Last Night's Report.

MONTREAL, June 13, 7 P.M.

The *Herald* has a despatch from Toronto, which says the House of Assembly have voted that the allowance to members and the Speaker should be reduced to one-half the Sessional allowance in future, not to exceed ninety days.

Arrivals to-day—Schooner *Sallooaporto*, wine.

ADDITIONAL ITEMS.—The *Canada* arrived off Halifax on Monday evening.

The London money market was steady, and discounts were easily obtained at the current rates of the previous week.

The market for breadstuffs dull and speculations suspended. Market for breadstuffs at Liverpool was dull and speculations were quite suspended. In the London market full prices could not be obtained for wheat. Flour was inactive, but no lower.

Accounts from manufacturing districts are rather more satisfactory. The prices of goods at Manchester were gradually creeping up.

The political horizon presents no new feature of interest. The new House of Parliament was occupied by the Commons on the 29th May. It was thought that Lord Palmerston's offensive demonstration in reference to the affairs of Greece were merely precautionary measures of defence. The decision of the Arches Court in the Gorham case has been postponed till the 10th June.

A shocking murder has been perpetrated in Ireland, at Cullville, Armagh County. The agent of the Rev. Mr. Hamilton was attacked by some of his tenants, and barbarously murdered.

The French funds were going up.

BUFFALO, June 13.

Dullness is the most prominent feature in the market to-day. There is little disposition to operate until prices become more settled and shipping facilities encrease. Boats are now arriving from the break and will probably be plenty enough in a few days. Flour is inactive and without sales, except to the trade.

GRAIN.—Wheat is held at previous rates, without transactions of mpment. Corn market is quite unsettled, and we hear of no sales. Receipts are heavy and market tends downwards. It is difficult to give quotations which may be deemed reliable, as buyers and sellers differ much in their views.

PROVISIONS.—Mess Pork is in fair request at $11.

Canal Freights irregular, but without material change; 12½ cents is asked on corn to New York.

TORONTO, June 13th, 7 p. m.

Last night when the reporter left, the bill to permit municipalities, in Upper Canada to take stock in railways was past.

The Law of Libel reported from committee.

Bill to simplify practice of Law in Upper Canada—read a 2nd time.

Mr. H. J. Boulton's bill to fix the meeting of Parliament—rejected by the Speaker as opposed to union.

To-night Mr. Baldwin made a reply to Mr. Robinson—the government would pay awards of indemnity commission without waiting to lay it before Parliament.

Foreign merchants and seamens act passed.

The Coulors amendment bill—on motion of Mr. Christie to be read a 2nd time in 6 months.

BOSTON, June 12th.

The Connecticut Bank was robbed of $12-000 in gold, silver, and bills, on Tuesday night. Powerful burglar tools and gunpowder were found on Wednesday night at Marlow. On the robber's trail a team was found containing the stolen money, supposed to have been abandoned by the robbers from fright.

BALTIMORE, 12th.

The Southern Mail is through, and from it we learn that there is a steamer at New Orleans with Tampa Bay reports, and that there is no further Indian news from that quarter.

CINCINNATI, *June* 12th.

Judge Bullock gave his decision in the case on Monday, granting a Divorce to Mrs. Sally Ward Lawrence from her husband, F. B. Lawrence.

Announcements of Births and Marriages are not inserted unless duly authenticated and paid for.
