TELEGRAPH.

CABLE NEWS.

London, June 11—A grand banquet was held on board the steamship Great Eastern on Friday, to celebrate the successful laying of the new French cable. Many toasts were present. Speeches were made, toasts drunk, and altogether the enthusiasm was manifested. Among the toasts were "England," "America," and others which were appropriately responded to by the representatives of the nations. The festivities were continued for a late hour. The Great Eastern left for Portland, Eng., for her supply of coal, and will leave that port to-morrow morning, whence she will proceed to lay her cable in the United States.

London, June 11—Later telegrams from Merthyr Tydvil, Wales, report the disaster to the colliery in that neighbourhood, much more serious than at first believed. Fifty-six miners have been rescued thus far, and it is feared the total number killed would reach twenty-six.

Dublin, June 11.—Despatches from Cork report robberies of arms and ammunition of daily occurence throughout the south of Ireland. Suspicion in all cases falls on members of the Fenian organization. Extraordinary precautions are taken by the authorities to guard against such outrages.

London, June 11.—In the House of Commons this evening, the proceedings were unimportant. The debate on the address question was postponed till the morrow.

The Agenda Floating Dock, the largest of the kind ever built, is preparing for Bermuda.

Epsom, June 11.—The Alexandra Plate, value £1000, 3 miles, was won by Rescue. The first class of the Workingham Stakes was won by Typhoeus; the second by the Workingham Stakes was won by the Walk. The sixteenth Ascot Stakes was won by the Duke of Hamilton.

London, June 11.—The firm of Tinsey Brothers has suspended.

London, June 11.—In the House of Lords this evening, Lord Bateman asked for the views of the Government in respect to the Church Bill. Earl Carnarvon and others opposed the question as unwarranted and inexpedient at the present time. Granville, Secretary of State for the Colonial Department, said, in reference to the rumours, that the Government had no intention to depart from the course pursued in the House of Commons' last session. Albercorn presented a petition of the citizens of Belfast and vicinity, containing 1000 signatures, against the disestablishment of the Irish Church. In his opinion it could be said that this petition emanated from the most important demonstration in Ireland. He showed the great change that had taken place in the sentiments of the people since the general election, and believed the North of Ireland was not singular in this particular. The change was going on rapidly and certainly throughout the whole country, on account of the injustice and partiality of the Bill.

London, June 11.—A decree has been published by the civil authorities to enforce the sentences without the volunteering of the party concerned.

London, June 11.—The German expedition for Arctic exploration, which has been preparing at Bremen, is now ready to sail and will leave on the 15th inst.

London, June 11.—The Federal Council has decided that the complaints referred to the German Parliament respecting the Confederation of Mecklenburg, are incompatible with the national progress.

London, June 11.—The agitation in Paris last night continued until after midnight. The troops occupied Montmartre and other points, and the cavalry paraded the streets all night. Shortly after midnight a crowd in one of the streets of Montmartre broke through a line of police and built a barricade, but they were dispersed and pursued in all directions by the police. Many windows were broken and some damage done to property in that quarter of the city. The police charged on the crowd with their sabres several times, and many persons were wounded, but no one was killed. The police have been very active, and it is reported to-day that they made many arrests since midnight. Further disturbances are apprehended, and extraordinary precautions have been taken by the Government to prevent them. The Paris and other Paris journals give results of the election of 199 official opposition candidates. The editors of the journals have been arrested on a charge of conspiracy.

Madrid, June 11.—In the Cortes last evening the budget for the coming year was under discussion. Senor Figuela, the Minister of Finance, stated in reply to a question that a reduction in the estimates of expenditure was impossible.

Madrid, June 11.—The Duke de Montpensier in his address to the Cortes that as a Spanish citizen and soldier he acknowledges and swears to the new Constitution voted by the Cortes.

Paris, June 11.—The Emperor and Empress to-day drove through Montmartre. The street was filled with crowds of people who enthusiastically cheered. Three members of the editorial staff of the *Siecle* and several of M Rochefort's committee have been arrested. Many visits have been paid to several clubs. There have also been several press prosecutions.

Paris, June 11.—General Cluseret has been expelled from France.

Large crowds of people still continue in the streets in Montmertre and other quarters of Paris, and the agitation and excitement continued. The Emperor and Empress passed through the streets again this evening in an open carriage with only a small number of attendants.

Madrid, June 11.—The Cortes is discussing the proposition or a Regency. The Cortes have offered many amendments to the powers of the Regent. A Conference of the Republican party was held at Cordoea to-day. The attendance was immense and the greatest enthusiasm was manifested.

General de Roda has sailed for Cuba.

Cordova, Spain, June 11.—A great meeting of Republicans was held to-day for the purpose of protesting against a return to a monarchy. Deputies were present from every southern Province of Spain. Speeches of a revolutionary character were made. During the proceedings the Spanish flag was entwined in that of the United States, and the assemblage shouted for America and for General Grant. About 50,000, were present. While the meeting was in session the military and civil guard interfered, creating a panic. Many women and children were trampled down, and several lives were lost. The crowd then barricaded the streets, and there is danger of a serious affray.

Queenstown, June 12.—The steamer Russia, from New York, has arrived.

New York Press Despatches.

New York, June 11.—The steamships Erin from Liverpool, and City of Limerick, from Antwerp, have arrived.

New York, June 12.—The *Tribune's* Washington special says it is rumoured in diplomatic circles here that Mr Thornton will ultimately be superseded by an English diplomatic representative of the highest ambassadorial rank; that the retiring Minister will be promoted to Madrid, and that the new ambassador will, through a liberal hospitality, ascertain Senatorial sentiments before opening further negotiations for the adjustment of the Alabama question. This proceeding, it is presumed, will relieve the administrations of both governments from the annoyance of a failure to confirm and insure a settlement acceptable to the Senate.

Boston, June 12.—The steamer Siberia, from Liverpool, arrived here this morning.

A huge mass of copper ore, weighing 22,200 pounds, has passed over the Great Western railway per "Blue Line," from Lake Superior to Boston. This is the largest and purest lump of copper ore ever sent from the North-west to the Eastern market.
