as I now and then a slight tremulous
of the muscles of the lower part of the
expressed no desire to make a speech, but
ed throughout calm and composed.
It is said that O'Farrell is to be executed
early a day as possible—probably in a
days from the present writing. There
very slight chance of escape there can
doubt; but still it is just possible that
may follow the line of policy adopted
mother in all similar cases, and intercede
prisoner. But this is very unlikely, as
latea (the Prince's ship) has already
sailing orders, and he will probably
colonies for England on Saturday. The
of New Zealand will feel greatly disappointed
doubt, at the Prince leaving the country
paying them a visit, but his physicians
vised him to leave for an earlier climate
as possible.

Daily News.

DAY EVENING, MAY 18

ON LAST PAGE.

TELEGRAPH.

TABLE NEWS.

May 18.—In the Corps Legislative, the commerce, which commenced yesterday, with a speech from Mr Pouyer-Quertier, protection, was continued to-day's session by M. de Forcade la Roquette, the Minister of Commerce, who replied to the argument of M. Thiers, who deprecated the reopening of the question, and the creation of a war when peace and industrial interests were secure and undisturbed. He said the Prince would not adopt a policy, either on the question of Rome or any other public question.

May 18.—Marshal Prim, commanding the encampment at Madrid, in an address to the troops, said, if possible, the labours of the troops would be arduous and unremitting.

May 18.—Advices from Rio Janeiro to the 24th, have been received. Fighting had taken place in the Bra.

Advices from the seat of war in Paraguay are that the fortress of Humaita had been shelled by the allied fleet. An assault is menaced by the allies. The Marquis de Caixas. Two gunboats had been sunk by the fortifications.

May 18.—The Zollverein Diet in Berlin passed an act levying a duty which includes an excise of six thalers on the land under cultivation, and of six thalers per hundred on production.

May 18.—The announcement of the death of President Johnson on the Stock Exchange created a profound sensation.

London, May 18, 1.20 p.m.—The Virginius, Cordova, and Liberia, from New York, have arrived.

COMMERCIAL AND COMMERCIAL.

London, May 18, 1.20 p.m.—Consols 93 to 93½ for money and account; Erie 45¾; Bonds (Illegible) 86½.

New York Press Despatches.

New York, May 18.—The *Herald's* Havana despatch gives important news from Hayti.

Salnave escaped from Point Gabion, and reached Port-au-Prince. He (Salnave) who acts as Secretary of State, War and Navy, arrested Generals and ordered some to be shot.

Executions and murders were frequent. Seven of six American merchants were held by the troops.

Salnave threatened to seize the town and massacre the inhabitants unless violent menace is withdrawn. Many Americans are in their own windows for refuge in the American Consulate. The American Consuls had an interview with Salnave and Delorme. They were received, but were received with threats. The American Consul despatched to Havana for a man of war to go to his assistance. It is sent to Jamaica for a gunboat.

Rumour says a British gunboat left Jamaica to the assistance of Admiral Rodney at Port-au-Prince.

Advices from Port-au-Prince state the whole country is reported against President Salnave, except Gonaives and the Cape. The north has been successful. The south is now in arms against Salnave.

Advices from Venezuela to the 1st have been received. The truce had expired on the 2nd. The war continues, but private property is seized on every hand and stored in the Treasury to pay the debts of the State.

London, May 18.—The stories about Prim, Olano and the Presidency are taking some tangible shape. Prim has put himself into the hands of Espartero, and said that, while he is President, he cannot object to the Duke, and will run if nominated for the Presidency.

An extensive emigration is now taking place from Australia to California, and it is asserted that, if free conveyance were offered by the authorities of the latter State, nearly the whole of the working population of Australia would emigrate, owing to the depression of business there.

It is stated that the Council of Roman Catholic Bishops now in session at Quebec, have chosen Bishop Lynch, of Toronto, to be Archbishop of the Province, subject to the final confirmation of the Pope. IRON-CLAD

PIANO FORTES!!

John C. Fox's Patent.

F. C. CLINE respectfully informs the public of the Dominion that he is the purchaser of the Stock-in-Trade and the Patent Rights from the Assignee of the above eminent maker, and that he is carrying on the manufacture in the principal and original premises, on the corner of Princess and Ontario Streets, Kingston.

From the long established reputation of these splendid Instruments, it is unnecessary to say anything further in their commendation. He will only remind the public that THEY HAVE ALWAYS OBTAINED THE FIRST PRIZE WHEREVER THEY HAVE BEEN EXHIBITED, and that the continents of Europe and America for twelve months were challenged for $1,000 each side to produce a Piano to compete with the Patent Iron-Clad, WHICH CHALLENGE WAS NEVER ACCEPTED. Since then further improvements on the Patent Iron-Clad Sounding Board have been effected, whereby the sonorousness and the vibratory powers of the Instrument has been increased.

F. C. CLINE was the first purchaser of the Stock, and was thereby enabled to cull the workmen employed by the late Mr John C. Fox, retaining only the most steady and proficient, which is an assurance to the public that in addition to the advantages of the Patent Right, they may depend that every Piano will be constructed in the most skilful and artistic manner, upon which the qualities and durability of the Instruments so much depend.

He wishes further to state that he has retained the services of Mr Wm. Cunningham as Tuner and General Superintendent of the Factory, and that every Instrument, in every stage of its manufacture, will pass under his immediate supervision, which, from Mr Cunningham's well known musical knowledge and ability, and his established reputation during 18 years as a first-class Tuner, will be a sufficient guarantee of the perfection of every Instrument. Mr Cunningham has lately made an alteration in the construction of the Sounding Board by which the treble notes obtain a brilliant and flute-like tone, far surpassing anything heretofore produced.

Mr Thos. H. B. Purdy is still the Travelling Agent, and as he is personally interested in pleasing his customers, they may depend that any orders entrusted to him will be selected to their satisfaction, and on the same terms that they are to be obtained from the Factory.

F. C. CLINE further reminds the public that, being the purchaser of the Patent Right, he is the only person entitled to make and sell the Patent Iron-Clad Pianos, and that proceedings will commence forthwith against any party infringing the Patent.
