London, April 24.—In the Constituent Assembly, one of the Republican deputies yesterday, introduced a measure calculated to prohibit all the Bourbons from the throne of Spain. An amendment was carried by a majority whereby the ex-Queen (Isabella) and her children only are excluded. Martos introduced a Bill for the promotion of General Edubation.

Madrid, Figarola, the Minister of Finance, opened negotiations of commerce with Great Britain.

Paris, April 24.—King William yesterday received a deputation of persons who proposed to care for the wounded in case of a war. The King congratulated them on their humane undertaking, and expressed hopes for favourable results from it. He thought, however, the object of the association was apparently extinct; for if war should break out, he feared it would meet success would attend it.

Vienna, April 24.—At the opening of the Diet yesterday, Francis Joseph, King of Hungary, made a peaceful speech. He said that there was much important legislation to be accomplished. The reforms of the country, he said, demanded the concentration of the entire strength of the nation, and the good sense and moderation of the people. The relations between Austria and the other Powers of Europe offered a peaceful prospect. In conclusion he reminded the representatives of the necessary to carry important reforms.

Madrid, April 24.—In the Reichsrath the question of the final passage of the Primary School Law, led to an excited debate, the Austrian and Tyrol members opposing it strongly.

At the closing of the debate, the Polish and Czech delegates submitted a protest against the amendment and quitted the Chamber. A vote was then taken and the law passed.

Madrid, April 24.—The Court of Appeal resumed the consideration the Penal Code yesterday. They have concluded this morning and have unanimously agreed to the abolishment of the death penalty.

Madrid, April 24.—A despatch from Havana states that Hugh Bradshaw, a well known Irish magistrate, has been shot in Havana.

Copenhagen, April 24.—The *Dagbladt* publishes an article upon the purchase of the Danish West India Islands by the United States, as arranged with the Secretary of State of the last American advices. It says the question of the cession of the Antilles by the United States, and accuses America, by the action of its Congress, of a want of confidence in the Government of Denmark. It adds that if the measure finally miscarries, Count Rassloff will resign.

Madrid, April 24.—A resolution condemning the conduct of the patriarch of the Indies, who was brought up in the Cortes yesterday, Marshal Serrano opposed it, intimating that its adoption would be an insult to the government. The resolution was then withdrawn.

Marshal Serrano during the session assured the members that France would respect the future government of Spain, whatever form might be adopted.

Madrid, April 25.—Despatches from Malaga state that a great popular demonstration took place there yesterday in favour of Prim. It is rumoured that a dispute has arisen between Prime Minister Serrano and Prim.

Washington, April 25.—The steamship Java has arrived.

New York, April 25.—A cable special to the Herald from London says:—It is rumoured that the Government will adopt a new policy as to the Spanish Cuban war. Belligerent rights are to be conceded to the Cuban insurgents, assistance will be given and the independence of the island recognized. This, it is argued, will prevent recognition to the United States and give a consistency in the Alabama claims by withdrawing belligerent rights question pending between the American government.

Quebec, April 26.—Steamers City of Boston and Ville de Paris, from New York, arrived.

New York, April 26.—The steamship Java, from Europe, has arrived.

The Washington special says the President has tendered Mr Greeley a place on the Board of Commissioners to examine the route on the Pacific railroad, which Mr Greeley has accepted.

The Herald's Washington special says despatches have been received by the Government from its government since the exchange of the Alabama Treaty.

Senator Sumner, who has opportunities of knowing the views of minister Thornton, says further negotiations on this subject will have to be opened by the United States. The proposition that Great Britain shall surrender their Canadian possessions to the United States as satisfaction for the Alabama claims is, regarded as not for serious consideration.

New York, April 26.—The steamers Empire City and Germania arrived here yesterday, the first boats through the ice.

N.Y. Herald calls Chandler a bully and a coward for taking a leaf out of its own book and making an assertion of Canada.

Immense quantities of bat guano have been found in Cumberland Mountain, Tenn. It is believed superior to the Peruvian guano.

A rifle, introduced into the Bavarian service, is creating some sensation. It is claimed it is proved that eighteen shots per minute can be fired by practical riflemen, and that not a single ball missed the target.

Advices from New Hampshire says that the recent display of Thursday evening was as follows: "A brilliant morner had unrolled two or three pieces of silk of the most beautiful purple, green, blue, lilac, and white, and threw into his hand at the zenith, and then let them down to the horizon." That is a very accompany Holmes's description of it by a sailor.
