London, April 17.—The debate in the House of Commons on the Irish Church Bill was resumed last night.

Lord Stanley moved to omit the following clause in the Bill:—"On and after the first day of January, 1871, the union created by the Act of Parliament between the Church of England and Ireland shall be dissolved, and the said Church of Ireland, hereinafter referred to as said Church, shall cease to be established by law." Mr Disraeli opposed his proposition in a speech of considerable length, contending that the measure destroyed the supremacy of the Crown, and placed the Church at a disadvantage.

Robert P. Collier and Sir Roundel Palmer spoke in opposition to the amendment.

Mr Gladstone also made a speech against the amendment. He traversed the statement made by Mr Disraeli. He said, notwithstanding this clause, the supremacy of the Crown would continue to be maintained in altered form. If this amendment were successful it would absolutely destroy the Bill. The union of the Church would continue, but that union would be enforced by Parliamentary enactment.

Lord Stanley replied. He admitted that his object was to aim a mortal blow at the Bill. If the motion were accepted, he contended could still continue their consistent policy.

The Speaker announced the House divided on Mr Disraeli's motion as follows—for, 221; against, 286. Government majority, 123. The result was received with tremendous cheers from the Liberals.

Berlin, April 17.—Count Bismarck has accepted the interpretation of the Responsibility of Ministers' Bill, which has just been passed by the North German Parliament. The design of the measure is to prevent opposition to actual management of affairs.

Madrid, April 17.—A strike among the iron workers occurred yesterday. The advices from there state that there is much excitement among that region, and much alarm is felt.

Paris, April 17.—It is rumoured that the Emperor Napoleon has ordered the evacuation of Rome by the French troops, in June.

Rome, April 19.—In the House of Commons, during the consideration of the Bill for the disestablishment of the Irish Church, the House was resumed in committee. An amendment postponing the time at which the Bill should go into effect until 1872, was carried by the following vote:—For the amendment 184; against, 301; Government majority, 117.

A clause disqualifying Bishops of the Church from sitting in the House of Commons was amended to allow prelates appointed previous to the passage of the Bill to retain their titles and rights of precedence. The clause was then agreed to.

London, April 19.—Accounts which go to confirm the death of the Rev. Dr. Livingstone, the celebrated African traveller, respecting which much uncertainty has prevailed, have just been received in this city. It is stated to-day that Mr Livingstone left Lake Bangweolo, East Africa, in January last, for Ujiji. He would go overland to Egypt.

New York Press Despatches.

Washington, April 19.—In the Senate Sumner offered a resolution, that the President be directed to open negotiations with Spain for a settlement of all open questions on the basis of a surrender of all British North American possessions to the United States. Mr Chandler read long extracts from his former speeches to show that he advocated the position now assumed by the Committee on Foreign Relations, and that if his advice had been followed the Alabama and all other claims would now remain unsettled, but that if Sumner had offered, looking to the death of our minister and non-intercourse had been adopted, such claims would have been paid in 30 days. In conclusion Chandler said he hoped the propositions would be made, and the question settled peacefully, but if England wanted a settle and desired war, let it be short and decisive. The 60,000 veterans of Michigan alone would see to the matter. If British North American Provinces, as is the case of France with Prussia, Britain had staked the connection of her empire in America on the result of the rebellion.

The resolution was then referred to the Committee on Foreign Relations.

New York, April 20.—For several weeks parties in this city have been quietly but actively working to aid their brother patriots in the field by the shipment of arms and munitions. Volunteering goes on very rapidly but very quietly. The recruits are promptly forwarded in steamers to Cuba. Very recently a battery of field artillery was despatched. Confirmation has been received of its safe arrival.

Lynde's Washington special says, President, it is stated, has sent a gentleman on a secret mission, his object being to obtain full and important reports as to the state and strength of the contending parties and the chances for and against the success of the rebellion. He will make a report directly to the President, and on his report will probably depend the action taken by our government.

Lynde's Washington special says, the President has solved the vexed question, whether negroes hold office in Georgia? in a practical manner, by appointing Edward Bonner, an intelligent mulatto to the office of Assessor of Internal Revenue for the District of that state.

Lynde's Washington special says the Spanish claims committee have before them a list of 127 summary executions recently made by the Spanish authorities in Cuba, and a half months. This list has been carefully scanned first to see if it is entirely correct, second to see if the names are included in it.

Mr Shaw, auctioneer, has returned to Montreal from his book battle at Chicago, Cincinnati, &c. U. S. Collector Heff, of Cincinnati, who boasted that he would make $50,000 out of the book seizure, has, it is stated, been dismissed by the President, having really put the American Government to $20,000 expenses.

The Chicago *Times* says:—While we are talking of annexing Canada, the Canadians are talking of annexing Maine. If they will annex the whole of New England, we think the rest of the country will forgive them the part they enacted during the late rebellion. In any case, the surest way for them to escape a union with the United States will be for them to annex the Puritans to the Dominion.

It seems that the Hon. Ambrose Shea, who recently visited Ottawa, was not the authorised agent of the Newfoundland Government. Paragraphs having appeared in Dominion papers referring to him as a delegate, the Opposition brought the matter up in the Newfoundland Assembly on the 12th inst. The Premier said, "I distinctly deny that Mr Shea has any authority whatever from the Government, and I wish this to be reported. If that hon. member has represented himself as a delegate from this country on the subject of Confederation, he has been guilty of gross deception. He stated he was going to Canada on his own private business, and I wish it to be understood that he has not gone in any public capacity whatever. The Receiver General said the Premier had stated the case correctly. The Executive had never been consulted about a delegation, and Mr Shea had no authority to deal with the matter."

"One fact is better than a bushel of Theories."

OF course, the fact that MORRISON sells more Flour than all Kingston besides, proves beyond denial that MORRISON keeps the best FLOUR.

Can you get the same quality of oatmeal in any other store in Kingston that is to be had in Morrison's? Answer, no, not near so good! Why all the rest sells common. Morrison sells best kiln dried.

Is your happiness exhausted, if so renew it by trying Morrison's Sugar-Cured Hams and Bacon.
