CABLE NEWS.

London, Dec. 31.—One day's later news has been received from Constantinople. The insurgents in Crete have all made submission to the Turkish authority, and a Provisional Government has been established there.

Paris Dec. 31.—A despatch from Constantinople states that Petro Paulaki and the Greek volunteers in Crete have surrendered to the Turks.

A decree signed by M. Rouher is published, which assigns to the new organ of the Government the title of *Journal Offiel de l'Empire*.

Constantinople, Dec. 31.—It is officially announced that the last of the insurgents in the island of Crete have surrendered to the forces of the Porte.

Madrid, Dec. 31.—Gen. De Moda having restored quiet in Seville, has returned to Cordova. The National Guard at Seville has been disarmed.

London, Dec. 31.—A despatch from Suez, in anticipation of the Australian mails, states that intelligence had been received at Melbourne from New Zealand that fifty European families had been murdered by the Maories.

London, Dec. 31.—The meeting of the Conference of the Great Powers on the Oriental Question, which was fixed for the 5th of January, has been postponed and the date of its assemblage, if indeed it is convened at all, is now quite uncertain.

Madrid, Dec. 30.—There was a demonstration at Seville some days ago, and Gen. Caballero de Roda was ordered there with a body of national troops. The people were disarmed before the General's arrival. The country is entirely tranquil.

London, Dec. 31.—A despatch from Vigan reports that a terrible explosion occurred in the Haydock colliery to-day, and twenty-two dead bodies have already been taken out of the mine.

Dublin, Dec. 31.—Cole Bates, Justice of the Peace at Tipperary, has been shot dead in that city by unknown parties. No arrests have been made.

Paris, Dec. 31.—Official journals say that the Emperor Napoleon, in addressing foreign ambassadors on New Year's day, will compliment them on the exertions made by the Great Powers to settle the Eastern question, as a new pledge of the peaceful policy which France desires. It is reported that the Conference, if held, will adhere to the Turkish Ultimatum.

A despatch from Athens says that the Greek war minister's *aid-de-camp* has gone to Corigo so disband the volunteers.

A Constantinople despatch says that the Turkish Government, since the departure of the Greek envoy, shows good feeling towards the Greek residents of that city.

Madrid, Dec. 31.—Disturbances have occurred in Malaga, where barricades have been erected in the streets by a portion of the people. The disorder is likely to be easily suppressed. The Carlist agitation continues in Navarre.

Constantinople, Dec. 31.—The Turkish newspapers say that the Porte has not accepted, and probably will not approve, of a European Conference.

Corfu, Jan. 1.—The Government of Greece is actively engaged in perfecting and completing the armament of the national troops.

Cork, Jan. 1.—There was a large Fenian demonstration here to-day, at which Mr O'Sullivan made a strong speech.

London, Jan. 1.—Mr Ashbury, in his note to Messrs Bennet and Stebbins, of New York, relative to the proposed yacht race, after objecting to the tonnage of the Dauntless, says he will race the Phantom across the Atlantic. He will go in any event, and will give the Sappho and other English yachts a chance to accept.

Queenstown, Jan. 1.—The steamship Java from New York, touched here at one o'clock this afternoon, and proceeded to Liverpool.

Southampton, Jan. 1.—The steamship Cambria from New York touched here at 1 o'clock this p.m. After disembarking English passengers and mails, she proceeded for Hamburg.

London, Jan. 1, Evening.—There have been no markets at Liverpool to-day; in London there have been a few transactions in American produce.

St. Petersburg, Dec. 31.—The *Journal of St. Petersburg* editorially expresses the hope that the Porte will withdraw the ultimatum sent to Greece before the conference of Ambassadors.

Glasgow, Jan. 1.—The steamship Columbia, which put into Queenstown a few days ago with her shaft broken, arrived here the day before yesterday.

Paris, Jan. 1.—There has been a very considerable outflow of specie from the Bank of France during the week just passed. The official statement of the condition of affairs of that institution is published to-day, whereby it is shown that the amount of specie on hand is quite 31,000,000f. less than at the corresponding period last year.

Paris, Jan. 1.—The Emperor Napoleon, on the usual New Year's reception of the diplomatic corps, in replying to the address of the representative of the foreign Powers, said that he realized with much pleasure the conciliatory spirit animating European Governments, which enables them to quiet hostilities and smooth international difficulties as fast as they arise, thus insuring the continuance of peace. He confidently hoped that the year 1869 would prove as satisfactory as the year which had just closed, and that the course of events may dissipate unfavourable apprehensions and consolidate the peace so necessary to the welfare and progress of civilized nations and peoples.

Florence, Jan. 1.—King Victor Emanuel to-day, in his reply to the New Year's congratulations of the military staff, said that the present situation of Italian affairs was good; but that if the present amicable situation should become clouded and troubled, and war should in the future appear to be imminent, he should confidently rely upon the loyalty and patriotism of the army to sustain him in maintaining peace and the national honour.

London, Jan. 1.—The *Times*, to-day, in a leading editorial denounces the projects of the Liberals for the abolition of primogeniture, &c., and says that England is essentially aristocratic and conservative.

London, Jan. 1.—The directors of the bank of Overend, Gurney and Co., which failed some time ago, and whose affairs have been in process of liquidation, have been arrested and held to bail on a charge of fraud in the management of its affairs.

New York, Jan. 2.—The *Herald's* London special says Mr Burlingame and Lord Clarendon, the new British Foreign Minister, had an interview to-day, when they agreed upon principles for the future British policy to be adopted towards China. Lord Clarendon, in reviewing his former conversations, fully acknowledged the propriety and justice of the several points which Mr Burlingame had advanced in reference to the policy which he deemed it desirable that England should pursue. Mr Burlingame held that the objects of the present mission showed evident signs of progress, and by no means evinced a retrogade disposition on the part of the Chinese Government. He also deprecated the practice of the Western Powers in using an unfriendly pressure to introduce new systems and new ideas among a people whose knowledge of foreign nations was of recent origin, and who were nurtured under a traditional system to which they were accustomed and attached, because such repressive policy would tend to revolution and repress progress; whereas the Chinese Government fully admitted the necessity of progress, and desired to encourage it gradually without any sudden shock to the feelings, passions, or prejudices of the people.

The *Herald's* Madrid special says General Caballero de Rolla, after having issued a proclamation to the insurgents at Malaga to throw down their arms, and they refusing to submit, the General declared the place in a state of siege. The town was then attacked by the Government troops. The insurgents were fought on the streets and defeated, when General Caballero succeeded in restoring order.

The *Herald's* Constantinople special says the Turkish Government received an invitation yesterday to be represented at the proposed Conference of the great European Powers on the Eastern question. It is asserted that Fuad Pasha has been appointed to represent the Sultan.

The *Tribune's* Washington special says the English Government is said to have sent an agent to Bogota to watch Mr Cushing, and see that the United States does not get too much advantage in the Darien ship canal navigation.

JOSEPH HALL

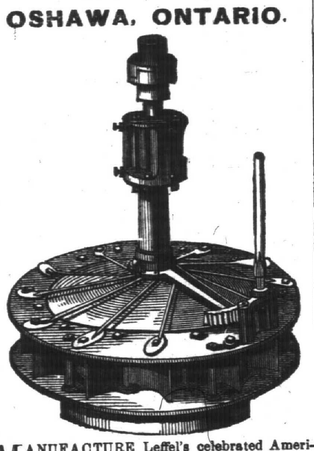
MACHINE WORKS,

ESTABLISHED 1851.

JOSEPH HALL MANUFACTURING Co.,

PROPRIETORS,

OSHAWA, ONTARIO.



MANUFACTURE Leffel's celebrated American DOUBLE TURBINE WATER WHEELS, *the most perfect and economical water wheel in use.*

We are the only manufacturers who can furnish the genuine "Leffel Wheel" in Canada, as will be seen by the following certificate:

Springfield, Ohio, Dec. 25th, 1868.

We take pleasure in informing the public of Canada that we have sold and furnished Mr F. W. GLEN, of Oshawa, Ontario, Patterns, Formers, Drawings, Gauges, and all other necessary information, to build our celebrated Double Turbine Water Wheel, invented by James Leffel, and known as the "Leffel Wheel." We have also obligated ourselves to furnish the same facilities for manufacturing to no other parties in Canada. Without the information we have given Mr Glen, no one can successfully build our Wheels, and we advise parties in Canada to purchase our Wheels of no other manufacturer. Mr Glen's facilities are unsurpassed, and we feel sure that he will build a Wheel that will give perfect satisfaction. We therefore commend him to the public of Canada with entire confidence, feeling sure he will manufacture a wheel in all respects equal to our own.

(Signed) JAMES LEFFEL & Co.

WARRANTY.

Our wheels are warranted to work to entire satisfaction, if properly put up, run, and taken care of—and then if they do not perform to the entire satisfaction of the purchaser, after running them 60 days, they may return the wheels to us, and we will pay freight, both ways, and refund all payments made to us thereon. This guarantee will be strictly adhered to.

We call especial attention to our superior Gearing of all kinds for attaching our wheels, made light, and adapted to the high speed at which the wheels run. We caution purchasers against using heavy shafting and gearing.

☞ We also manufacture all kinds of Saw and Flour Mill Machinery, including Steam Engines and Boilers, English and American Gangs, Hand-setting and Self-setting Circular Saw-Rigs, Upright and Oscillating Mulay Saw-Rigs, Gearing, Shafting, Pullies and Hangers, &c. &c. Also, Shingle Machines and Jointers, Leather-Splitting Machines, Knife-Grinders, Woolen Machinery, Washington Hand Printing Presses, Gordon's Power Press, Taylor's Cylinder Press, and Blake's Patent Steam Pump.

Catalogues containing full information furnished free to all applicants. Address—

F. W. GLEN, President,
