Charles Dickens will return to England in April.

Wild dogs abound in the woods near Fort Scott, Kansas; they are more ferocious than wolves, and attack man and beast.

The Hudson Bay Company used to have dividends of sixty or seventy per cent; but now have to be content with four.

The eight thousand soldier photographs in the Dead Letter office at Washington, are nearly all letters addressed to women.

A skating match for ladies at Brooklyn, on Saturday, Miss Temple won the prize over the only competitor, who, after the trial was over, made herself known as a man in petticoats.

It is understood to be the intention of the British Government to confer a title on Professor Wheatstone, in consideration of his great scientific attainments and of his valuable inventions.

The London Athenæum accuses an American clergyman, the Rev Dr March, of gross plagiarism. He says: "Nearly the whole book called Walks and Homes of Jesus is filched out of Mr Dixon's Holy Land."

There are more than a few of three hundred years old in existence, and a Brooklyn rag store has one that was evidently somewhere delivered during the Inquisition, and the other the laws of Sicily at the date of its publication.

The following appointments have been gazetted for Ontario:—Donald Bethune, Q.C., Police Magistrate Port Hope. John P. Rucke, County Attorney, Hastings, vice Parkin resigned. Dr. Thomas Lyon, Wm. Hodge, Assistant Coroner for York.

A Chinese on crutches passed through Grand Rapids, Mich., a few days since, in which was a chair, a table, a bed, and other necessary articles. He asked the house affording accommodation for a family who were bound for a point in the pine woods.

The New London Railway are making an experiment which is likely to have a very favorable effect upon the sanitary condition of London. For three or four months past they have used anthracite in their locomotives. The result is highly satisfactory, all the end of coal paint is avoided, and the coal is found to be 25 per cent more effective.

The Paris Exhibition and the Sandwich Islands. On Sunday week a grand concert and distribution of prizes in the Art Department of the Paris Exhibition, Prince Napoleon presiding at the Tuileries. Messrs Howard, the celebrated agricultural engineers of Bedford, have received the highest distinction, a grand prize, which was announced by telegraph on Saturday. To present the following day (Sunday) at two o'clock to receive their prize at the hands of the Emperor. They declined by telegram that they declined to be present, and gave as their reason that invite Englishmen to be present at such a ceremony on a Sunday was not paying proper respect to the British national feeling on this important religious question.

The Great Secret of selling goods cheap is to buy them cheap and charge a small profit. We don't repeat the old cry of Selling off at Cost Price, Sacrificing the Stock, &c. We come out boldly before the public, and quote the price of our goods, and show them at the door with the prices marked in large figures. Or to save ladies from the annoyance now so common of being rudely forced to buy, we will send samples on application, postpaid, to any address.
