RECENT SUCCESS OF NEW ZEALAND.

Napier Bay, Jan. 7, 4.30 p.m.—The arrival of the Colonial Government p.s. Sturt, Captain Churchill, this day, at 12.30 p.m., has given possession of highly important news from Poverty Bay. It appears that the natives, being in a state of starvation, desperate, and—two previous attempts to escape having failed—made a rush from their position at Ngatepe, and was completely surrounded by our forces, and succeeded, with great loss, in forcing their way through into the dense bush from which the rebel stronghold is surrounded. This, however, was almost impossible, and they were followed and shot down, the women and children being taken prisoners. At the date of our last news our loss in killed had been 120, and that of prisoners taken 100, the latter mostly women and children. Te Kooti, who certainly was among the few (supposed about 40) who had not yet been taken, as the engagement was still not over, there is every reason to hope that he will yet be secured. Our own loss has been as follows:—killed: Capt. Brown, 4th Division A.C. (Fraser's), and 6 Native Allies. Wounded, 18.

The Colonial Government paid a special messenger Sturt arrived in Napier on the afternoon of Thursday last, bringing the news and intelligence that Ngatepe had been taken by the forces under Colonel Herrick, and great loss inflicted on the enemy, 130 being killed, and 80, chiefly women and children, taken prisoners.

On Monday and Tuesday the pa was shelled, the practice being represented as good. One shell is said to have hit a native in the chest, and to have blown him to pieces—at the same time killed five others.

In connection with the operations at Ngatepe, a good story (which we believe to be well founded) is told of the late Colonel Richmond. Ammunition was short at the front. It was placed on a pack for transmission, but no one could be found to drive it without an escort: whereupon Richmond jumped on the cart, took the reins, and himself conveyed the ammunition to where it was wanted, whilst the fighting was going on vigorously, and the waiting party was close to the enemy's fire on Monday night. The assault took place at daylight on Tuesday morning, the main body of the forces who had been engaged sapping in front; Major Fraser and his mean scaling the rocky height in the rear. There were not men enough to surround the hill upon the summit to which the enemy had taken position; in consequence he had begun to make escape by dropping over the cliffs to the right. His immunity, however, was short-lived. Sixty of the enemy were found in the trenches—a good many of them were killed by shell; and sixty more were overtaken in the pursuit. Among the chiefs Mokoro and Rangiabo. The capture of the former is well known, and it is said that £50 was given for his head. Rangiabo at the head of a small body of men, some 40 or 50 in number. This party in pursuit, made a stand in the bush and were attacked by Ngatiporou, who killed on the spot. Unfortunately the villain Te Kooti was among the few that escaped, but the pursuit was vigorously followed up, and there was no chance of his ultimate escape. Eighty women were taken, 14 of whom were with the rest women and children, Mr E. Smith, we learn on good authority, was the man to enter the fortified position of the enemy. The sight was truly sickening—many of the dead being in a state of advanced decomposition, and awfully spoiled from the effects of shell. The place would appear to have had very little ammunition left. A few watches, some plate, and £50 or £60 in money, part of the Turanga plunder, were found in the place. The old men, women, and children were painfully emaciated, the law having been lately that, provisions being short, the best fighting men should be fed.

Ngatepe is a wedge-shaped mountain, densely covered with bush and dense scrub to the top, and estimated to be two hundred feet above the level of the sea. Scrub had cleared the summit of its timber, and used its trees for defensive purposes—the remainder being still densely wooded. There was a deep gulley up the steepest slope, and it was up this our forces made their ascent. The trench was tedious and laborious, but it was considered that to attack it in any other fashion would involve a fearful sacrifice of life.

Te Kooti is supposed to be making for Waikato in the Uriwera country. Advices from the Uriwera country, however, with the fact of the Uriwera natives being engaged against us, leave it probable that the pursuit may take that place, which would be a very serious thing, if practicable. It was rumoured in Poverty Bay that it was the intention of Colonel Whitmore to leave a force of 100 picked men, and to proceed with the remainder to the West Coast.

Among the Hauhaus killed, in addition to the two chiefs named above were Wiremu Tipi, and Paora te Riri. One of the prisoners taken is Kepa, son of Paora te Pokiatiki, who is reported to have taken part in the murders of Messrs Finlayson and Ferguson.

Our loss is said to be one officer killed and one wounded; ten men killed and ten wounded, only one dangerously. The loss, so far as we know, have been confined to no one here.

Napier 10th.—H. M. Blanche, steam launch arrived this morning, confirms above news with the exception of Te Waru being taken prisoner. Number of prisoners 130—all women and children. Te Kooti has not yet been given up. Killed, Captain Brown, No 7 company; Sergeant Hendricks, of the Arawas; privates McLeod and Sawyer, No 1; private Clarendon, No 3, and 5 Ngatiporou. Wounded, Lieutenant Spencer Capel, in the arm, and 9 others. All these casualties occurred in the attack, before the natives left the pa. Weather terribly rough, and bad weather.

COLONEL WHITMORE'S DESPATCH.

Napier, 12.4 p.m., Jan. 7.—The fortress of Ngatepe fell yesterday morning into our hands at 9 a.m. The troops and natives bivouacked overnight in full possession of the outer wall and works, which were taken by assault in the afternoon, and during the night the advance was pushed on by sap so that when daybreak came

OWNERS OF HORSES.

CUT THIS OUT! AND KEEP IT!

Lewis A. Philips, of Providence, R.I., writes as follows:

Messrs Perry Davis & Son.—Gents: I have for many years used your valuable medicine, the PAIN-KILLER, on my horses, and can testify to its efficacy in curing Galls, Sprains, Bruises, Cuts, Cramps, Weak Joints, Rheumatism, Swellings, Colic, &c. &c. I have had over forty horses in constant use, in the omnibus business, and have never known it to fail in any case where I have used it. LEWIS A. PHILIPS.

Read the following letter received from Dr Deal, of Bowersville, O., who is a Veterinary Surgeon of great skill:

I have given PERRY DAVIS' PAIN-KILLER in many cases of colic, cramp, and dysentery in horses, and never knew it fail to cure in a single instance. I look upon it as a certain remedy.

Dr JOHN R. DEAL.

PAIN-KILLER is equally good for man or beast and no farmer should be without it a single hour.

Prepared from prescription of Sir J. Clarke, M.D. Physician Extraordinary to the Queen.

THIS well known remedy is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and though a powerful remedy, it contains nothing hurtful to the constitution.

To MARRIED LADIES it is peculiarly suited; it will, in a short time, bring on the monthly period with regularity.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the 2nd page of pamphlet are well observed.

For full particulars, get a pamphlet, free, of the agent.

SPECIAL NOTICE.

Sir James Clarke's Female Pills are extensively counterfeited. The genuine have the name of "JOB MOSES" on each package. All others are worthless.

N.B.—One dollar and 12¼ cents for postage, enclosed to NORTHROP & LYMAN, Newcastle, Ont., General Agents for Canada, will insure a bottle of the *genuine*, containing Fifty Pills, by return mail. Sold by all Druggists in Kingston, and medicine dealers everywhere.

VERY NATURAL.—When a person has proved an article and found it good, and answering the purpose for which it is intended, he will not readily abandon it for one of doubtful reputation, or concerning which he knows nothing. We are led to make these remarks owing to the course always pursued by those who have used that celebrated and truly valuable horse medicine known as "Darley's Condition Powders and Arabian Heave Remedy." All are so well pleased with it that they will not use any other; many have waited several weeks until the agent could obtain a new supply. There is nothing equal to it as a condition medicine, or for any complaint affecting the wind of horses. Remember the name, and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all Medicine Dealers.

THE HAIR.

Read what Elder D. T. Taylor of Rouse's Point, N.Y., says on the hair. "The human hair, bleached by age, fright or disease, can be fully restored to its natural colour without dyeing it. My case illustrates this statement truthfully. My hair for seventeen years has been gradually growing white and falling out; but, lo! in a short time I have back my old auburn locks. My hair is as firm as when young; this has been accomplished by the use of Hall's Vegetable Sicilian Hair Renewer. It does its work rapidly, is cooling, healing, and, in my case effectually, without harm to brain, body, or general health; this cannot be said of any other preparation sold. I do not know the wonderful ingredients, but I do know experimentally, and by observation in a score of cases, that is is a most marvellously transforming compound. Heads of sixty-five years are changed by it to the colour of youth." The proprietors, E. P. Hall & Co., Nashua, N.H., will sell to clergymen at wholesale prices.

Philosophy of Marriage.

A new Course of Lectures, as delivered at the New York Museum of Anatomy embracing the subjects:—How to live and what to live for; Youth, Maturity, and old Age; Manhood generally reviewed; The cause of indigestion; Flatulence and Nervous Diseases accounted for; Marriage philosophically considered, &c., &c. Pocket volumes containing these Lectures, will be forwarded post-paid, on receipt of 25 cents, by addressing "SECRETARY, New York Museum of Anatomy and Science, 618 Broadway, New York."

TWO QUESTIONS EASILY ANSWERED.—Why should men wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance. Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c, they act like a charm. Ministers and lawyers use them, physicians recommend them, and singers and public speakers say they are the very best medicine in existence for the cure of such complaints. Sold by all medicine dealers at 25 cts per box.

YOUNG LADIES BEWARE!

OF THE INJURIOUS EFFECTS of Face Powders and Washes. All such remedies close up the pores of the skin, and in a short time destroy the complexion. If you would have a fresh, healthy, and youthful appearance, use HELMBOLD'S EXTRACT SARSAPARILLA.

NOT A FEW of the worst disorders which afflict mankind arise from corruption of the blood. HELMBOLD'S EXTRACT SARSAPARILLA is a remedy of the utmost value.

HELMBOLD'S EXTRACT SARSAPARILLA cleanses and renovates the blood, instils the vigour of health into the system, and purges out the humours that make disease.

TWO TABLESPOONFULS of the Extract of Sarsaparilla, added to a pint of water, is equal to the Lisbon Diet Drink, and one bottle is equal to a gallon of the Syrup of Sarsaparilla, or the decoctions as usually made.

AN INTERESTING LETTER is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla in certain affections by Benjamin Travers, F.R.S., &c. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic, with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable, as renders other substances of the tonic class unavailable or injurious.
