FIRE! FIRE!

Capital $300,000.

The St. Lawrence Insurance Company Chartered in 1836, continues to insure at as cheap rates as any other sound Company in New York. It insures from five to six millions annually, and presents the following advantages.

1st. Its total rates for *five years do not exceed* the rates of Stock Companies for *two years* on farm property.

2d. It does not insure buildings in blocks, nor extra hazardous risks, but ordinary and detached hazards only. In the several towns of Plattsburgh, Watertown, Corning, Port Hope, and Picton lately destroyed, in each of which the Company had agencies, its total losses were less than $1000.

Such facts speak.

3d. The Company is bound by the survey of the agents; and this is printed on all policies.

4th. The total liability of the member is the note, and the company cannot assess beyond that sum, as is the case in most Companies of the States.

5th. The capital of this Company is almost *wholly unimpaired*, as it has laid but *one small assessment in* FIVE YEARS, and the cash balance in favor of the Company, October 1, over and above all liquidated liabilities was about

$13,000 00.

6th. The policy covers loss from 12 o'clock noon the day the money *is paid to the agent.*

7th. The notes of the members of this Company *are not hypothecated to borrow money*, but a member can withdraw *his note*, and *cancel* his policy when he may please, by paying his share of loss to that date.

8th. The capital of this money is *bona fide*, but got up to answer the requirements of the law of the State by taking *enormous notes*, on enormously hazardous property, but the notes are on *safe property throughout.*

This Company has twelve millions of Insurance—three hundred thousand dollars capital; the heavy surplus fund above stated—its risks are well and carefully classed; and if prudent management, strict economy, small risks, and a large business can save the members from assessment it will be done. This Company regards it as dishonest, and an imposition in any mutual Company to countenance its agents in promising—*what cannot be foreseen*, but it gives the facts, and parties must be their own judges.

We consider the past a good guarantee for the future. During the past year the Company paid in losses $33 417 99 and its expenses were only $2 125 84 exclusive of the fees to the agency. It includes $500 paid to the Officers, about $600 for postages and the balance was for printing and other incidental expenses.

N. B. Agents have commissions signed by the Secretary, and parties paying monies will require their production and receipts. The company will not hold itself in any way responsible for the acts of any persons having in its commission.

If the policy be not received, the party must mail his receipt to this office in *Thirty days*, and the policy or cash will be returned.

AGENTS, who can come well recommended for prepossessing, judgment and character, are wanted to whom liberal inducements are offered. Address the Secretary.

DIRECTORS.—Erastus Vilas, President.—William Bacon, V. P.—Ira Whitlock, D. Crichton, N. Stalwell, jr. Walter Wilson, Allen Chaffee, W. E. Guest, J. G. Hopkins, Ira Hale, Moses Sterling, J. V. Kent, Royal Villa.

H. G. FOOTE, Secretary.

To the Sick and Afflicted.

DR. SHERIFF,

RESPECTFULLY informs his friends and the public generally, that he has removed to the Stone dwelling belonging to Mr. F. Donoghue, situated at the west end of Ontario Street, where he is prepared to receive and prescribe for patients afflicted with diseases of long standing. Dr. S. has, during his short residence in the City of Kingston, been the means, through the hand of Providence, of restoring to health over two hundred individuals, after they had been abandoned as incurable, and considered out of the reach of hope, by their physicians. And he intends for the future, to give his attention only to such cases as may be considered beyond the reach of medical aid from every other source. And he feels confident that he will be enabled as heretofore, to give relief to the majority of such cases as may come under his care. By way of reference, it may not be amiss, at the present time to mention one case that has been successfully treated by Dr. Sheriff, within the last three weeks.—Mr. Henry Leavens, a respectable farmer, who resides near the first toll-gate, sent for Dr. S. about three weeks ago. When he went to him he was confined to his bed, in the last stage of Dropsy, and at the same time labouring under a severe affection of the Lungs, from which he had been raising profusely of blood. In this hopeless condition his physician had left him, and said that he could do no more for him. He then commenced taking medicine, under the direction of Dr. S. and in two weeks time was able to ride out. He is now daily attending to the business about his farm as usual.

PROSPECTUS

OF THE

CANADA DIRECTORY,

To be got up on the same Plan as that Great Work Pigott's Directory of England.

THE SUBSCRIBER, who for the last ten Years has published the *Montreal Directory*, and several valuable Statistical works, proposes to publish, by Subscription, so as to be ready for delivery in the Fall of 1851, or earlier, if possible,

A DIRECTORY OF CANADA,

containing the names of business and Professional Men in the principal Cities, Towns and Villages of Canada, (from Quebec west to Amherstburgh) 1st, alphabetically by Cities, Towns, and Villages, and 2nd, alphabetically by Business and Professions in each, when the place is so large as to make the latter arrangement desirable.

A short description of each Town or Village will also be given, with its distance from the City with which it is most centrally connected, and the Steamboat or Stage fare usually charged to reach it, together with such other information relative to the place as may be useful or interesting to the Public.

The work will be got up in one large octavo volume, Printed well, upon good paper, and bound substantially, and will be delivered to Subscribers at 15s. per Copy, to non-Subscribers at 20s. per Copy.

As the expenses incurred in travelling and otherwise, to collect the information for the work, will be necessarily great, the following terms have been decided on—

For inserting the Name and Business in small type, ... No Charge.
" in large type not exceeding two lines, ... 1s. 3d.
" not exceeding four lines, ... 2s. 6d.

But, as an inducement to subscribe for the work, it has been resolved, that every person ordering a Copy, will be entitled to have four lines inserted *without charge*; this cannot fail to be of great advantage to them, as a VERY LARGE Subscription has been received in most parts of the Province, and many orders from Great Britain and the United States.

Advertisements will be inserted at the rate of 25s. per Page, when one Page or more is taken, and at the rate of 3d. per Page, when less than one Page is taken.

It would be almost superfluous to point out the many facilities which such a work will afford to MERCHANTS in the Cities and Towns, for extending their business connections, and as care will be taken that Copies shall be placed in the MERCHANTS' EXCHANGES and READING ROOMS of the principal COMMERCIAL CITIES of GREAT BRITAIN and the UNITED STATES, it will be for them, the *very best channel of publicity* which has ever been offered in Canada.

The work is intended to appear in the Fall of 1851, or earlier, if possible, and as a guarantee that it will be faithfully carried out, it is, perhaps sufficient to say, that the information will be collected by the Subscriber, personally, in the principal Cities and Towns, and that it will be printed and published by Messrs. Lovell & Gibson of Montreal.

Gentlemen desirous of subscribing to, or advertising in the work, are respectfully requested to address, post paid,

Camphene Distillery for Sale.

FOR SALE a compact little Camphene Distillery, situated in a convenient location in the neighborhood of Kingston. It consists of a frame building, nearly new, paying a low ground rent, a Copper Rectifying Still and Worm, capable of running 35 gallons in 10 hours, and all the other necessary apparatus in good order for carrying on the business. As this is the only manufactory of Camphene in this neighborhood, there is always a steady demand at a good remunerating profit for all that it can make, so that this holds out an opportunity rarely to be met with, for an industrious man with a small capital to secure the means of independence. A knowledge of the business is easily acquired—only two or three lessons being requisite—which a purchaser can easily obtain for a trifle.

Princess Street, Kingston.
