Last Night's Report.

MONTREAL, June 17, 7 P. M.

In flour no change to notice. Ashes in active demand, at an advance on sales quoted. Saturday's quotation caused by the fire at the Ashes store in New York, Pots 29s. 6d. Pearls 28s. 6d.

THE FIRE IN GRIFFINTOWN—200 HOUSES BURNT.

The fire in Griffintown on Saturday consumed nearly 200 houses. After raging three hours, it was subdued in the vicinity of the Forwarding stores at the canal, which together with the Gas Company's Works, in the neighborhood have narrowly escaped. The exertions of the fatigue company of the XXth Regt. was most effectual in checking the progress of the fire in that direction. In the consternation at the time, many families lost the whole of their furniture. A respectable woman, named Livingston, was burned to death in endeavoring to secure her property, and another woman named Macdonald is reported missing. The Ætna Mutual Insurance Co. loses to a considerable extent by this disastrous occurrence. The Episcopal Church is insured in the Ætna for £800, and in the Quebec for £450. His Worship the Mayor is about to call a public meeting to consider measures for the relief of sufferers.

ARRIVED—Barque Sidney, London, general cargo.

FRANCE, May 31.—The 4th, 5th, 6th, 7th and 8th clauses of the Electoral Bill passed.—Letters says that notwithstanding the hopes of a settlement of the difficulty with the British Government a levy of seamen is going on in that part. Another ship of the line has been added to the Mediterranian. The Gazette de France states that Lord Palmerston has expressed his readiness to except the treaty signed in London, should it be thought preferable. The 47 Socialists arrested on Thursday night were found in the act of making cartridges.

PRUSSIA, Berlin, May 30.—The King's health continues to improve.

ENGLAND.—Transactions in Continental exchange is very extensive.

TORONTO, June 17, 7 P. M.

On Friday evening, after the Reporter left, the discussion on Mr. Lafontaine's resolutions on the Signorial tenure was continued. Committee rose and obtained leave to sit again to-day.

The Committee on Retrenchment has seen occasion to recommend the reduction of the Governor's salary to £3500 per annum, the Speaker's salary to £500 per annum, and the Members pay to 10s. per day.

A discussion has taken place this evening on motion of Mr. Robinson to introduce a Bill to prevent payment of claims under the indemnity Act, until the information he had moved for the other evening should be laid before the House—motion lost. The House is now discussing some resolutions of Mr. Boulton, (Toronto,) to amend the Constitutional Act.

AWFUL DISASTER.

Steamer Griffith Burnt—260 Lives Lost.

BUFFALO, June 17.

A telegraphic despatch from Cleveland this morning says, that the steamer *Griffith*, on her way from Buffalo to Toledo when about 20 miles below Cleveland, at 5 o'clock this morning, took fire and burnt to the waters edge. The mate, who swam ashore, reports only 30 saved, and each saved themselves by swimming ashore. Capt. Roby, wife and child are among the lost. There were between two and three hundred souls on board. The accounts differ as to the loss of lives. The last report gives the number lost at 260. We understand that Mr. Franklin Heath, wife and four children are among the lost. Mr. Heath formerly resided in this city whence he returned to New York—he is a brother of Mr. Jas. Heath of this city. Horace Palmer, Operator in Speed's Office, Toledo, was lost on board the Griffith—he got on board at Erie. The Western lines are working badly and we are unable to get further particulars.

LEE, June 14th.

We have received intelligence from Havanah as late as the 10th, and are happy to state that the Spanish movement in reply to the representations of our Consul cited by our American authorities after passing free forms of trial had liberated the American prisoners, and were free to return to the United States.

Mr. Scott, well knowing the deficiency that too generally exists among Teachers and Book-Keepers in posting, balancing and closing the Leger, intends, through the co-operation of the public, to publish a set of Leger Lessons, which will fully develope, and minutely define all the varieties that can arise in balancing and closing each and every account in the Leger, taken separately. The Lessons will be published only by subscriptions, at one dollar each copy. Subscribers' names will be taken at the following places, for one month from the date hereof, when the work will go to press, if a sufficient number of subscribers offer.

The Office of the British Whig Bagot Street, R. S. Henderson, Superintendent of C. S., Mr James Harty, Merchant, Market Square. Mr Abraham Foster, Merchant, Princess Street, Mr. E. W. Palmer, Bookseller, City Buildings, Messrs. Ramsay and Armour, King Street.
