BRIGANDAGE IN MEXICO.

The Mexican papers give the following as one of the exploits of Leon Chavez:—A short time since while attending a dance in one of the San Pedro gardens, several of the beautiful daughters of our wealthiest families were seized by a large number of masked villains and carried away. This morning Inez de T. was found at the same garden a raving maniac; her hair had been shaven her breasts cut open, and her person violated and reason dethroned through her sufferings. She was nearly naked. On her was found a letter from Chavez, saying that unless $200,000 in gold was sent to his camp in the mountains west of Guadalajara, all of the other five ladies would be similarly treated. The money was sent, and after Chavez received it—and it had to be carried to him on a mule with a single servant—he and his companion fiends fell upon the ladies and outraged them. They then tied them on mules and left them in charge of the servant who brought them the money.

An extraordinary case of hanging was before a London coroner recently. A child of fourteen months had been put to bed, and a chair had been placed at the bedside to prevent it falling out. Subsequently the infant was discovered hanging by the neck between the rungs of the back of the chair, and quite dead.

Among the documents now being classified in a fresh order at the Archives of France are the celebrated registers of the Bastille. These books are of three kinds; the first contained the name and quality of each prisoner, the number of his cell, and the list of his clothing and personal effects. Those articles were placed in cupboards bearing corresponding numbers, and which completely filled the walls of one large gallery of the prison. Each person in confinement signed his name in this book on arriving. The second contained an account of the expenses of each prisoner, and was examined by the Minister every three months. The third series consisted of large folios, in seven columns, bearing various printed headings, under which were given the name, description, and other personal matters relating to the prisoner.

Many of the worst evils of the private and unauthorized treatment of lunatics were disclosed in a recent trial in England, before the Lord Chief Justice at Hertford. Mr Edward Shaw, a surgeon, was prosecuted by the Lunacy Commissioners for having taken charge of two lunatics without the necessary certificates. The first was a lady who had been removed from a private lunatic asylum to Mr Shaw's house. Although £60 a year was paid for her support, she was employed in cleaning boots and knives; in short, as a common household drudge. The second patient was a gentleman who had once been a wine merchant, and whose brain had become affected by intemperance. At first, £60 a year was paid him, but on the defendant's representation that this was insufficient, the allowance was doubled. When the Commissioners went to visit the wine merchant, he was found lying on a straw mattress in a back kitchen, with no other covering than a piece of old carpet, and the mattress was completely rotted with his own filth. Mr Shaw was found guilty, and sentenced to a fine of £100 for the first offence, and a fine of £100 and six months' imprisonment for the second, and to be imprisoned in addition until both fines are paid. He appeared surprised.

The Easter Monday review of the English volunteers will this year be held at Portsmouth. This was decided on at a large meeting of volunteer officers held on Tuesday at the rooms of the National Rifle Association. Brighton was proposed and rejected, as the recommendations of the committee appointed to report on the various sites were all in favour of Portsmouth, on account of the facilities which this district affords for co-operation of the regular troops, and of many county corps which have previously had no opportunity of taking part in the reviews. The Mayor and Corporation of Portsmouth promise to be very kind to the volunteers.

Russia is justly regarded as the headquarters of government peculation. A band consisting of ninety-eight persons, headed by one of the highest officials in the empire, engaged in one branch of the business, has just been broken up. They had stolen about a million and a half pounds of salt and fifty thousand pounds of iron, and had been operating nine years. Among the documents laid before the commission to inquire into the matter was one from the chief conspirator to a well known gambler asking the latter to admit the writer's brother to a share in his winnings, adding that he is "convinced that God will not turn away from them and will bless them, for Providence always blesses a good cause."

PAIN KILLER!

THE GREAT FAMILY MEDICINE OF THE AGE.

THE UNIVERSAL REMEDY FOR INTERNAL AND EXTERNAL COMPLAINTS!

OUR FIRST PHYSICIANS USE AND RECOMMEND ITS USE.

IT ENJOYS THE LARGEST SALE OF ANY PROPRIETARY MEDICINE IN THE WORLD.

THE PAIN KILLER

Has been favourably known for more than thirty years, during which time we HAVE RECEIVED THOUSANDS OF TESTIMONIALS, showing this Medicine to be an almost NEVER FAILING REMEDY for diseases caused by or attendant upon—Sudden Colds, Coughs, Fever and Ague, Headache, Bilious Fever, Pains in the Side, Back and Loins, as well as in the Joints and Limbs; Neuralgia and Rheumatic Pains in any part of the System, Toothache and Pains in the Head and Face.

AS A BLOOD PURIFIER AND TONIC FOR THE STOMACH,

It seldom fails to cure Dyspepsia, Indigestion, Liver Complaint, Acid Stomach, Heartburn, Kidney Complaints, Sick Headache, Piles, Asthma or Phthisic, Ringworms, Boils, Felons, Whitlows, Old Sores, Swelled Joints, and General Debility of the System.

IT IS ALSO A PROMPT AND SURE REMEDY

For Cramp or Pain in the Stomach, Painters' Colic, Diarrhœa, Dysentery, Summer Complaint, Cholera Morbus, Cholera Infantum, Scalds, Burns, Sprains, Bruises, Frost Bites, Chilblains, as well as the Stings of Insects, and the Bites of Poisonous Insects and Venomous Reptiles.

☞ Directions accompany each bottle.

It has been tested in every variety of climate, and by almost *every nation known* to civilization. It is the almost constant companion and inestimable friend of the *Missionary*, and no *traveller* should be without it. Like every other good thing, the Pain Killer has been extensively counterfeited; which, (while it is an acknowledgment on the part of the counterfeiters of its real worth) is a serious hindrance to its usefulness as the deceived purchaser estimates the value of the *Pain Killer* by the base compound he has purchased for the genuine article.

Purchasers should be careful and not allow the dealer to sell them worthless imitations, on which they realize a larger profit, but take only the *Pain Killer* and see that it is the genuine, bearing the signature of Perry Davis and Son upon the label.

The Pain Killer is sold at wholesale by Druggists and Medicine Dealers, and Commission Merchants in the principal cities, and retailed by Apothecaries, Grocers, and at Variety Shops generally throughout the world.
