## Jack Moon 2014 Hockey Heritage Award recipient

It's only on special occasions that the Dudley Hewitt Cup championship rings from the 2004-05 season are worn by former Georgetown Jr. A Raiders' general manager and vice president Jack Moon and the club's biggest supporter over the years, Shawn Wood. Moon was honoured with the 2014 Georgetown Hockey Heritage Award Monday evening at the Acton Legion for his 15 years of devotion to minor and junior hockey in Georgetown, including that memorable run to the Royal Bank Cup Jr. A championship tournament in Weyburn, Sask., in which the Raiders were eliminated in the semifinals. Wood was a member of the training staff of that team. The guest speaker for Monday's sold-out event, the 37th-annual Hockey Heritage induction ceremony, was longtime NHLer and current TSN colour analyst Ray Ferraro.
