MISCELLANEOUS.

Name it, and you break it ?—Silence.

When is a lady's arm not a lady's arm ? —When it is a little bare (bear).

Why is a beggar like a lawyer ?—Because he is a solicitor.

Why is the letter R a profitable letter ? —Because it turns ice into rice.

How many peas are there in a pint ?—One P.

Why is an affected girl like a music book ?—Because she is full of airs.

Why are conundrums like monkeys ?—Because they are troublesome.

When is wheat like a blunt knife ?—When it is sent to be ground.

Why is an egg overdone like one underdone ?—Because it is hardly done.

How many little insects will name those who live in other men's houses ?—Ten ants.

Why is a very angry man like fifty nine minutes past twelve ? — He's ready to strike one.

What protection has an omnibus from being struck by lightning ?—It has a conductor.

What is that which occurs on in a minute, twice in a moment, and not once in a hundred years ?—The letter M.

Why is an Irishman rolling in the snow like a mounted policeman ?—Because he's patrolling.

Why is a gouty old gentleman like a window ?—Because he is full of pains (panes.)

What is it that increases the more you take from it ?—Why a hole, of course.

Why is a chicken pie like a gunsmith's shop.?—Because it contains fowling pieces.

Why is a Judge like a person reading aloud ?—He pronounces sentences.

Why is a lovely young lady like a hinge? —Because she is something to adore.

The London Punch thus sums up the ins and outs of the case at Washington, in an unusually clear statement for an English writer on our affairs :

"Says Johnson, 'To hold that the States of the South were e'er out of the Union, is sin.' Says Congress, 'Wa'al, guess if they never were out, there ain't no call for letting 'em in.'"

The negro Dyer, who stabbed the young man Joseph Graham at St. Catharines on Thursday last, has been committed for trial at the next Lincoln assizes. The case excited a great deal of interest, and during the investigation by the magistrates the court-room was crowded. Graham is recovering and probably out of danger.

NAVIGATION ON LAKE ONTARIO.

Oswego, N. Y., March 15.—The Canadian schooner Trade Wind arrived here this morning from Port Hope with a cargo of wheat and peas. This is the first arrival of the season.

The Grand Trunk Railway Company intend to establish next month an Express freight train, for points on their line West of Montreal. We believe this step is taken in compliance with the wishes of the merchants of Montreal, and that it will ensure prompt and rapid delivery of goods.

We learn by the last mail that Messrs Baring Brothers & Co., and Messrs Glyn, Mills, Currie & Co., announce that "the sum of £20,618 10s. 10d., being the amount applicable to the sinking fund for the half year ending Dec. 31, 1865, for a quarter per cent. on the total issues of consolidated five per cent. stock, and interest on previous redemptions, has been employed in the purchase of £25,700 Canadian five per cent. consolidated stock." This is at least proof that the sinking fund does take effect. We understand the opposition to ridicule it on the ground that it would be wholly inoperative.—Montreal Gazette.

THE UPPER MISSOURI—NAVIGATION OPEN.—A large fleet of boats are ready to take their departure for the Upper Missouri. The first steamer left St. Louis on the second of March. Others to the number of forty will follow at intervals of two or three days, engaged in the trade on the Missouri and Yellow Stone rivers.

NAVIGATION ON THE HUDSON RIVER.—The navigation of the Hudson River will not, it is expected, be open in ten days or two weeks to come. The agent of one of the Albany and New York steamboat lines has made a trip along the river bank for observation; and he found the ice in some places very thick and strong.—[N. Y. Eve. Post.

A large fleet of coast vessels are preparing to leave the river next week, and will do so unless we have a change of weather.—Milwaukie Wisconsin.

Look, Read and Learn

THAT THE GREAT SHOSHONEES REMEDY OF THE CELEBRATED INDIAN, DR. LEWIS JOSEPHUS, OF THE DISTINGUISHED TRIBE OF SHOSHONEES, BRITISH COLUMBIA, IS NOW FOR SALE IN CANADA.

THIS all-possessing Great Indian Remedy is warranted, and in broad and emphatic language, we can safely say may be relied upon to make a permanent cure of all Diseases of the Throat, Lungs, Liver, Kidneys, Digestive Organs, &c., as well as Scrofula, the various Skin Diseases, Humors, and all diseases arising from Impurity of the Blood, excepting the third stage of Consumption. In the Western Country, where this Great Remedy has been in use for a short time, it has indeed effected some of the most Marvellous Cures, ever recorded in the annals of Historical Medicine. Such being the case, in addition to its former renown and celebrity, we defy humanity to dispute the fact, that this, the Great Shoshonees Remedy, in connection with the Shoshonees Vegetable Restorative Pills, is the Remedy of Remedies of the 19th Century, and the greatest boon ever laid at the altar of suffering humanity: For the discovery of this Wonderful Remedy, the world is indebted to Dr. Jasper, formerly of St. Louis, Mo., who spent, before he succeeded, over two long years in Columbia, endeavoring to obtain from Dr. Josephus the life-long secret of preparing it. Dr. Jasper, with Dr. Hall and several other physicians of St. Louis, witnessing the astounding curative effects of the Great Shoshonees Remedy, entered into combined cogitation for the purpose of ascertaining the peculiar mode of action of this Great Remedy, and the result of their researches was that the wonderful healing properties of the Remedy were due, not only to its salutary effect upon the blood and the organs themselves, for diseases of which it is recommended, but also on the Digestive Organs and more particularly upon the Lacteal Vessels, which Lacteal Vessels combining the New Theory of Disease, as well as history of the Discovery of the Remedy, Certificates of Cures, &c., &c., are fully laid down in the Treatise accompanying each bottle of the Remedy.

☞ Price of the Remedy in large Pints $1.
