THURSDAY EVENING, JUNE 4.

SEE FIRST PAGE.

The *Leader* says that Mr Oliver, late Crown Lands agent at Barrie, was superseded for defalcations in his account, and not for political reasons.

According to the *Leader*, Whalen's trial will be brought on as soon as is possible in the Circuit arrangements, which will be determined in a few days.

The Hon Mr Rose, Minister of Finance, is expected to leave Canada for London during the present month of June, on business connected with the Intercolonial Railway, and the transfer of the Hudson's Bay Company's teritorry. No doubt Mr Rose's negotiations will be almost altogether of a preliminary character, as it has been distinctly promised that all the points involved in these two weighty matters shall come under the review of the Canadian Parliament.

The latest authentic news from Abyssinia represents the British army on the return march, General Napier bringing up the rear of the expedition at Senafe at latest dates, intelligence supplied by the special correspondent of the New York Herald purporting to be much later, describes a state of anarchy occasioned by the withdrawal of the British forces, of a character enough to justify a consideration of the propriety of continuing British occupation. This is a matter for the British government and people to decide, and it is not probable that the present administration, itself in a critical position, will venture to order the continued occupation of Abyssinia for the purpose of maintaining the internal peace of the country. The object of the expedition was the release of the prisoners, and this object has been most satisfactorily attained; and the moment that it was attained, immediate preparations for the return were put in activity. Should the English people, influenced by the later news, or by the thoughts of the desirability of establishing a colony in that part of Africa, change the general opinions which have been entertained as to the simple object of the expedition, the government might easily be induced to take action in accordance with the changed popular opinion. If it should be intended to found a colony, the wharves and harbour improvements at Annesley Bay, the railway, and improved roads, would be so much ready-made public works for the colony. The expedition has dispelled many bugbears as to the climate and capabilities of the country, the character of its inhabitants, and other matters; and we look upon the circumstance of General Napier's victory, which has demonstrated the easy military service of holding the colony, as not unlikely to weigh favourably in case the further occupation of the country is seriously debated.

The question of the Lieutenant Governorship of Ontario has risen into an important matter with the newspapers of this Province since it began to be confidently announced that the Hon. Mr Howland was likely to have this dignity conferred upon him. Objections have been raised in different quarters to Mr Howland, and the name of the Hon. John Sandfield Macdonald has been suggested with much warmth by some of his admirers, as one upon whom the office should be conferred on account of his connection with the first administration of the Province and his success in the first year of a separate government. We should be sorry to see the office of Lieutenant Governor made a matter of newspaper agitation or give rise to any unseemly bickering amongst politicians, which most likely would be the case were either of these two gentlemen appointed. It was understood soon after the passing of the Union Act that the excellent system of selecting Lieutenant Governors from other Provinces than the one in which they would be called upon to rule, would be followed. In appointing Sir Narcisse Belleau to this Lieutenant Governorship of Quebec the rule was not followed; but the susceptibilities of the French portion of the inhabitants of Lower Canada made this exceptional action to the rule peculiarly advisable. On all hands it is admitted that an almost perfect stranger would come among us and exhibit a dignity and be treated with a consideration more befitting the occupant of such a post than could be expected in the case of one who had mixed in our petty politics and made himself a number of political opponents. A Nova Scotian, or a New Brunswicker, or even a Lower Canadian, might surely be found eligible for the position; and in like manner, if there are any Upper Canadians whom the Dominion Government wishes to honour, let them be made Lieutenant Governors of the other Provinces. Obviously, such a system, if carried out, would familiarize the people with the political unity of the Confederated Provinces, and do its part to carry out the leading principle of Confederation.

POLICE COURT, Thursday.—The benches of the gallery were filled this morning with the usual fashionable audience seen upon occasions when the docket of the court presents a programme of more than ordinary interest, as was the case this morning. James Gowdey charged D. Branigan with using abusive language to him on Princess street on Tuesday night last. Three witnesses were examined, and at the conclusion the Magistrate reserved his decision. John Maloney, a drunken vagrant from Cobourg, was ordered to make the best of his way back to that place, on penalty of confinement in gaol. Louisa Armstrong charged John Scahill and Francis Gormley with assault and with breaking in the door of her house, smashing the windows and breaking her furniture. The complainant resides in one of Mr Spencer's houses at the east end of the city, and for some time past has been living a regular and quiet life, although having appeared once at the bar of the police court. The defendants committed the offence on Saturday night last, on which night, it will be remembered, the glass of the windows of the meeting house on the Montreal Road, near the depot, was broken, and are of that class of men known as roughs, who, when under the influence of liquor, are as wild beasts, and when sober their actions do not evince a much higher standard of intellect. In the present instance these men's conduct to the woman, who was alone at the time, excepting the presence of a young lad, was shameful. There were some others in company with the prisoners who have not yet been taken. The prisoners wished the Magistrate to dispose of the case summarily, who, having called witnesses to estimate the amount of damage, fined Scabill $25 and 50 cents, and Gormley $10 and 50 cents, and each party was required to find sureties to keep the peace.

The Royal Canadian Rifles, for some time stationed in Chatham, have received their final orders, and will leave for Head Quarters at Kingston, to-morrow.

The gold production in Nova Scotia continues very large. The house of Hughs Lowell, Halifax, received in about a fortnight nearly 1,000 ounces of gold, the produce of five districts.

A New York correspondent of the Louisville *Democrat* says that Madeline Smith, the woman who murdered her lover fourteen years ago in Scotland, resides on Lexington avenue, is the wife of a wealthy merchant, has several children, goes to the opera and to the Fifth Avenue Presbyterian Church.

We understand that the following appointments have been made by the Local Government:—Mr H. A. Hardy, of Brantford, to be Crown Attorney for the County of Norfolk, in the place of Colonel Wilson, who has recently been made County Judge. Mr Walter Rubidge to be County Clerk and Clerk of the Crown at Brantford, in the place of — Goodson, superseded.—*Leader.*

THE WESLEYAN CONFERENCE, KINGSTON, 1868.

Wednesday afternoon, June 3.

The minutes of the morning session were read and approved.

The Rev. E. B. Ryckman was re-appointed Journal Secretary during the morning sessions.

The Ministerial members of the Contingent Fund Committee were nominated and appointed as follows: Revs. J. Gemley, Treasurer; T. S. Keough, J. C. Slater, Wm. Hansford, Wm. Willoughby, J. H. Starr, E. On motion by the Rev. R. Jones, the Conference adjourned at 3:30 to allow of the calling of the annual meeting of the University of Victoria College, according to the requirement of the charter. The Conference adjourned accordingly.

After a brief space of time the Conference was again declared in session, and resumed business.

The question was taken up "Are there any objections to any of our ministers or preachers on trial?"

It may be proper to remark for general information, that this weighty and important question is asked at each District meeting held in the month of May, and the answer in each case is recorded in the District minutes. The record is brought to the Conference and the report received. If any objections have been taken, they are stated to the Conference and the decision of the District confirmed or amended, or it may be reversed. This year in each case the District decision was confirmed. Three or four young men had left their work for another field of labour. One minister was deposed, and expelled from the Church, a fact over which deep regret was expressed, but the purity of the Church and the ministry demanded the faithful performance of a most painful duty.

The whole of the Districts having been gone through on the question of character, the Conference entered on the question "Who are now recommended to the Conference to be received into full connexion and ordained?"

Toronto District—W. H. Bridgeman, M.A., and Alex. G. Harris. These two were accepted by the Conference. In reference to a third, a discussion arose in regard to the law of the Conference relating to young men whom it is designed to send to College, and it was decided not to suspend the rule which defers the ordination of young men who are going to attend the College.

The President desired the indulgence of the Conference for a moment. He wished leave of absence for a day or so, on important business, and his request was granted.

Dr. Ryerson also desired leave of absence for a short time, and his request was granted.

At the request of the President and codelegate, the ex-President, Mr Elliott, took the chair.

The Secretary gave out several notices. A communication was read from the chaplain of the Penitentiary, stating that the Institution might be visited by members of Conference between the hours of 9 and 11:30 of any business day.

The Rev. G. Elliott pronounced the benediction, and the Conference adjourned at six o'clock.

Thursday morning, June 4.

The Conference assembled at 9 a.m. The ex-President in the chair.

After devotional exercises, the secretary read the minutes of the former session, which were approved.

Miscellaneous resolutions and memorials from the several Districts were called for and referred to appropriate committees. One on the publication of the discipline in the German language, from the Hamilton District, was read and referred to the Memorial Committee.

In amendment, Rev. J. Carroll moved, seconded by Dr. Jeffers, "That the changes in the allowances from the Superannuated Fund approved by the London Conference of 1865, be referred to the Quarterly meetings. This motion did not prevail, and it was

Moved by Rev. J. Borland, seconded by Rev. G. Douglass, "That the alterations made in 1865, in the scale of allowances to superannuated ministers and widows, be referred to a committee of nine, appointed by the chair, to report to this Conference, with a view to refer the whole to the several Quarterly meetings for confirmation."

This motion prevailed, and the following committee was appointed, viz: John Borland, Dr Green, A. Hurlburt, G. Douglas, S. Rose, L. Warner, R. Jones, J. Douse and Dr. Jeffers.

A resolution from the Niagara District meeting in reference to Sabbath Schools was referred to the Sabbath School Committee.

Another from the Brantford District on the same subject, was referred to the same committee; and another from the same district on sale of certain property, was referred to the Church Relief Committee.

A memorial from the Romney Circuit on the Chatham District, proposing a change in the Model Deed, was read by Rev. Geo. Goodson, and on motion, it was resolved, "That the Secretary of the Conference write a respectful letter to the Recording Secretary of the Romney Circuit, informing him that the memorial of that Circuit had been received and read, and to state that the discipline makes provision for the changes proposed." Carried.

The Ex President pronounced the benediction and the Conference adjourned at 12:15.

PRESBYTERIAN SYNOD.

The Synod met again on Wednesday morning in St. Andrew's Church, and after the devotional exercises were conducted by the Rev. J. S. Mullen, the minutes of the previous day were read and approved.

The following Standing and other Committees were then appointed, viz:—On Bills and Overtures, on references, complaints and appeals, to revise Synod and Commission records, to revise Presbytery Records, to draft an address to the Queen, and on applications for leave to retire from the active duties of the ministry.

There was read, and referred to the Committee, an application for leave to retire from the active duties of the ministry from the Rev. John White of Arthur.

There was received and read a copy of a despatch from the Secretary of State for the Colonies to the Governor-General, stating that the Synod's address of last year had been received, and would be laid before her Majesty. An acknowledgment of receipt of the Synod's address of last year to His Excellency the Governor-General was also read.

The Examining Committee for the ensuing year was appointed.

There was read the return on the act concerning the examination of students for the ministry, sent down by the Synod at last meeting to Presbyteries for consideration, from the Presbyteries of Toronto, Kingston, London, and Ottawa, approving the same, and from the Presbyteries of Montreal, Guelph, and Niagara, suggesting an amendment thereof.

It was moved by Principal Snodgrass, seconded by Mr Mann, and unanimously carried, "That the returns now read be referred to a Committee consisting of Dr Jenkins, Dr Barclay, Dr Mathieson, Messrs G. Bell, B. Campbell, A. Morris, and the mover, with instructions to compare the same with the terms of the Act itself, and report to the Synod on Saturday morning—Dr Snodgrass to be convener."

The reports of the correspondents to the Synod of the Lower Provinces being called for,

Principal Snodgrass read a full and interesting report of his attendance at the last annual meetings of the Synods of Nova Scotia and New Brunswick, which was listened to with great attention by all present.

Mr Kenneth Maclennan, late Moderator, also stated that he had been present as a Commissioner at the meeting of the Synod of Nova Scotia, that he had met with a cordial welcome from the brethren composing that Court, and that their feeling towards this Synod were of a truly fraternal character.

Mr Croil, agent for the Schemes, made a similar statement in regard to his attendance at the meeting of the Synod of New Brunswick.

It was then moved by Dr Jenkins, and seconded by Mr Mann, and unanimously agreed to, "That the report be received, and that the thanks of the Synod be given to the deputation for their faithful discharge of the duties assigned to them, and that the correspondents from the Synods of Nova Scotia and New Brunswick have an opportunity of addressing this Court on the subject of correspondence between the Synods on a subsequent occasion during this session."

A great portion of the time of the Synod was occupied with a consideration of the report of the Board for the Management of Temporalities Fund. The following is the gist of it:—The total amount received for the Contingent Fund, $12,517,87. Of this sum, $2,923,63 was deducted by authority of the Synod from the half yearly allowances paid to non-commuting ministers; the remainder, $9,504,24, represents the aggregate of free contributions during the year. Some important changes have been carried out, highly favourable to the Board, in the Permanent Fund. Since last report, Mr James Michie, Toronto, was elected a member of the Board, in place of Mr John Cameron, deceased; the Rev. John H. Mackerras was appointed in place of Rev. Alexander Spence, D.D., of Ottawa, resigned, subject to the approval of the Synod.

The invested capital has seriously diminished by the suspension of the Commercial Bank.

In terms of the amalgamation, authorized by an Act of the Parliament of Canada, the Board became entitled to receive one share of the stock of the Merchants' Bank of Canada for every three shares, formerly held by them, of the late Commercial Bank. The number of the said shares owned by the Board at the time of the suspension was 1,264, the original cost of which was $142,101.82: estimating the value of Merchants' Bank stock at seven per cent premium, the price thereof when amalgamation was arranged, the actual loss incurred has been $96,946.

As no dividend was paid by the Commercial Bank since July last, the revenue of the Board was insufficient to meet the payments due on the 31st December. To meet this emergency the Church at large was appealed to, and the Board have pleasure in stating that the result has been highly satisfactory. Not only were the December payments provided for, but, after discharging all claims to fall due on the 30th June next, there will be a balance of nearly $1,500, applicable to the payments on 31st December following; as the ordinary annual revenue, however, has been diminished by more than $4,000, it is evident that the last named payments can only be fully met by the continued exercise of liberality on the part of all the congregations, and thereafter it will be necessary to consider what other plans may be requisite or expedient for maintaining the fund in a state of efficiency, commensurate with the increasing wants of the Church.

The Board desire to express their thanks to those ministers and congregations, who by their united liberality sustained the Board in their efforts to continue the usual half yearly payments.

Circulars were addressed to sixty-eight non-commuting ministers for the purpose of ascertaining whether the $50 annually deducted from their allowances has been paid by congregations. Answers were received from thirty-four only; of these, twenty-four received the $50 in full, five in part, five received nothing.

The retiring members of the Board are the Rev. John H. Mackerras (in the room of the Rev. Dr. Spence), Dr. Urquhart, Mr James Michie (in place of Mr John Cameron, deceased), and Mr Alexander Morris, all of whom are eligible for re-election.

The Clerk read a very interesting communication, of date April 27, from Rev. Thos Simerich, M.A., of the minutes of the Church of Scotland at Victoria, Vancouver Island, which gave full and detailed information in regard to the several mission fields in British Columbia, and suggested the advisability of this Church engaging in missionary enterprise in that colony. There was also read a letter from the Rev. Dr Mathieson to the same effect, regarding the same place. On motion, it was resolved to refer these communications to the Committee on Foreign Missions to report.

The Rev. Duncan Andrews, M.A., and Rev. Joseph Evans, M.A., were re-elected Governors of Morrin College. The Synod having called for the annual report of the Governors of Morrin College, the Principal made a verbal statement of the position and prospects of the Institution which was received.

Dr Barclay, on behalf of the Committee appointed to prepare a formula to be signed by the Professors in the Faculty of Queen's University other than those of Theology and Arts, reported that none other were in operation as teaching boards, and that it was not necessary, therefore, to prepare a formula. The Committee were discharged.

The report of the Committee appointed at last meeting to correspond with the Colonial Committee of the General Assembly of the Church of Scotland was read and adopted.

Application was made by the Presbytery of Toronto for leave to take Messrs. Donald Strachan and Donald Macauley, divinity students, on public probationary trials for licence, also the same application from Guelph in behalf of Mr William Maclennan, M.A.; from Perth, in behalf of Mr S. Macmersin, B.A.; from Quebec, for Mr J. Fraser, B.A.; from Kingston, for Mr J. R. Thompson, M.A. The students were instructed to appear before the examining committee. An overture was read from the Presbytery of Glengarry, asking the Synod to adopt it as a standing usage that all the members shall on the Sabbath following the opening of the annual meeting of this court commune together at the sacrament of the Lord's Supper. It was concluded to defer the consideration of this matter until the next meeting of the Synod. The Rev. Wm. Simpson and Joseph M. Ross, Esq., were re-elected as managers of the Ministers Widows and Orphans fund, and William Darling, Esq., was elected to fill the place of the late John Greenshields, Esq.

The Synod adjourned until this morning.

TOBACCO REGULATIONS.

1st. Licences to deal in raw leaf Tobacco and to enter the same ex-warehouse for consumption on payment of duty, may be granted by any of the undermentioned Officers on application being made in the proper form, namely:

All Collectors and Deputy Collectors of Inland Revenue.

Such Postmasters, not exceeding one in each Parish, Township or Municipality wherein there is no officer of Inland Revenue, as may be from time to time appointed by the Minister of Inland Revenue.

2nd. Application for a Licence shall be made in such form, and shall contain such information as may be required by departmental regulations, and shall also state the name, place of residence and occupation of the person applying.

3rd. A licence shall only be valid when granted on a form supplied by the department of Inland Revenue, and signed by the commissioner; and any licence may be forfeited by the Minister of Inland Revenue whenever he has satisfactory evidence that the person to whom it is granted has evaded or assisted in evading the payment of any duty to which Tobacco is liable, or that he has failed to comply with these regulations or any part thereof.

4th. Permits to take raw leaf Tobacco out of Bond or from the farm or premises where it was grown, for consumption, may be granted by the officers and persons hereby authorized to issue licences, on application being made in the form approved by the department, and payment of the duty to which the Tobacco would be liable if manufactured, that is to say: on raw leaf Tobacco the growth of Canada, five cents per pound, being the duty to which it would be liable if manufactured into common Canada twist, and on raw leaf Tobacco not the growth of Canada, ten cents per pound.

5th. Every permit shall be valid only when the form supplied by the department of Inland Revenue and signed by the person issuing it—and every such permit shall be delivered to and retained by the importer or grower of Tobacco as evidence that the Tobacco to which it relates was lawfully removed, and the said permit shall be produced by him whenever demanded by any officer of Inland Revenue for the purpose of taking an account thereof.

6. All persons issuing licences or permits under these regulations or who receive any duty on raw leaf Tobacco entered for consumption, shall transmit all money so received to the Receiver General at least once in each week or oftener should the amount collected in one week exceed fifty dollars, and they shall account to the department of Inland Revenue in such manner, at such times and in such form as may be from time to time determined by departmental regulations in that behalf.

7. All persons licensed to deal in raw leaf Tobacco shall keep an account of all that they receive or sell or otherwise dispose of, in such form as may be prescribed by departmental regulations.

The novel experiment of moving a house by water was tried at Bridgeport, Ct., with success the other day. A large house was launched and floated through the draw and down the river, landing safely in East Bridgeport, its destination.

A Home for Workingwomen has been opened in Detroit. The Tribune of that city says there are hundreds of working girls who are compelled to live in low, unhealthy rooms, in parts of the city not above suspicion.

The gaol breaker and robber, Jas. Labreche, who escaped from Belleville gaol some weeks ago, has been caught in Oswego, and is now lying in gaol there, on the charge of burglary. If he escapes conviction on that charge, the Sheriff there will hold him in custody till the authorities here have a chance to extradite him on the charge of robbery.—*Hastings Chronicle.*

Mr Bright gave notice on the 18th May that he would call the attention of the House of Commons to the Repeal petition from Nova Scotia on the following day, but when the question came up for discussion, requested the House to let it stand on the order paper until the 15th June, when, we presume, he will go into the general question *ab initio.*

The "capital" question in British Columbia has been finally settled in favour of Victoria, much against, as it would appear, the wish and influence of Governor Seymour. The people and Legislative Council had settled the matter long since in favour of Victoria, but the question was nevertheless brought up a second time, and, as we see, with the same result.

American ladies now in London who desire to be presented to the Queen find it not a little provoking that, owing to an order of Congress, their minister, Mr Adams, and his family, are precluded from attending at court. Mr Adams was again absent from the last drawing room—"owing to unavoidable circumstances"—in other words, he does not deem it respectful to the English monarch to go into her courts in his every day dress, and Congress will not allow him to conform to the customs of the country.

THE PSALMODY QUESTION.—A very exciting and personal discussion has been going on in the Reformed Presbyterian General Synod at Pittsburg on the Psalmody question. Mr George H. Stuart was formally suspended from eldership and membership for avowing his intention of continuing the use of hymns as well as psalms. A great deal of angry feeling seems to have been excited, and many very improper things were said, in discussing the propriety of using hymns as well as psalms in public worship.

The Australian mail has brought the details of the drowning of the Bishop of Grafton and Armidale. On the evening of Sunday, the 15th March, after having preached on the subject of the unjust steward, the party, which consisted of six persons, proceeded homewards in a boat. On nearing the parsonage by some means the Bishop, who was steering, pulled the wrong rudder-string, which had the effect of bringing the boat broad-side on to the wind. A sudden puff caused her to capsize, and its late occupants were struggling in the river. Sarah Southgate (servant) succeeded in getting across the keel of the boat, but slipped off again into the water and was drowned. The Bishop and his son, a little boy of seven, who was asleep at the time of the accident, also sank. The remainder of the party were rescued.
