IN DISPUTE.

Mr Walker presented a report of the Salary Committee, appointed to arrange and settle with the city as to several long standing and disputed claims, having reference to the expenses by the county of Court House Hall, also as to supplies and repairs connected with the Court House, and for which the city were liable as to part, but to report that after several conferences with the city, satisfactory settlements had been made, the city giving up their claims for interest, and they refunding the sum claimed by them, $100, and on the part of the county by abandoning the interest charged on the county items. They also examined the Court House accounts for the past year, and scheduled those for which the city was partially liable under the Court House award, which items were now submitted and passed. The amount claimed from the city is $654.94.

ADMINISTRATION OF JUSTICE.

The Committee appointed to investigate certain accounts paid by the county for the administration of justice, reported that certain items which had been charged to the city were referred to Mr R. M. Britton, for his opinion thereon. He stated that the city was not liable for the Sheriff's charges, unless it is taken into account in fixing the amount payable for the maintenance of prisoners. He thought the allowance was wrong in not taking items into account.

As to certain charges by the County Attorney, the county should pay them so far as they are authorized by the county. A large part of this cost is entailed by city prisoners, and it is unfair to compel the county to pay that part. These items also should be included in the administration of justice, and the city should be held liable for the portion of costs it incurs in this connection.

The city is liable also for its portion of the costs of conveying prisoners to the reformatory, etc.

ASSESSMENT OF PORTSMOUTH.

The Treasurer submitted the following document, signed by himself and the Clerk:

In pursuance of the resolutions passed at the meeting in November last we should make enquiries as to the time when the alteration in the assessment of the village of Portsmouth made on the occasion of the last appeal to the County Judge, should take effect, we have to report that having waited on the Judge and stated the circumstances, were informed by him that as the appeal was made against the equalization which related to the rate for 1879 so the reduction of the equalized assessment referred to by Mr Sutton, the late Reeve of Portsmouth, could take effect only from that year.

COURT PROPERTY.

The Clerk read the report of the Committee on County Property, which recommended the payment of the following accounts:

H. Brown, wood	1 00
B. McIlwire, trees	20 00
A. Navlan, do	25 00
T. McMahon	30 25
W. Robinson & Son	50
J. Jas McMahon	29 00
Heath & Gunn	2 55
R. Crawford, coal	77 40
R. Crawford, coal	225 75
Water Works Co.	10 00
Robinson Bros	5 00
G. Birch	6 16
H. Hobson	8 55
S. Hogan, wood	15 00
Gas Works Co.	2 80
Gas Light Co.	20 00
Savage & Son	6 15

The report was read and adopted.

STOP BRIDGE.

On motion of Mr McGrath, seconded by Mr Fisher, it was decided to keep the Colebridge ferry boat entirely separate from the general fund, the separation to date from the first of the year.

Mr Fisher moved that the third time and passed allowing roads to be opened in the township of Kingston, Loborough and Portland, of less than 66 feet.

THE BATH ROAD.

The special committee appointed to investigate the Bath Road matter, presented their report in which it was recommended that $1,000 now, $1,000 at the end of three months (without interest) and the amount of the unpaid dividends declared by the Company, payable in one year without interest, be accepted in full by the Council for claims against the said Bath Road Company.

Mr W. Carson, one of the Directors, explained that the Company had made a very fair offer, and if the Council could not accept, probably it would be better to sell the road and let the Council undertake its management.

Another lengthy discussion ensued in which Mr Haycock stated that if the Directors would subscribe the contents of the report it was no use passing the report.

Mr Walker did not know he was taking nonsense. The Council was not supposed to act the Bath Road Company what they would pass in resolution.

Mr Patterson moved the adoption of the report.

Moved in amendment by Mr Dawson, seconded by Mr Haycock, that the Council accept $2,000 (without interest) and indemnification against law expenses in case the Council proceed to recover the unpaid dividends from Mr John Fraser, late Treasurer of the Bath Road Company, in full of all claims with the understanding that the claims of the Council be in no way invalidated.

The amendment was put and carried on the following division:

Yeas—Messrs Brewer, Dawson, Fair, Fisher, Flynn, Grant, Haycock, Hogan, McGrath, McKenzie, Murton, Quinn, and Williams—13.

Nays—Messrs Bourk, Denison, Patterson, Rutledge, Frazier, Walker and Woodruff—7.

A PORTRAIT.

It was moved by Mr Haycock, seconded by Mr Walker, that the Wardens and Messrs Walker and Fisher, be a committee to procure a life-sized portrait of the late Warden, and have it suspended in the chamber.

MISCELLANEOUS MATTERS.

It was decided not to allow any more cows or chickens to pasture on the Court House grounds.

Mr D. J. Walker was appointed to look after the county's interest in the Bath Road Company for the time being.

THE LATE TREASURER ASSAD.

Mr Irving here made the Council an offer. He would pay to the county $350, if they would relieve him of all their claims against him.

On motion of Mr Rutledge, seconded by Mr Patterson, the offer was accepted, and the resolution passed yesterday dealing with the question, was rescinded.

Moved by Mr Walker, seconded by Mr Woodruff, that in view of the loss ($504) occasioned to the city by the negligence of the late Treasurer, the Clerk be requested to communicate with the Government in order to procure the payment of this amount if possible. Carried.

THE GAOL SURGEON.

Mr Haycock moved, seconded by Mr Rutledge, that Dr. Oliver, Gaol Surgeon, be dismissed, and that Dr. Bigham be appointed in his stead at a salary of $150, to provide all the necessary medicines.

Dr Oliver stated that the Government were strict in preventing the Gaol Surgeon from supplying medicine to prisoners. No matter who was gaol surgeon he could not furnish the medicine.

Mr Walker said the motion was out of order; it needed a days notice. Mr Haycock moved a resolution last year to the effect that all motions of this nature be dealt with by notice, which, yet he is the first to infringe the law he made.

Mr Haycock said he gave notice of the motion yesterday.

The Warden stated that as the notice was not in writing he would have to rule the motion out of order.

The Council then adjourned till the second Tuesday in June.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack whenever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame." Civil Service Gazette.—Made simply with boiling water or milk. Sold only in Packets and Tins (½lb and lb.), labelled—"JAMES EPPS & CO., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

Winter blasts are specially fruitful of coughs and colds. Children who romp out of doors during the cold season are very subject to them, and no household where there are children should be unprovided with an effectual safeguard against lung disease. Such a one is Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, a preparation in which the former ingredient possesses the utmost purity, and where its well-known pulmonic properties are increased by the admixture of the lime and soda salts. Of these the basis is phosphorus, a vitalizer that constituent of the brain, the muscles and the blood, and long recognized by physicians as a strengthening and fortifying agent of surpassing efficacy. The wants of bodily tissue consequent upon long, chest, and throat complaints is promptly checked by this time-honoured remedy, and the irritation of the breathing organs arrested and overcome by it. The article has been pronounced by physicians the best preparation of its class, and this professional verdict has found an echo in the grateful acknowledgments of many who, despairing of aid from any source, have nevertheless sought and found relief from it. Persons whose chest and lungs are weak should use it as a preventive. Asthma, coughs, colds, spitting of blood, bronchitis and larynx sore throat yield readily to it. It is also pronounced by the medical profession as a blood purifier, very manifest in various types of scrofula. Prepared only by Northrop & Lyman, Toronto, Canada.

Nervous Prostration.

Vital weakness, debility from over-work or indiscretion, is radically and permanently cured by that great nerve and brain food known as Mack's Magnetic Medicine, which is sold by all responsible druggists. See advertisement in another column.

A COUGH, COLD OR SORE THROAT should be checked. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation. For Coughs, Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an aggregation, they have attained well merited rank among the few staple remedies of the age. Sold at 25 cents a box everywhere.

The People's World-Wide Verdict

BURNETT'S COCOAINE has been sold in every civilized country, and the universal verdict is that it is the most perfect hair dressing in the world.

BURNETT'S FLAVORING EXTRACTS are invariably acknowledged the purest and the best.

BRILLIANT SCIENTIFIC TRIUMPH.—Thousands cured of catarrh, bronchitis, asthma, and lung diseases by Dr. Sarah Mackenzie's Spirometer, an instrument which conveys medicinal properties direct to the parts affected. These wonderful instruments are used in all first-class hospitals, and prescribed by leading physicians. Full directions, for treatment sent by letter, and testimonials expressed to any address. It is only since Sorwich's invention that lung diseases are no longer feared until their very last stage. Write for pamphlet to 347 Sorwich, c/o Aide Surgeon of the French Army, 13 Phillips Square, Montreal. All letters must contain stamp for reply. Mr George King, Chemist and Druggist, Sold Agent for Kingston.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relie and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

James Shannon, Leaskdale, writes:—"For many years my wife was troubled with chilblains, and could get no rest at all until about two years ago; she was then not able to work, and the pain was so excruciating that she could not sleep at night. Your agent was then on his regular trip, and she asked him if he could cure her. He told her Dr. THOMAS' ECLECTRIC OIL was a sure cure. She tried it, and judge of her astonishment when, in a few days, the pain was all allayed and the foot restored to its natural condition. It also is the best remedy for burks and bruises I ever used."

HOLLOWAY'S PILLS.—The changes of temperature and weather frequently upset persons who are most cautious of their health, and most particular in their diets. These corrective, purifying, and gentle aperient Pills are the best remedy for all defective actions of the digestive organs; they augment the appetite, strengthen the stomach, correct biliousness, and carry off all that is noxious from the system. Holloway's Pills are composed of rare balsams, unmixed with baser matter, and on that account are peculiarly well adapted for the young, delicate, and aged. In this respect medicine has gained fame in the past, so it will be found in the future by its renovating and invigorating qualities, and its incapacity of doing harm.

Hosiery.

It is commonly said that you cannot make a silk purse out of sows ears, but it is black and vice versa, but those who have grey hair, by using the "Cingalese Hair Restorer," will find that this apparent difficulty is easily overcome. For sale at Wade's Drug Store, at 50 cents per bottle.

FOR RENT.—A house and ten acres of land, five miles from Kingston; also, a good brick farm for sale, containing 120 acres. Apply to the owners, Mr William Davis, Princess street, opposite Parkhill's Grocery.

FOR SALE OR TO LET.—That Desirable Brick Dwelling House on the west side of Gordon Street, between Union and King Streets, consisting of ten rooms and hard attached, owned by Mrs Hugh Ryan. The premises contain 10 acres and are in a good state of cultivation. Terms to suit a small home. Apply to MACKENNA & MUDIE, Solicitors.

Cathartic Pills

Combine the choicest cathartic properties, are free from injurious or active principles, uniformity of effect, and are the most efficacious of yet discovered. Their action is gentle, yet decisive, and they are most agreeable to take. Their extensive use by the medical profession testifies to their efficacy in the cure of the most prevalent and troublesome ailments incident to our climate. As a family medicine they are peculiarly valuable, because they are positively free from calomel or any other injurious mineral substance, and may be taken by children with perfect safety.

AYER'S PILLS are an effectual cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Sumbiness, Biliousness, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gripes, Diarrhœa, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered state of the stomach and bowels.

As a Dinner Pill they have no equal.

While gentle in their action, these Pills are the most searching and thorough cathartic that can be employed, and better give pain than the bowels are informed of their beneficence in healing. They stimulate the appetite and digestive organs, their operate to purify and invigorate the blood, and impart renewed health and vigor to the whole system.
