EXTRAORDINARY CONSPIRACY.

A WIFE CONSPIRING AGAINST HER HUSBAND. HORRIBLE CHARGE.

[From the Providence Journal, Jan. 11.]

The case of conspiracy against Potter, B. Butterfield, recently noticed in this paper, was investigated by the Court of Magistrates yesterday. Emma F. Church and Eliza J. Butterfield, each pleaded guilty to the charge, and were held to bail each in the sum of $1,600 for their appearance before the Supreme Court at the March term. The physician, Joseph R. Church, conducted the case in his own behalf, and was bound over in the sum of $2,000 to appear for trial at the same time. In default of bail they were committed. The result turned upon the evidence of Lydia Ann, daughter of Mr. Butterfield, who completely exculpated her father, at the same time fastening the crime upon the parties accused. This is one of the most curious as well as complicated domestic difficulties ever brought before our courts; and aptly illustrates the trite saying that those who dig the pit for others may themselves fall therein.

The facts are briefly as follow: P. B. Butterfield, who is in the employ of the Barstow Stove Company as a watchman, owns a small amount of property in Pocasset, Mass. His wife, Eliza J. Church, and Emma F., wife of the 'physician,' wished to get P. P. B. out of the way and turn the property into money for their own use. To effect this, the wife of P. P. B. suddenly discovered that her husband had been guilty of a revolting crime. It was alleged that the object was his own child, Lydia Ann, thirteen years old. The doctor and she entered into correspondence upon the subject. The girl was pursuaded by flattering promises, and coerced by threats, to swear to the guilt of her father. She did in fact go before a justice of the peace and make affidavit to the circumstances as set forth in warrants for the arrest of Butterfield. Church went to the City Marshal and stated the case.

He had also been to the Attorney General of Massachusetts, and obtained a requisition from Governor Banks to convey him into that State. The affair was to have been tested in the Court of Magistrates on Saturday last. On that occasion, filial affection overcame the most dazzling inducements, and Lydia Ann said the affidavits were false, and that the whole story was a fabrication, and her father was innocent, that the parties had told her that she could put her parent in prison for ten years, and then she would be twenty-three years of age and her own mistress, and that this huge falsehood would add greatly to her worldly prosperity. Matters having taken this turn, the Marshal issued warrants for the arrest of Church and his female co-laborers, all of whom were immediately committed.

EPILEPTIC FITS.—What can be more painful than to witness the sufferings of one subject to these fits. Perhaps it may be a mother lying senseless at our feet, or a loved sister, whose youth and beauty are sacrificed to the destroyers of her peace. But we are happy to be able to state that relief is at hand—the sovereign balm is found. Mr. Kennedy's Medical Discovery has been found able to cope with the enemy, and conquer them. We have in our mind three cases of fits that were entirely cured—one was a Merchant of Boston, who had to retire from business on account of them—another was a gentleman in Stoneham, Mass.,—and a third was a most beautiful young lady, residing in Charlestown, Mass., some eighteen years of age. For humors, or diseases proceeding from humors, be sure and use the discovery. 14

HAIR RESTORATIVE.—The demand for this unrivaled preparation for the hair and skin is beyond the possibility of a doubt, and its sale is greater than any other Hair Restorative that has ever been before the public. Tens of thousands of persons who were bald and gray, and others whose faces were covered with unsightly blotches, and pimples, are now, with their own glossy hair, and with faces comely and fair to look upon, seen daily promenading the streets of the principal cities of the Union, and by their influence spreading the fame of Wood's Hair Restorative throughout the civilized world. But the trial of one bottle is more convincing than all we could say in a whole Newspaper column.

It does not dye but gives life, health, and beauty to the decaying, falling, and dead, restoring as if by magic, that which was supposed to be irrecoverably lost. Heads nearly bald and others nearly white, are daily being changed to their pristine beauty, and faces covered with pimples are rendered as smooth as an infant's, and blushing as a rose, all by the use of Pro. Wood's Hair Restorative.—St. Louis Commercial List.

BLOOD FOOD

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which Dr. Bronson was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, Cough, Cold, Head-ache, Palpitation of the Heart, Loss of appetite, or pain in the side, lose no time in procuring a bottle of the "BLOOD FOOD."—If you are suffering from Nervous Debility, or your sleep is broken and disturbed, if your Spirits are depressed or your Organs relaxed, you will find in this an unfailing remedy, by commencing with ten drops. If your Liver is torpid or diseased in any manner whatever, one or two bottles will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of Dyspepsia, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking one bottle. In Male or Female Complaints and Weakness, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of two or three bottles. The 'BLOOD FOOD' is effectual in all cases of Eruptions, Salt Rheum Scrofulas and other like complaints. Pale and emaciated children and adults are immediately benefited by its use. It gives strength to the body and color and beauty to the skin.—Physicians of all schools are using it with wonderful success.

MRS. WINSLOW'S

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP! FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and

IS SURE TO REGULATE THE BOWELS.

Depend upon it mothers, it will give rest to yourselves and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say in confidence and truth of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects. We speak in this matter 'WHAT WE DO KNOW,' after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED AND SKILFUL NURSES in New England, and has been used with never-failing success in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS AND WIND COLIC,

and overcome convulsions, which if not speedily remedied end in death. We believe this the best and surest remedy in the world in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has used it, that her child is a sufferer, we cannot conceive, unless she has some prejudice or other reason, it commends itself at the most to every sound judgment, and to every mother who has tried it, we cannot state the fact, that we never knew an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues.—We speak in this matter 'WHAT WE DO KNOW,' after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE.
