CITY AND VICINITY.

Scraps from our Reporter's Note-book.

Lent closes April 9th—then look out for new bonnets.

St. John's Church, Cape Vincent, has been supplied with a new organ.

Counterfeit silver certificates of $10 and $20 are in circulation at Cape Vincent.

Clean out your cellars and back yards. By doing so much sickness may be prevented.

Cape Vincent has only one constable, the rest of the newly elected ones failing to qualify.

The Queen's College Rifle Company will probably be annexed to the 14th Battalion next session.

The name of the Prince Edward Railway Company has been changed to that of the Central Ontario Railway.

The Pembroke Standard tells its readers of the beautiful young woman who shot herself in a Kingston hotel with a blue-jacket revolver.

N.F.D., in the Canadian Spectator, reviews a sermon by Principal Grant, and notes, by the way, that the Principal is an evolutionist.

Captain Allan is pushing the work at the schooner Freeman. He has ten men at work steadily. He intends making her a first class schooner.

We extend our congratulations to Mr J. S. Powley, of Belleville, and wife (Miss Emma Asselstine, of Kingston), who were married on the 15th.

On Tuesday and Wednesday nights the clear water in the channel at Sir John's Island was frozen over so firmly that men walked safely over on the new ice.

The report that Queen's College had lost $2,000 by the forgery of securities is unfounded. The solicitor and treasurer of the College knew nothing about the matter until they saw it in print.

Mr E. Bass, of Gananoque, has been written for, to take his place on the steamer Princess Louise next Monday. This boat will make the trips to Cape Vincent until the Maud shall be ready.

Col. S. B. Hance is thinking of building a summer residence on Carlton Island next season. The time is not distant, we think, when Carlton Island will be thickly dotted with cottages from head to foot.

Matthew Arnold's strong individuality and marked features will be shown in the frontispiece of The Century for April. A biographical and critical sketch of the poet and critic is contributed by Mr Andrew Lang.

In Kingston, as in Toronto, whenever a concert is given nearly every person who sings a solo is encored and feels in duty bound to sing again. This is unjust, as the audience has no right to exact more than it pays for.

Thomas Heaslip, John Doran, and Thomas King were tried by Judge Mackenzie, in Toronto, on Wednesday, for stealing 36 pairs of pants. The first two came down to swell our west end population, Heaslip for five years, and Doran for three.

Rev. W. B. Affleck, who has been staying out at Battersea with the Rev. Mr Lawson, left on Wednesday for Toronto, where on Thursday he was made the recipient of a hearty welcome back by the members of the Temperance Reformation Society.

Arrangements are about completed for the Oddfellows' demonstration in Napanee on the 26th of April—the sixty third anniversary of the establishment of the order in America. Invitations have been issued to the fraternity in Kingston, Picton, Belleville, and Deseronto to take part in the proceedings.

If the members of Parliament would but remain over this evening and attend the Alma Mater Society, they would undoubtedly derive a great deal of benefit from having the politics of the country intelligently discussed. And then, if they could stay for Monday night's Council meeting they might pick up some points on parliamentary procedure and etiquette.

A PAIR OF RUFFIANS.

On Tuesday evening last, Lawrence Gavin, Harry Larkins, and a young man named Sullivan, entered Bethel Church, McCrone's Corners, near Gananoque, where a meeting was being held, making considerable disturbance in going in. Gavin, particularly, was offensive in his actions, and on being quietly requested to keep still or leave the church, he broke out in such a torrent of profanity as to put a stop to the services; and continued it this course until it was found impossible to proceed with the services, and the meeting was dismissed. It was an outrage that should not be allowed to go unpunished. Legal proceedings are being taken in the matter.

FOR THE PENITENTIARY.

John G. Wilkinson, a young man who has been acting deputy-postmaster for his father at Renton Station, was arrested last night by county constable S. McNair, accompanied by Mr G. A. Burnham, of Toronto, assistant P. O. Inspector. He was arraigned on Thursday morning before the Police Magistrate, and pleaded guilty to abstracting $6 from a letter. There were many mitigating circumstances in the case of the prisoner, who is quite young and has always borne a good character, and he was given the most lenient sentence possible under the statute. He was sent to the Kingston Penitentiary for three years. A petition for a commutation of the sentence will be got up by his friends, and it is hoped it will be favourably considered by the authorities.

A Good Housewife.

A good housewife, when she is giving her house its spring renovating, should bear in mind that the dear inmates of her house are more precious than many houses, and that their systems need cleansing by purifying the blood, regulating the stomach and bowels to prevent and cure the diseases arising from spring malaria and miasma, and she must know that there is nothing that will do it so perfectly and surely as Hop Bitters, the purest and best of medicines.—Concord (N.H.) Patriot.

ST. PATRICK'S CONCERT.

The concerts of the St. Patrick's Society in the past have always been successful. Last evening's entertainment was not an exception. The Opera House was crowded to its utmost capacity by a most enthusiastic and appreciative assemblage. After an overture had been played on the piano by Mr Telgmann in a masterly style, Mr Galloway contributed a song, "The Minstrel Boy," in a fine, rich tone of voice. He was warmly applauded. Miss S. Burton next sang in her charmingly characteristic manner the "Beautiful Girl of Kildare." She responded to an encore. A violin solo by Mr Telgmann was vociferously applauded. The city may well be proud of such a musician. A quartette ("The Professor") by Messrs Galloway and Crumley, Mrs Galloway and Miss M. Burton fairly brought down the house. After the storm of applause had somewhat abated Mr T. H. McGuire announced that the second part of the programme, the panorama, would now be proceeded with. The scenes, which were illumined by the oxy-calcium light, were excellent, and gave the spectator a good idea of Dublin, Cork, Belfast, Lakes of Killarney, etc. The explanations of Mr McGuire, who spoke largely from experience, enhanced the appreciation of these interesting scenes in no small degree. Mr Greenwood opened the third part of the programme by an Irish melody, entitled "Maureen Cosha Dhas." The song was well received. Miss Burton again appeared and gave "Molloy's welcome," for which she received a perfect storm of applause. Mr Telgmann next came forward, and contributed a rare musical treat in the shape of a violin solo. The appreciation was unfeigned, as Mr Telgmann is a universal favourite. Mr Greenwood then sang "Killarney" in fine style—and then one of the most pleasant concerts of the season was brought to a close with the National Anthem.

BURNETT'S COCOAINE

Has Received Universal Endorsement

No other preparation possesses such remarkable properties for embellishing and strengthening the hair and rendering it dark and glossy. It cures baldness and eradicates dandruff.

BURNETT'S FLAVORING EXTRACTS are the best.

Ninon de L'Enclos,

the celebrated French beauty, enthralled hearts at the age of seventy. She took care of her teeth. So ought all her charming sex. Any lady whose toilet table lacks it, should procure SOZODONT and use it regularly. Her mirror will soon reflect a row of teeth shaming the pearls of the Orient in beauty, making a charming contrast with the vermillion tint of the lips. No tooth-wash equals it.

The Spirometer.

Last year over two thousand people were cured of catarrh, bronchitis, asthma and lung disease by Dr. M. Souvielle's Spirometer, an instrument which conveys medicinal properties direct to the seat of the disease. Instruments, with full directions sent by express to any address. Write for particulars to Dr. M. Souvielle, ex-Aide Surgeon of the French Army, 13 Phillips Square, Montreal. All letters must contain stamp for reply.

A Public Meeting

should be called of the citizens of every city, town and village in the Dominion, to consider what should be done to prevent the hair from turning grey—and falling out. If this important question received their earnest consideration they would unanimously decide that science had at last discovered something that would answer this purpose—and furthermore would recommend Cingalese Hair Renewer as being this something for restoring the hair to its natural colour, and prevents its falling out. For sale at WADE'S DRUG STORE, at 50 cents per bottle.

RHEUMATISM; yes, and Neuralgia too, are greatly relieved and often entirely cured by the use of Perry Davis' Pain Killer. Try it.

PIANOFORTE TEACHING.

Canada Life Assurance Company
(Established in 1847.)
CAPITAL AND ASSETS .... over $5,000,000
ANNUAL INCOME .... over 1,000,000
TOTAL ASSURANCES .... over 25,000,000
Ninety per cent of Profits allowed to Policy holders at each division.
Carefully note the following:—Percentage of Expenses to Income for 1880—Canada Life, 14 78; Citizens', 23 78; Confederation, 25 50; Sun Mutual, 29 73; Ontario Mutual, 31 10; Mutual, 39.29 (The three last named Companies are Mutual.) These figures afford a fair basis for judging of the profit making powers of the respective Companies. Assurers joining now will share in FOUR YEARS PROFITS at next division in 1885.

March 13

HOLLOWAY'S PILLS,
This Great HOUSEHOLD MEDICINE ranks amongst the leading necessaries of life.
These famous Pills purify the BLOOD, and act most powerfully, yet soothingly, on the
LIVER, STOMACH, KIDNEYS,
and BOWELS, giving tone, energy and vigour to the great main springs of life. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to females of all ages, and as a general family medicine are unsurpassed.

Holloway's Ointment.
Its searching and healing properties are known throughout the world for the cure of Bad Legs, Bad Breasts, Old Wounds, Sores and Ulcers, it is an infallible remedy. If effectually rubbed on the neck and chest, as salt into meat, it cures Sore Throat, Diphtheria, Bronchitis, Coughs, Colds and even Asthma. For Glandular Swellings, Abscesses, Piles, Fistulas, Gout, Rheumatism and every kind of Skin Disease, it has never been known to fail.
The Pills and Ointment are manufactured only at 533 Oxford Street, London, and are sold by all Vendors of Medicines throughout the civilized world, with directions for use in almost any language.
The Trade Mark of these Medicines are registered at Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.
Purchasers should look to the label on the pots and boxes. If the address is not 533 Oxford Street, London, they are spurious.

January 19.

WANTED.—TWO SMART, ACTIVE BOYS at J. F. McDERMOTT'S, King Street.
March 14

A Freezing Idyl.

We stood on a bridge at evening,
Myself and the Lady Clare,
While the moon on the waters shimmered
In its mantle rich and rare,
And I swore by its silvery sadness,
By the stars in the heavenly blue,
That I loved the Lady Clare,
With a love that was good and true

But she gazed on the flowing river,
While her thought seemed far away,
And I saw by the moonbeams dancing
That her eyes looked cold and gray.
And on either side of the mountains,
Like sentinels stern and drear,
Arose o'er the peaceful waters,
While their shadows gathered near.

"I have loved thee, Lady Clare,
These many changing years;
Thine eyes have been my soul-stars,
Thy smiles, my hopes and fears.
Thou art my life, my love-light;
For thee I breathe alone;
Oh speak, fair Lady Clare,
One little word, my own!"

And thus, where the moonbeams lingered
By the gently gliding stream,
I told the old, old story,
And it seemed like a happy dream.
Then she turned in her queenlike beauty,
While my heart for a moment froze,
As she whispered, "I thick, good captig,
I ab getting a code id by dose."

DISTRICT DRIFT.

Condensed and Collected into a Newsy, Readable Form.

Mr Wm. Hinch, of Camden, died on Tuesday morning after a lingering illness, at the advanced age of seventy years. Deceased was much respected.

The Lennox County Council appropriated nearly $70,000 to be expended on county roads during the coming summer.

Edmund Hooper, M.P., Napanee, has an excellent farm near Two Little Points, Manitoba, and intends to take an active interest in the progress and prosperity of his neighbourhood.

The Armstrong family, of Napanee, have entered into an agreement with Batcheller & Doris, proprieters of the Intereocean circus, to furnish a band for the organization during the coming summer. They leave about the 4th of April to join the company at Philadelphia.

The family of Mr Harton, of Centreville, is sadly afflicted with diphtheria. During the early part of the week he lost one daughter, and two or three others are seriously ill.

The Presbyterian congregation of Newburgh will give a concert in Burdett's Hall, in that village, on Tuesday evening, 28th instant.

A considerable quantity of grain has been marketed in Napanee this week, considering the wretched condition of the roads.

The Napanee band boys netted a handsome sum by their concerts at Tamworth and Newburg.

The Napanee Court House is to be rejuvenated and improved in its outward appearance.

The Napanee band will purchase their new uniforms at once.

Messrs Rathbun & Son have bought one of the most convenient docks in Picton harbour, and it is stated are negotiating with Captain Forte for the purchase of the steamers Varuna and Utica.

It is stated that one Hill, who was employed on the grading of the Napanee and Tamworth railway, has discovered a seam of coal about eight miles back of the village of Tamworth.

John D. Ham, Esq., of Newburgh, arrived home on Wednesday evening from Ottawa. *It is understood he interviewed the Government with a view to the organization of a colonization syndicate to operate in the Northwest, and that his proposition was favourably received by the authorities.*

The Napanee Dramatic Club gave "Belphegor" at Deseronto on Friday.

The pupils of the Napanee High School have organized a debating club and interesting discussions are held every two weeks.

The M.E. Church, Napanee, held a very successful social on Tuesday evening.

There will be a grand sugar social held in the Orange Hall, Colebrook, on Thursday evening, March 23, under the auspices of Loyal Orange Lodge, No. 532. This will be the sweetest entertainment of the season.

The steamer Flight is on the ways at Napanee and is being completely overhauled. She is to have an entire new frame aft of the boiler, and is to be placed in first class condition for next year's business.

The big mill at Deseronto will start as soon as the weather permits.

A new locomotive is on the way for the B. Q. R. R.

Messrs. Boulter and Dunning are away in Toronto this week purchasing the plant for the new canning factory at Picton, and securing seed of different kinds to supply farmers who may desire to grow vegetables to be used for the same.

The Picton Driving Park Association have concluded to offer $750 in prizes to be competed for, on their track, on Dominion Day. There will be three purses for trotting horses. 1st purse free to all, $500; 2nd purse, $150; 3rd purse, $100.

An iron bridge is to be constructed at Chisholm's Rapids on the line of the Central Ontario Railway.

The Head Master of the Picton High School gets $1,000 per annum. The average attendance last month at the school was 98.

The dwelling house of Mr Joseph Spencer, Picton, was destroyed by fire a few days ago. Insurance, $1,200.

St. Gregory's Church, Picton, gave a grand concert last evening, at which the 16th Battalion band performed.

The Picton Presbyterian congregation had a very successful social in their church on Friday evening.

The Liberal Conservative Association of Addington met at Clarks' Mills on Saturday, 11th March. A deputation from Lennox Association was present and delivered addresses.

Mr O. V. Goulette, of Gananoque, laid information some days ago against Mr Cook, Head Master of the Public School, for whipping his son severely. The case was settled by Mr Cook paying costs.

A meeting of the Lansdowne Agricultural Society was held on Tuesday at the Secretary's office.

Mr G. Hill, teacher in the sixth concession of Lansdowne, was presented with several tokens of love and esteem by his pupils on Friday.

Pembroke is to have a new woollen factory.

Horse races are taking place on the ice at Pembroke.

Quite a number of people left the locality of Gananoque on Wednesday last for Manitoba.

The Free Methodist Evangelists have this week been holding nightly services at Mr W. Kettle's, nine miles east of Gananoque.

Mr John B. Wilson, McCrone's Corners, has sold to Mr Caleb Smith a one year old Durham grade bull, which weighed on Feb. 1st 715 lbs. From last August on for five months it gained in weight at the rate of 1½ lb. a day. The price was $50.

$7,000 has been subscribed for the new Methodist Church, Pembroke, and the prospects for further contributions are bright.

The Iron Mines of Prince Edward Co.

Messrs S. J. Ritchie, of Aiken, Ohio, and J. B. and G. W. McMullen, of Picton, proprietors of the Prince Edward Railway, have bought three-fourths of the extensive mining property owned by Mr Wm. Coe, of Madoc. It consists of some fifteen thousand acres in several townships in Hastings and contains some of the richest magnetic iron mines in the world. In several of them the veins are from fifteen hundred to two thousand feet long, and over one hundred feet wide. The ores are reported by Professor Chapman, of Toronto University, to average from sixty-six to sixty-eight per cent of metalic iron without titanium or other injurious elements, and there is said to be many millions of tons in sight along the level of the surrounding country. Mr Coe has spent twelve or thirteen years picking up the property, which is regarded as the neucleus of an immense mining industry. Mr Ritchie is an American capitalist, intimately connected with many of the largest steel rail establishments in the United States and has already turned his attention to the new district. The Prince Edward Railway will be extended to three or four of the mines this year, and as much ore as can possibly be carried in a year is said to be already engaged. The parties have also bought all the available dock frontage on Weller's Bay—over one hundred acres in extent—and will erect large elevated docks there, which will be ready as soon as the road can be extended. Mr Ritchie has also made a proposal on behalf of Pittsburg and Cleveland capitalists to erect a steel rail mill at Weller's Bay, which can be supplied with ore from these mines, as they are exactly suited for making Bessemer steel, the supply of ore being smelted. This seems by far the most important movement ever taken in this part of the country, and if a Bessemer steel rail mill is put up, involving as it will the expenditure of not less than a million and a half of dollars, Prince Edward County will be revolutionized in an industrial way. Three of the mines will be at once opened out, and two or three thousand tons per week taken from each, pending the completion of the road, which will be built from Trenton to the townships of Suden and Wallestown, a distance of about eighty miles.

Don't Pause to Consider,

But when you find your hogs, sheep, poultry, horses or cattle of any description, lean and suffering from the want of health, just mix their feed with Harvell's Condition Powders, and settle the matter at once! These great specifics are sold everywhere.

Waste No Time

in vain attempts to eradicate blemishes of the teeth, but buy SOZODONT at once and apply it vigorously. Never fear that it will hurt the enamel of your teeth like dentifrices you may have used. On the contrary it will keep the teeth intact, render them bright, and perpetuate or restore the health of the mouth's interior. Retard decay and stay times defacing finger with rejuvenating, pleasant and wholesome SOZODONT.

NURSERY MEDICINES.—We do not believe in dosing children with drugs and medicines from the time they arrive in the world till they are grown, as some do. *We have found a little castor oil and a bottle Perry Davis' Pain-Killer safe and sure remedies for all their little ills and would not do without them.*

Since vitality or nervous strength is engendered most speedily by the use of Fellows' Syrup of Hypophosphites, it is the remedy calculated to not only to mitigate the violence of wasting diseases, and induce a rapid recovery, but also to protect such as use it from being attacked by epedemic maladies.

AT ALL SEASONS, but particularly during the winter, persons whose lungs and chests are weak should take every precaution against a cough or cold, as the breathing organs, if naturally feeble, speedily succumb to its ravages. In spite of sanitary precautions, however, coughs are very apt to fasten themselves upon weak lungs. In such a case ordinary prudence dictates the prompt use of a reliable specific. The ordinary cough remedies are too often inefficient. The best substitute for them is the highly sanctioned, long recognized remedy, Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. As is well known, the action of Cod Liver Oil is particularly marked in lung, rheumatic and strumous diseases. In this preparation it is characterized by peculiar purity. The phosphorus in the hypophosphites furnishes a vital element of the blood, brain and nervous tissues, and the lime and soda supply their strengthening properties to the bones of which they are natural constituents. This emulsion promotes expectoration, enabling the bronchia to throw off the irritating mucus which obstructs and distresses them; renders the vitiated secretions healthy and heals the lungs. This remedy has also been used with the most beneficent effects in cases of scrofula. As it is exceedingly dangerous to permit a cough to gain headway, the early use of the medicine is urged upon those whose throat or lungs are affected. Look for the fac-simile of our signature on the packages and the firm's name blown on the bottles.

Middle-aged Men often lack vigor; this can be restored by that great brain and nerve food known as Mack's Magnetic Medicine. Read the advertisement in another column of to-day's paper.

Rheumatism.

This widespread affliction and all kindred ailments are at once arrested by Dr. Herrick's Sugar-Coated Vegetable Pills, and, through their continued use, finally eradicated out of the system. This fact is known all the world over. They contain no mineral substance of any kind.

HOLLOWAY'S OINTMENT AND PILLS.—Glad Tidings.—Some constitutions have a tendency to rheumatism, and are, throughout the year, borne down by its protracted tortures. Let such sufferers bathe the affected parts with warm brine, and afterwards rub in this soothing Ointment. They will find it the best means of lessening their agony, and, assisted by Holloway's Pills, the surest way of overcoming their disease. More need not be said than to request a few days' trial of this safe and soothing treatment, by which the disease will ultimately be completely swept away. Pains that would make a giant shudder are assuaged without difficulty by Holloway's easy and inexpensive remedies, which comfort by moderating the throbbing vessels and calming the excited nerves.

SULLIVAN'S CHALLENGER.

Egan "The Terror" of Troy Pressing the Champion Pugilist Hard.

Thomas Richard Egan, who challenged John L. Sullivan before the fight with Ryan, has been persistent in his efforts to get up a match between himself and the champion ever since the mill in the South. Egan is in Troy, and is known as "The Terror." The local feeling is very strong in his favor, and it is said that there is plenty of money to back him. He is described as a man of great surface muscular development, but lacking in staying power, and decidedly "soft."

"The Terror" wants to fight for $2,500 a side, under the rules of the London prize ring, and claims that Sullivan evades him when he refuses to fight for less than $10,000 a side. Sullivan has offered "The Terror" $125 to stand up before him for four rounds in a glove fight. Sullivan also offers $100 to any pugilist in the world who will spar him four rounds with the gloves, Marquis of Queensberry rules, at American Institute Hall, which he has engaged for Monday night the 27th inst., "to show the citizens of New York how he defeated Paddy Ryan with ease." To these opportunities "The Terror" always returns the same answer—wants to fight with bare knuckles, according to the rules of the London prize ring, and won't put on the gloves. In his last challenge, to which Sullivan has not yet made formal reply, "The Terror" says:

He need not hope to throw me off by boasts about glove fights. He states that he has no desire to fight with bare knuckles for he fears to make himself amendable to the law. My challenge was issued long before he made any such statement, and before he refused to fight for less than $10,000. Paddy Ryan gave him a chance and fought him for $2,500. Will he give me an equal chance—fight for $2,500, and defend his title?

Proposed Importation of Trees.

For some time past some of the gentlemen of the Executive Committee of the Montreal Horticultural Society and Fruit Growers' Association of the Province of Quebec have felt that the time was at hand when an effort should be made toward doing something for the improvement of the fruit culture of the province, and, by taking advantage of experiments that have already been made in the United States at different points, reap the benefit of what has been to them somewhat expensive. Western Europe is tempered by the Gulf stream influence, and its fruit, as a rule, are adapted only to our most favourable localities. The lack of hardiness of these fruits and of their offspring, tried upon the prairies of the North-Western States, has led to importations from the dry interior regions of Russia, where the summers are hot and dry, and where the cold in winter is as intense as in the city of Quebec.

The first large importation was made by the department of Agriculture in the United States at the city of Washington, and composed 252 varieties of apples from St. Petersburg, but it was found that the climate at that point ripened them prematurely. The next was of 150 varities of apples and a few Russian pears, sent to A. T. Tuttle, of Baraboo, Wisconsin, by the United States Consul at Moscow. The State of Iowa was the next to further operations by her experimental station at Ames. It began by importing 200 varieties of apples, 15 ... 6 of plums, and 9 of cherries, selected with great care ... Professor ... in the ... Moscow, and ... Sinebrink and ... 54. Further importations ... received from St. Petersburg ... collections from ... lection of the ... All these importations ... expensive to our neighbours ... States can be utilized by us at ... tively small expense to the great benefit of our own country. In order to bring about the best results and produce by absolute test fruit trees that shall not only be hardy and stand the vigour of our cold climate, but that will bear fruit adapted to the wants of the people and suitable to our peculiar position in the north, we need an experimental station. The cost of this need not be great to start with, and may be safely considered as an investment for the welfare of the whole Province.

In view of these facts action was taken by the Executive Committee of the above named Association, and a deputation was appointed to wait upon the Council of Agriculture and bring the matter before them for their consideration. This duty was performed on Wednesday, March 1st, and from the interest taken in the matter by the gentlemen of the Council it is hoped that good results will follow, and some way be devised by which the project in view may be carried out.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*—Made simply with boiling water or milk. Sold only in Packets and Tins (½lb and lb.), labelled—"JAMES EPPS & Co., Homoeopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

A. Maybee, merchant, Warkworth, writes: "I have sold some hundreds of bottles of Dr. Thomas' Eclectric Oil, and it is pronounced by the public 'one of the best medicines they have ever used;' it has done wonders in healing and relieving pain, sore throat, &c., and is worthy of the greatest confidence."

The best form in which electricity is embodied is Dr. Thomas' Eclectric Oil, a sovereign and highly sanctioned specific for rheumatic pains, and a thoroughly reliable remedy for all affections of the throat and lungs, used externally and internally.

Fellows' Compound Syrup of Hypophosphites will not only supply the waste going on in the brain, but will enable the mind to endure a greater tax than before. It will impart vigour and promote clear conceptions to the intellect. It will strengthen the nerves and give tone to all involuntary as well as the muscles of the body.
