To the Breeders of North America.

SHORT HORNED CATTLE, LEICESTER SHEEP.

MR. JOHN WADE, would most respectfully intimate that in consequence of the Sudden Death of his late Brother, by the accident at the Desjardins Canal, the whole of the Valuable Stock of Short Horned Cattle, and Leicester Sheep, left by him will be offered, to unreserved competition, on Wednesday, 26th day of August next, at his Farm, 4 miles Equi-distant, from Port Hope and Coburg.

To those acquainted with the Stock, no recommendation is necessary. The Prize Lists of our Provincial and Local Agricultural Societies, prove that the unremitting exertions of their late owner, for the last 20 years, as well as his unsparing expense of Money and Labor, have not been thrown away. The Stock had just reached the point aimed at by him for a long period, and it is only in consequence of the inability of a young family to carry on such a concern that they are now offered. The herd has been raised from successive importations from the native seat of the Short Horns, the County of Durham; being originally from the Collin's Stock through the channels of Colonel Cradcock; J. M. Hopper, Esquire, and others. Mr Wade, would simply remark, that such an opportunity rarely occurs to those wishful to obtain a pure Durham Stock. The Sheep, Teeswater and Leicester, are from the flocks of Davidson, of Northumberland, Carter and Robinson, of Durham, and others equally celebrated.

Terms:—6 Months credit on approved Endorsed Notes.

As the character of this Stock, will probably bring many of our American Friends from a distance, 15 per cent discount per annum will be allowed for cash, or in case of taking the credit, they will be kind enough to provide a Canadian Endorser.

At the same time and place will be offered pure Durham Stock of the same character, with a considerable variation of pedigree and individual characteristic from the breed of Mr J. Wade, and others, and also some very high bred Grade Durhams.

'LITTLE GIANT.'

Corn and Cob, Pea and Oat Mill!

THIS MILL combines, in a remarkable manner, SIMPLICITY and POWER and may be adjusted and put into operation by any person, (no matter how ignorant he may be of machinery); while its efficiency, as a

Corn and Cob Crusher,

surpasses anything of the kind in existence, and fully warrants the unique appelation of the "Little Giant."

This crusher is adapted not only to the grinding of Ear Corn for feed, but also to the cracking of Corn, Peas, and Oats, together; in which it is unrivalled.

The economy of grinding up cobs with corn, is hardly now an open question. Full experiments have been made, and the results frequently published. It is not pretended that the cobs are rich in the element of nutrition, compared with the grain, but they have been found to yield spirit or distillation, a proof that they are far from valueless, and also answer admirably the purpose of preventing the necessary distention of the stomach, and promoting digestion.

The "Little Giant" is of two sizes, costing respectively $40 and $60. It will turn out, according to size, from ten to twenty bushels an hour and do its work most thoroughly and satisfactorily!

These Mills are to be had in all the principal Towns in Canada.
