CABLE NEWS.

Liverpool, March 5.—South American advices state that the details of the news have given rise to the news of war on the Rio Parana are unfavorable. The good fortune of the Paraguayans continued and improved. The Brazilians made several attempts to cut off the communications of General Lopez through the forests of Gran Chaco, but these efforts failed and in the engagement which took place, Gen. Lopez gained fresh advantages over the allied forces.

General Alexander Asboth, Minister resident of the United States at Buenos Ayres, died after a protracted illness.

London, March 5.—Official returns of the Bank of England show that its specie has increased to £213,000 since the last report.

A large meeting of the friends of Mr Disraeli was held at his official residence last night. Nearly all the leading Tory members of Parliament were present. The proceedings have not been made public, but the meeting is regarded as a favourable indication of the strength of the new Premier.

Dublin, March 5.—The Lord Lieutenant and Marquis of Abercorn, has released from confinement Mr W. Johnson, Grand Secretary of the Orangemen, who was sentenced to a fine and imprisonment in the County of Down, for leading an illegal procession.

London, March 5.—Late despatches from China and Japan have been received via Suez. The civil war in Japan raged with unabated violence. Several combats had taken place between the partizans of the Tycoon and the Daimios, which were attended with a heavy loss of life, and great excesses were committed on both sides. In consequence of the insecure condition of the country, the ministers of foreign powers have all left Osaka.

New York Press Despatches.

Washington, March 6.—The Secretary of State to-day sent to the Senate a communication in reply to a resolution of that body on the subject of an alleged interference of the Consul in Rome in the late difficulties in Italy, and especially in the attempted annexation of the Roman States. Consul Hansen explains that he accompanied an army for the purpose of receiving reliable information, that he once found himself under fire, and used his gun in self-defence. The President transmitted to the Senate a copy copies of correspondence relating to the abduction of Allen McDonald, a British subject, who was arrested in Canada on the charge of smuggling, and carried into the United States by a sheriff from Canada on the 5th of September last. After a long correspondence on the subject Secretary, on the 17th of February, addressed a letter to the British Minister expressing the disapprobation of this government of the proceedings in the case of McDonald, and to direct that person to be set at liberty.

Mr Thornton, on the 2nd February, says there is no doubt Her Majesty's Government will be much gratified and entirely satisfied with the contents of Mr Seward's letter.

Pittsburg, March 6.—An accident occurred on the railroad yesterday by which two men were killed. The entire train was thrown from the track, causing its total wreck.

New York, March 7.—The *Tribune's* Newport special says:—This morning's papers make a left-handed apology for the manner in which the rebel fire department treated General Hancox and Jeff Davis and adds, "If this be treason make the most of it."

Much excitement prevails among the people who hold the city notes that they are entertained of serious trouble.

New York, March 7.—The *Herald's* Washington special says it is probable the Senate committee will agree to General Grinnell's Telegraph bill with some amendments. The Telegraph companies have intimated that they would like a hearing. They are in favour of making the penalty for divulging the contents of a message heavier than is proposed.

The *Herald's* Havana special says private advices from Sisal report that the Mexican man-of-war Tabasco had arrived there with orders for General Alatorre's force to return to Vera Cruz.

New York, March 7.—The *Herald's* Santo Domingo special says a counter revolution had broken out in San Juan, Nueva Vega, Matas and Cercado, under the lead of Generals Ogando, Moreno and Castillo. The people are very much discontented with the policy of the Baezists, in arresting and killing the defeated troops of Cabral.

The Times San Antonio (Texas) correspondent details horrible atrocities perpetrated by Indians in that state. Some Seven Indians attacked the house of John Friend and killed eight women and children.

CAUTION.

The wording of the "**Prince of Wales**" brand having lately been partially imitated and put upon a low quality of Tobacco, doubtless with the intention of deceiving confiding country merchants, not acquainted with the registered mark, I hereby inform the General Grocery Trade throughout the Dominion, that every box of the "PRINCE OF WALES" brand of Tobacco, has the above *Trade Mark* stencilled upon *two* sides, with red and blue ink, and no other is genuine. *This deservedly popular and favourite* brand of 10s. and the "Victoria" brand of 8s. and 4s. are to be had of all first class Wholesale Grocery Houses.

The above Trade Mark being upon the box is a sufficient indication that the Tobacco is well and faithfully made, no matter what the brand may be. Merchants in the Country should be particular to examine the brands carefully, and also see that the Revenue Stamp is filled in at Montreal.

DR. PHILLIPS
ON THE
CONSUMPTION IN INFANCY AND CHILDHOOD.

LETTER NO. XI.
TO THE EDITOR OF DAILY NEWS.

SIR, — It cannot fail to attract the attention of every reader of mortality bills to observe the large percentage of deaths among children. From the most reliable statistics it is found that *one-half* of all the children born die within the first four years of their existence: and that nearly *forty per-cent* of them die before they have attained the age of two years.

This must be surprising to those who consider that these occur at that time of life when the recuperative powers of the system are the most active. It will also be observed how rare an occurrence it is to find a death of a child attributed to consumption.

Why is this? Is it because consumption is a rare occurrence in children? No. — In the majority of instances it is because the medical attendant has neglected to examine the lungs for indications of disease in them, but has contented himself with examining and prescribing for the symptoms which are more noticeable.

Consumption is much more common among children than is generally believed. — Dr. Guersent, one of the physicians to the Hopital des Enfaus Malades of Paris, an institution for the treatment of patients between the ages of one and sixteen years, states as the result of his observations, "that *five-sixths* of those who die in that establishment are more or less tainted." The observations of MM. Lombard and Papavoine go to substantiate the same fact. Dr. Allison, of Edinburgh, estimates that one-third of all the deaths of children are from consumption. A very large percentage can be proven by any medical man who will take the trouble to examine the lungs of those children who may die under his care.

The *symptoms* which indicate the presence of the disease in children are not very manifest: there is no spitting of blood, no expectoration to examine, as it is swallowed immediately on being raised from the lungs: — the *cough*, when present, is in paroxysms, and very closely resembles hooping-cough; — there is generally some fever in the afternoon, but it is attributed to *worms*; — at night there is a slight perspiration on the child's forehead, but seldom well-marked night sweats; — there is frequently diarrhœa, but it is attributed to *indigestion, worms*, or *summer complaint*; and in a large majority of cases, there is continued and steady wasting of the flesh. Yet none of these symptoms are sufficient to show that the child has consumption. It is only by the use of the stethescope that the disease can be diagnosed with any degree of certainty; and too many physicians never apply it to the chest of the young sufferer; but content themselves with prescribing something for the more prominent symptoms; without even thinking (if we may judge from their actions) that there may be tubercles in the lungs.

If a child suffer from eruptions about the face, or behind the ears, pustules on the edges of the eye lids, swelling or enlargement of the upper lip, soreness of, and discharges from the nose, swelling of the glands of the neck, and gradual wasting of the strength and flesh, it is always advizable to have the lungs carefully examined with the stethescope. None of these point unfallingly to consumption; but all indicate a bad state of the general health which greatly predisposes to it, if tubercles be not already deposited. A careful and thorough examination of the chest by a qualified physician will decide the matter beyond doubt, and should never be neglected. If disease be found in the lungs, I need not inform the reader that "chalk mixtures" or "paregoric," although it may check the diarrhœa for the time, cannot remove the disease from the lungs. It can only be removed by carefully attending to those principles of practice which will be described in a subsequent letter.

My next letter will be on the *complications of consumption.*

Your obedient servant,

M. PHILLIPS, M.D.,

Physician for Diseases of the Throat and Lungs
No. 70 Bay Street, Toronto.

ORGAN FACTORY.
JOHN SAVAGE'S

NEW DOMINION ORGAN FACTORY is now opened in perfect working order.

J. S. is prepared to supply lovers of Music with an assortment of the best Organs, Harmoniums and Melodeons ever offered for sale in Canada. Having employed E. JULIAN as Foreman, he having been engaged many years at the business, both in the Canadas and the United States. Has invented a patent on Organs which he challenges Canada to surpass either for Power or Sweetness of Tone, and various other good improvements on all the instruments he makes.

J. S. is also prepared to repair and tune all kinds of Organs and Melodeons. Having engaged a competent Tuner, the owners of the above named instruments and Pianofortes will find it to their interest to leave their orders for Tuning at his Factory. All work guaranteed to give good satisfaction, and moderate charges.

J. S. would beg to call the attention of Church Trustees and those intending purchasing to call and examine his Organs, Harmoniums and Melodeons before purchasing elsewhere, as he is bound to satisfy the public in Music and in Price.

PAIN KILLER!

THE GREAT FAMILY MEDICINE OF THE AGE.

THE UNIVERSAL REMEDY FOR INTERNAL AND EXTERNAL COMPLAINTS!

OUR FIRST PHYSICIANS USE AND RECOMMEND ITS USE.

IT ENJOYS THE LARGEST SALE OF ANY PROPRIETARY MEDICINE IN THE WORLD.

THE PAIN KILLER

Has been favourably known for more than thirty years, during which time we HAVE RECEIVED THOUSANDS OF TESTIMONIALS, showing this Medicine to be an almost NEVER FAILING REMEDY for diseases caused by or attendant upon—Sudden Colds, Coughs, Fever and Ague, Headache, Bilious Fever, Pains in the Side, Back and Loins, as well as in the Joints and Limbs; Neuralgic and Rheumatic Pains in any part of the System, Toothache and Pains in the Head and Face.

AS A BLOOD PURIFIER AND TONIC FOR THE STOMACH,

It seldom fails to cure Dyspepsia, Indigestion, Liver Complaint, Acid Stomach, Heartburn, Kidney Complaints, Sick Headache, Piles, Asthma or Phthisic, Ringworms, Boils, Felons, Whitlows, Old Sores, Swelled Joints, and General Debility of the System.

IT IS ALSO A PROMPT AND SURE REMEDY

For Cramp or Pain in the Stomach, Painters' Colic, Diarrhœa, Dysentery, Summer Complaint, Cholera Morbus, Cholera Infantum, Scalds, Burns, Sprains, Bruises, Frost Bites, Chilblains, as well as the Stings of Insects, and the Bites of Poisonous Insects and Venomous Reptiles.

Directions accompany each bottle.

It has been tested in every variety of climate, and by almost *every nation known* to civilization. It is the almost constant companion and inestimable friend of the *Missionary*, and no *traveller* should be without it. Like every other good thing, the Pain Killer has been extensively counterfeited; which, (while it is an acknowledgment on the part of the counterfeiters of its real worth) is a serious hindrance to its usefulness as the deceived purchaser estimates the value of the *Pain Killer* by the base compound he has purchased for the genuine article.

Purchasers should be careful and not allow the dealer to sell them worthless imitations, on which they realize a larger profit, but take only the *Pain Killer* and see that it is the genuine, bearing the signature of Perry Davis and Son upon the label.

The Pain Killer is sold at wholesale by Druggists and Medicine Dealers, and Commission Merchants in the principal cities, and retailed by Apothecaries, Grocers, and at Variety Shops generally throughout the world.
