POLICE COURT.—

BEFORE MR. CREIGHTON.

Friday, April 20th.

Bridget Donnelly, only out of gaol a day or so, was up again, of course, for vagrancy. She was discharged, on promising not to show her face again in the Court.

ASSAULT.

John Parsons, whose arrest was mentioned yesterday, was charged with assaulting Mr. John Kinghorn, Purser of the steamer Watertown, and otherwise acting disorderly. Policeman Porter deposed that he was at the wharf on duty when the steamer Watertown arrived on Thursday afternoon, and had a scuffle with Parsons, who endeavored to carry a trunk off the wharf without paying the charges on it. Afterwards with Corporal Twigg and Policeman Milane, he arrested Parsons for the assault on Mr. Kinghorn. A crowd followed them, and some of them called out for stones to knock the Policemen's brains out. Mr. Creighton inflicted a fine of $5, or ten days in gaol.

INTERFERING WITH POLICE.

John Sullivan was charged with interfering with the Police in the discharge of their duty. Policeman McLoughlin stated that Sullivan was one of the party who followed Parsons to the Station, and incited the crowd to resist the Police. The Police Magistrate did not wish to inflict a fine, and would overlook the case. However, if another case came up before him of a similar nature to this, he would inflict a fine on every one concerned in it. He gave the parties a severe lecture on their unseemly conduct towards the Police, which done infinitely more good than a fine would do.

KINGSTON COMMERCE AND MARINE.

On Thursday afternoon there was a general clearance of vessels from port. A favorable wind induced the larger vessels to hoist their canvass and start out of port, and the barques Waterwitch, Robert Gaskin, British Lion and Arabia cleared for Chicago and Milwaukie. The schooner Tranchemontagne, which fitted out at Garden Island, also left for one of the Bay ports, to load wood for Toronto.

The tug Wales, which wintered at Brockville, towed into port on Thursday afternoon, the barque John Breden, fitted out at Gananoque, and the schooner Preston from Ogdensburg. The John Breden starts for the upper lakes when she receives a new mainsail.

The schooners E. S. J. Bemis and Mountaineer, of Clayton, which took in ballast at Rudd's Wharf, left for the upper lakes on Thursday afternoon, along with the barques. The schooner Queen of the Lakes is now taking in ballast at Rudd's—preparatory to a start up the lake—where also the barque Advance is fitting out for her first trip. The schooner Mary Taylor (new) and barque Sir E. W. Head are fitting out here, in addition to the vessels previously noticed.

The vessels at present being prepared for the summer's campaign at Garden Island are: The barques Laura A. Calvin, Mary Jane and London; Brig Liverpool; Schooners M. L. Beck, Oriental, Minerva Cook and Marcia. The steamers of the Government tug fleet are also fitting out on the Island.

The propeller Bristol arrived yesterday morning from Brockville, where she wintered, and cleared last night for Toronto, from thence to Owen Sound.

The steamer Bay of Quinte made a short detour around the harbor yesterday, and took up her quarters at the St. Lawrence new wharf. She will leave this morning for Picton on a special trip for a load of cattle, returning in time to make a regular trip to Belleville, as per advertisement.

THE WATER RAISED.—The water in the Rideau Canal, between Burritt's Rapids and Ottawa, is a foot or two higher than the highest water mark last fall, and there is no difficulty in navigating that portion of the route. Between Kingston and Burritt's Rapids, however, the water is not so high, but the spring rains may raise it again to its usual level.

THE ICE AND BAY PORTS.—A north west wind on Thursday night drove the floating ice out from the harbor into the channel, and before morning the greater portion of it was floating down the river. The harbor is now free of obstruction. The Bay of Quinte is entirely open for navigation, the jam of ice between Picton and Belleville no longer existing. Belleville and the Trent ports are open, and vessels are fitting out for the summer's business. It is stated that the water in the Bay was never so low as at present, and that lumbermen will find difficulty in getting their timber to market this season.

THE RIVER BELOW.—Lake St. Peter is free from ice, so that the navigation of the St. Lawrence cannot fail to be open early next week. The ice is gone from Lake Champlain, and the boats began their usual trips on Monday last.

NEW PROPELLER.—The new propeller 'City of London,' built by L. Shickluna to trade between Port Stanley and Montreal, was launched on Wednesday at St. Catharines. She is said to be a model—a perfect duck of a boat. Her dimensions are:—Length, 145 feet; breadth of beam, 26 feet 2 inches; depth of hold, 11½ feet; tonnage, carpenter's measurement, 440 tons; carrying capacity through the Welland Canal, 14,000 bushels. She has a cabin and state-rooms sufficient to accommodate one hundred passengers. The 'City of London' will be commanded by Captain Pollock.

ROYAL CANADIAN BANK.—We are informed that a Branch of this Bank is to be established in village of Trenton. The necessary amount of Stock has been subscribed, and the Bank will commence operations in a short time.

THE SEASON.—Lake St. Peter is reported free from ice, so that the navigation of the St. Lawrence cannot fail to be opened early next week or so, the remaining ice is much decayed, and large masses continually detach themselves from the wharves and float away down the stream, but the lake ice does not yet appear to have passed the city. By telegraph received to-day, the Lake St. Peter ice was passing Three Rivers last night, and it is supposed that the channel will be completely cleared by Saturday.—Montreal Witness.

An English paper says that, in consequence of the sudden increase of Irish emigration, the Cunard Company will put on a new line of seven screw steamships on the Cork and American route.

WORMS! WORMS!

Now is the season of the year when parents cannot be too careful of the health of their little ones, and drive from their system all impurities which feed and harbor WORMS.

Dr. McKenzie's Dead Shot Worm Candy Stick

Will prove an effectual remedy, and can be safely administered to the most feeble infant, having no CALOMEL or other MINERAL SUBSTANCES CONTAINED IN IT.

Too much cannot be said in its praise, and we would earnestly advise all who need a safe, pure and reliable worm-destroyer, to use it in their families, well knowing that once given a fair trial, it will soon become a permanent institution in every household.

WONDERFUL CURE
OF
Consumption,
BY
THE GREAT SHOSHONEES REMEDY,
IN CANADA.

I, ANGUS PRINYEA, of Fredericksburg, County of Lennox & Addington, C.W., can, for one, truly bless God for the discovery of the Great Shoshonees Remedy which has indeed snatched me as a brand from the jaws of death. Suffering for a length of time from Consumption, last August I became confined to my house; I coughed dreadfully day and night, I expectorated quarts of greenish looking matter and large quantities of blood; I could scarcely sleep at all, and when I did doze night sweats burst forth fearfully, which the doctor tried but in vain to arrest. My bowels were costive, I lost my appetite, and what little I eat I mostly vomited. My head ached almost constantly, I was so suffocated that I could hardly breathe, and racked with pain. I became so reduced that I could hardly stand alone, and, indeed, an object of pity at the verge of the grave. I took Quinine, Cod Liver Oil, Citrate of Iron, and Quinine, Cough Mixtures, &c., &c., but still grew worse and worse. I was attended by physicians who told me to prepare for death, which was my only hope; but I thank God that about two months ago this Great Indian Remedy was introduced into Canada. I grasped it as the last hope; I have taken it with the pills ever since, and now my cough is but little, the expectoration of greenish matter and blood have stopped, I sleep well, night sweats have ceased, my bowels are regular, my appetite is good, Vomiting and Headache have stopped, I breathe easy, and suffer no pain. The Doctor examined my lung the other evening, said it was open again, and for God's sake to stick to this Indian Remedy. I am now feeling hearty, have been out visiting, and have lately, to a certain extent, resumed my former occupation, and all praise, through the blessing of God, to the Great Shoshonees Remedy.

This I solemnly declare under oath, in the presence of God, as follows.

ANGUS PRINYEA.

Sworn before us, at Fredericksburg, C.W., this 19th day of March, 1866

JOHN PRINYEA, J.P.

THAT THE

GREAT SHOSHONEES REMEDY

OF THE CELEBRATED INDIAN, DR. LEWIS JOSEPHUS, OF THE DISTINGUISHED TRIBE OF SHOSHONEES, BRITISH COLUMBIA, IS NOW FOR SALE IN CANADA.

THIS all-possessing Great Indian Remedy is warranted, and in broad and emphatic language, we can safely say may be relied upon to make a permanent cure of all Diseases of the Throat, Lungs, Liver, Kidneys, Digestive Organs, &c., as well as Scrofula, the various Skin Diseases, Humors, and all diseases arising from Impurity of the Blood, excepting the third stage of Consumption. In the Western Country, where this Great Remedy has been in use for a short time, it has indeed affected some of the most Marvellous Cures, ever recorded in the annals of Historical Medicine. Such being the case, in addition to its former renown and celebrity, we defy humanity to dispute the fact, that this, the Great Shoshonees Remedy, in connection with the Shoshonees Vegetable Restorative Pills, is the Remedy of Remedies of the 19th Century, and the greatest boon ever laid at the altar of suffering humanity. For the discovery of this Wonderful Remedy, the world is indebted to Dr. Jasper, formerly of St. Louis, Mo., who spent, before he succeeded, over two long years in Columbia, endeavoring to obtain from Dr. Josephus the life-long secret of preparing it. Dr. Jasper, with Dr. Hall and several other physicians of St. Louis, witnessing the astounding curative effects of the Great Shoshonees Remedy, entered into combined cogitation for the purpose of ascertaining the peculiar mode of action of this Great Remedy, and the result of their researches was that the wonderful healing properties of the Remedy were due, not only to its salutary effect upon the blood and the organs themselves, for diseases of which it is recommended, but also on the Digestive Organs and more particularly upon the Lacteal Vessels, which Lacteal Vessels combining the New Theory of Disease, as well as history of the Discovery of the Remedy, Certificates of Cures, &c., &c., are fully laid down in the Treatise accompanying each bottle of the Remedy.

☞ Price of the Remedy in large Pints $1.

For sale by all Druggists and Dealers in Medicine.
