The Only Preparation
THAT HAS
STOOD THE TEST OF YEARS,
AND GROWS MORE AND MORE POPULAR EVERY DAY!
And testimonials, new, and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.
Battle Creek, Mich., Dec. 21st, 1858.
Prof. Wood: Take will please accept a line to inform thee that the hair on my head, all fell of over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, either have I been able to do them up, in consequence of which my head had suffered extremely from cold. This induced me to pay Briggs & Hodgen street the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions, and the bald spot is now covered with hair thick and black, though short. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee would not be willing to send me an order on the agents for a bottle, and receive in thy call the scripture declaration—the reward in to those that are kind to the widow and the fatherless.
Thy friend, SUSANAH KIRBY.
Lignier Noble Co., Indiana, Feb. 5, 1858.
Prof. O. J. Wood: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months the whole upper part of my scalp was almost entirely devoid of its covering, and much of the remaining portion upon the side and part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the state of Indiana, my nearest acquaintances were not able, at a glance, to recognize the face of the church by my appearance, so my story informs, and I need not add that I was the subject of much ridicule.
I at once made application to the most skillful physicians in the country, but, yesterday commenced from them that my hair would grow no more, and I found to become resigned to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist as the most reliable. This Restorative, I am happy to say, has proved satisfactory in every respect, for it was gratifying to me to see the hair growing upon my head, and I feel that it was worth ten times the price of the bottle. More than that, I feel that it was worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.
As a token of my gratitude for your labors and skill in the production of so valuable an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with the effect. Very respectfully, your
A. FLAITA.

ROXBURY, MASS.
DEAR MADAM,—The reputation of the Medical Discovery is curing all kind of humors, is so well established by the unanimous voice of all who have ever used it, and I need not say anything of the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately so liable. The most harrassing disease to its affect could neither be named in this.
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and quiet slumbers, and the Medical Discovery becomes a fountain of blessing to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
you feel distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the animalcules field of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best days are gone. For want of nourishment your system becomes loose and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE,
Palpitation of the heart, pain in the side, weakness of the spine and dull red the back, pain of the hip joint when you retire, irregularity of the bowels, cold sides, thickened cartilaging of stomach, the
PILES,
How many thousands of your women are suffering from this disease, and pining away a miserable life, and their near friends ignorant, do not know what is the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventive and cure, and this great and good quality, that it will never spoil any constitution, do you any injury.
Recollect that prevention is better than cure, and the best cure is the best you can get and enough of it.
Dear Madam, you can obtain one table spoonful per day—Children over two years of age, proportionately. Dose—One to eight years, one spoonful. As a general rule, adults may be expected to operate on the bowels once a day.
Yours truly,
DONALD KENNEDY.
