Police Court, Saturday.—William Clark, a sailor, was charged with larceny by Samuel Rose. Clark came over to the city from Garden Island on Friday afternoon in a boat along with the complainant, and shortly after the two parted at the dock, Rose missed his watch out of his pocket. He immediately gave information to the police, who tracked the prisoner, and found the watch in his pocket. Clark had the audacity to complain at the Police Station after he parted with the complainant in this case, that his boss refused him his wages. He had left the Station but a few minutes before the information for theft was laid against himself, and the tables turned on him. The prisoner was committed for trial at the ensuing session of the Recorder's Court.

COMMERCE AND MARINE.

MONDAY MORNING, MAY 28, 1866.

Gold closed in New York yesterday at 136¼.

MONTREAL MARKETS.

(Special Telegram to the British Whig.)

Montreal, May 26th, 1866.

William Nivin & Co., Commission Merchants, Corner of St. Nicholas and St. Sacrament Streets, Montreal, report:—

Flour—Superior Extra, 8,50 a 9,00; Extra 8,25 a 8 50; Fancy, 7,50 a 7,75; Welland Canal Superfine, 6,60 a 6,75; Superfine No. 1 Canada Wheat, 6,60 a 6,80; Superfine No. 1 Western Wheat, none; Superfine No. 2 Western Wheat, 6,10 a 6,30; Bag Flour, 3,50 a 3,70. Wheat—Canada, 1,45 a 1,50; Western, 1,45 a 1,50.—Oats—per 32 lbs, 33 cents a 35 cents. Barley, 48 lbs, 50 a 55c. Butter—Dairy, 22 a 24c; Store Packed, 20 a 22c. Ashes—Pots, 5,60 a 5,70; Pearls, 7,85 a 8,00. Gold in New York at 12 o'clock, 136⅝ a ⅞.

Flour—receipts moderate; market firm; better demand for strong supers for city use at $6,70 a $6,80; other grades neglected. Grain—Wheat nominal. Peas wanted. Oats steady. Provisions—Pork dull and lower. Butter more abundant and receding. Ashes—Pots not wanted; Pearls active.

REPORTED AT THE CUSTOM HOUSE SINCE FRIDAY.

Inwards.—Steamer Ranger, Montreal, general cargo; propeller St. Lawrence, Montreal, general cargo; steamer St. Helen, Montreal, passengers; steamer Passport, Hamilton, passengers and sundries. Outwards.—Schooner Champion, Toronto, 75 cords wood, shipped by J. Campbell; steamer Ranger, Port Stanley, general cargo; schooner Sultan, Darlington, light; barge Lark, Montreal, 9,100 bushels wheat, 4,136 bushels peas, 187 barrels flour, J. H. Henderson & Co; barge Juno, Montreal, 7,832 bushels peas, Glassford, Jones & Co; tug Advance, Montreal, four barges in tow; propeller St. Lawrence, Port Stanley, general cargo; steamer Grecian, Hamilton, passengers, baggage, &c.; steamer Bouquet, Toronto, light; steamer Ottawa, Montreal, light; steamer St. Helen, Trenton, general cargo; steamer Passport, Montreal, general cargo; brig New York, Thorold, no cargo; schr. May Queen, Toronto, 40 cords wood, Myles & Co.

Lake freights are firm and moving rapidly upward. Grain, from Milwaukee to Kingston, is quoted to-day at 22½c, it having advanced from 14 cents to this figure within a few days. Though a considerable part of this improvement is attributable to the rise in gold, yet a substantial advance has taken place of several cents. Lumber freights from the upper lakes are also better, though we hear of no change in actual rates here. The improvement is accounted for by a greater demand from shippers of produce and in anticipation of a great foreign demand for American produce in case of a European war.

CUSTOMS IMPORTS.

May 26th.

Steamer Ranger, Montreal—79 half chests tea, J Carruthers & Co.

Sloop Monitor, Cape Vincent—1,000 bushels corn, J H Going.

Steamer Ontario, Rochester—1 chest, G Walker; 10 bbls rosin, 1 cask glauber salts, 1 cask pine oil, S Phippen; 1 case pie plant, B Nelligan.

Steamer Watertown, Cape Vincent—1 box goods, C Rappe; 1 box oysters, S H Blondheim; 1 pkg, J Wilson.

The Dry Goods Trade.—The trade of the past week, though fairly active for this season of the year, has been mainly in small orders, for the purpose of sorting up stocks. The following are the imports of the various classes of Dry Goods from January 1st to May 12th, 1866, and for the corresponding period of 1865, and also the amounts in warehouse on January 1st of each year:

	1866.		1865.	
	Entered.	Still in Warehouse Jan. 1.	Entered.	Still in Warehouse Jan. 1.
Woollens	775,595	180,200	3,021,637	62,355
Cottons	744,064	74,070	2,140,914	32,685
Silks & Velvets	165,308	28,587	456,079	6,649
Fancy Goods	54,934	1,912	85,349	2,302

From the foregoing figures, some idea may be gained as to the great increase of trade in the present year as compared with 1865. There were, it is true, more goods in bond at the beginning of the year than in 1865, but the difference is quite trifling when compared with the almost extraordinary increase in the imports of this year over the same time of last year. Cottons are held rather less firmly here, and prices have in some instances been reduced to meet the market.—Trade Review.

Oil Struck at Widder.—We learn from good authority that oil was struck at Widder Station, in the Company's test well, at a depth of 240 feet. The event caused the greatest excitement. Hundreds rushed to the spot, and were seen returning bearing away the crude article in every imaginable species of vessel. 100 per cent. premium was freely paid for shares, and an offer of $16,000 was made by one operator for the Company's right. The fact that oil exists in the vicinity of Widder is beyond a doubt, and all that is required is proper development.—Sarnia Observer.

The Mineral Wealth of Manitoulin Island.—We learn that a natural oil spring has been discovered on Manitoulin Island, in the Georgian Bay, in what was known as the Lamorandiere oil territory, and that it has given rise to some excitement in a quiet way among oil speculators. A large tract of land has been purchased from the Government by the discoverer, Mr. C. De Lamorandiere. A sample of the surface oil that we have seen gives out the odor of petroleum, and it is pronounced to be such by Professor Croft, of the Toronto University. The Indians from whom the secret was discovered manifested great unwillingness to point out the spot, owing to superstitious fears engendered by them in connection with the place. From signs made by the red men, and the strong odor of the oil in the neighborhood the spot was finally found, and it is not too much to anticipate that the results will amply reward the exertions of the fortunate discoverer.—Leader.

There are employed in the lumbering business on Black River, in Wisconsin, this spring, 1129 men and 159 batteaux. There are 31 camps, and the amount of lumber got out is probably over 100,000,000 feet.

The Lake Superior Region.—Noticing the first arrival from Lake Superior this season, the steamer Iron City, the Detroit Post says:—"The winter in the Lake Superior country has been an unusually severe one, accompanied by a great depth of snow. The water in the lake is about a foot lower than at the same time last season. The Iron City passed into the harbor at Ontonagon without any difficulty, the heavy spring freshets washing a channel into the lake. Business prospects upon the lake are not looking very bright as yet. The mines are not being worked very largely and miners are plenty. There is considerable excitement over the gold discoveries on Vermillion Lake."

MILWAUKEE MARKETS, May 25.

Wheat receipts 58,000 bushels; No. 1 f.o.b. opened at $1 83½; sold up to $1 85, and closes dull at $1 85. No. 2 f. o. b., firm at $1 62 to $1 65 firm. Flour, usual to No. 1 Montreal inspection, $9 firm. Freights on wheat to Kingston 2½c.

CHICAGO MARKETS, May 25.

Wheat, receipts 25,000 bshls; No 1 f. o. b. dull at $1 67½. Corn quiet at 57 to 57½; receipts 259,000 bushels.

PROF. VELPANI.

Who is Prof. Velpani? He was a man of obscure birth, but he has given the world a Remedy for bald heads and grey hairs, that will make his name immortal. Hair Restoratives are multiplying on every hand, but the great desideratum is to find an article that will accomplish the purpose for which it is designed without a thick, unpleasant and offensive sediment.

Prof. Velpani has discovered a method of dissolving the ingredients, and holding them in solution, so that there shall be no deposit, and yet without destroying the essential properties of any of the ingredients. It is pleasantly perfumed, may be used at any time, is a splendid hair dressing without oil, and absolutely prevents the hair from falling off or turning prematurely gray.

WORMS! WORMS!

Now is the season of the year when parents cannot be too careful of the health of their little ones, and drive from their system all impurities which feed and harbor WORMS.

Dr. McKenzie's Dead Shot Worm Candy Stick

Will prove an effectual remedy, and can be safely administered to the most feeble infant, having no CALOMEL or other MINERAL SUBSTANCES CONTAINED IN IT.

Too much cannot be said in its praise, and we would earnestly advise all who need a safe, pure and reliable worm-destroyer, to use it in their families, well knowing that once given a fair trial, it will soon become a permanent institution in every household.

Sold by all dealers. Get our Almanac.

DARLING'S
Liver Regulator
AND
Life Bitters,

Are pure vegetable extracts. They cure all bilious disorders of the human system. They regulate and invigorate the liver and kidneys; they give tone to the digestive organs; regulate the secretions, excretions and exhalations, equalize the circulation, and purify the blood. Thus all bilious complaints—some of which are Torpid Liver, Sick Headache, Dyspepsia, Piles, Chills and Fevers, Costiveness or Looseness—are entirely controlled and cured by these remedies.

DARLING'S LIVER REGULATOR

Removes the morbid and bilious deposits from the stomach and bowels, regulates the liver and kidneys, removing every obstruction, restores a natural and healthy action in the vital organs. It is a superior

FAMILY MEDICINE

Much better than pills, and much easier to take.

DARLING'S LIFE BITTERS

Is a superior tonic and diuretic; excellent in cases of loss of appetite, flatulency, female weaknesses, irregularities, pain in the side and bowels, blind, protruding and bleeding piles, and general debility.

READ THE FOLLOWING TESTIMONY:

James L. Bramley, merchant, 84 Fulton street, New York, writes August 18, 1866:—"I have been afflicted with piles accompanied with bleeding, the last three years; I used DARLING'S LIVER REGULATOR AND LIFE BITTERS

And now consider myself entirely cured."

Hon. John A. Cross writes, "Brooklyn, March 15, 1866. In the spring of 1859 I took a severe cold, which introduced a violent fever. I took two doses of DARLING'S LIVER REGULATOR

It broke up my cold and fever at once. Previous to this attack, I had been troubled with Dyspepsia several months; I have felt nothing of it since."

Otis Studley, Esq., 128 East 28th street, N. Y., writes: "August 15, 1866.—I had a difficulty with Kidney Complaint three years, with constant pain in the small of my back. I had used most all kinds of medicines, but found no permanent relief until I used DARLING'S LIVER REGULATOR AND LIVER BITTERS.

I passed clotted blood by the urethra. I am now entirely cured, and take pleasure in recommending these remedies."

Mrs. C. Tebow, 11 Christopher street, N. Y., writes: "Feb. 25, 1866.—I have been subject to attacks of Asthma the last twenty years. I have never found anything equal to DARLING'S LIVER REGULATOR

in affording immediate relief. It is a thorough Liver and bilious remedy."

Mrs. Young, of Brooklyn, writes, "February 28, 1866.—In May last I had a severe attack of Piles, which confined me to the house. I took one bottle of DARLING'S LIFE BITTERS

and was entirely cured. I have had no attacks since."

D. Westervelt, Esq., of South 5th, near 8th Street, Williamsburg, L. I., writes: "August 8, 1865.—Having been troubled with a difficulty in the Liver, and subject to bilious attacks, I was advised by a friend to try DARLING'S LIVER REGULATOR.

I did so, and found it to operate admirably removing the bile and arousing the liver to activity. I have also used it as a FAMILY MEDICINE.

When our children are out of sorts, we give them a few drops and it sets them all right. I find it meets the general wants of the stomach and bowels when disordered."

Readers, if you need either or both of these most excellent Remedies, inquire for them at the stores; if you do not find them take no other, but inclose One Dollar in a letter, and on receipt of the money, the Remedy or Remedies will be sent according to your directions, by mail or express, post-paid.

GOLD & SILVER!
Awful Sacrifice
BUT
Bankruptcy avoided!
EXTRAORDINARY ANNOUNCEMENT.

$2,000,000 Dollars worth of Gold and Silver Watches, Splendid Jewelry, French Clocks, Diamond Rings, Pianos, Melodeons, Silver Ware, &c., &c., to be disposed of at TWO DOLLARS each article, without regard to Value!

GRAND INTERNATIONAL MEETING OF MANUFACTURERS OF WATCHES & JEWELRY.

The following has been resolved, that in consequence of the great Stagnation of Trade, and in order to relieve from pecuniary embarrassments occasioned by a distressing War, and to avoid

BANKRUPTCY!

$2,000,000 worth of goods from their Stock must be sold in the course of Six Months, at
ANY SACRIFICE,
and for that purpose they have unanimously elected

De Trey & Co.,
34 Liberty Street,
AS THEIR EXCLUSIVE AGENTS.

As a preliminary they would remark that they manufacture and sell no brass watches or imitation of Jewelry.

All are Warranted Gold
OF THE FINEST WORKMANSHIP

The articles to sell at TWO DOLLARS each NO MATTER HOW COSTLY IT MAY consist of Splendid Hunting case Gold and Silver Watches, French Clocks, Rings Set with Diamonds, Rubies, Pearls and other precious Stones (Solitaire and in Clusters) Ladies Sets of Jewelry comprising Pins and Ear-rings of the most fashionable and recherche Style, Gold and Enameled Bracelets, Studs and Sleeve Buttons, Chains of all descriptions, &c., &c. Silver Ware, (extra plated) comprising Castors, Butter Dish, beautifully chased and engraved, Table and Tea Spoons, Goblets, &c., &c., Pianos, Melodeons & Sewing Machines of the best makers.

The price of each article varying from six to eight hundred dollars.

HOW WE SHALL PROCEED.

We have adopted the plan of sale now so popular of charging a uniform price and this price will invariably be $2 for each article regardless of value. The expenses of conducting our Agency are paid by the sale of certificates or coupons representing the various articles. These certificates are sold at FIFTY CENTS each or 5 for $2 00, and each certificate will show the holder the particular article he or she is entitled to on payment of an additional $2. THE EXPENSES OF FREIGHT AND PACKING PIANOS OR SEWING MACHINES WILL BE PAID BY THE PARTIES WHO ARE ENTITLED TO THEM.

AGENTS ARE WANTED

In every part of the United States and Provinces and to all such very liberal inducement will be offered, and on application a circular of terms will be forwarded. We prefer money sent in Post Office orders where they can be obtained or by Bank Drafts to our order. Please write your Name, Town, County and State plainly and address all orders to

Kingston, May 1st, 1866. 103

Cholera
DISARMED!!!
The Chief Causes of Pestilence Destroyed.

DR. E. COURTARET'S DISINFECTING FLUIDS. Secured by Letters Patent in the United States and France. Prepared solely by the New York Disinfecting Company, at their Laboratory, Nos. 298, 300, & 302 Henry Street, N. Y. Office 42 Cedar Street.

This Company organized on a permanent basis, with Dr. Courteret, the celebrated French Chemist, in charge of its Laboratory, is prepared to furnish its Disinfecting Fluids for sick rooms, nurseries, urinals, water closets, privies, cesspools, sewers, gutters, ships, railroads, hospitals, prisons, and public institutions of all kinds, slaughter-houses, offal and fat-boiling establishments; all kinds of manures (immensely increasing the value of the latter to every farmer), and wherever poisonous and offensive gasses exist. These agents are deodorizers, antiseptics, antiputrescents, and disinfectants in the scientific meaning of the words. They remove noxious gasses and odors by chemical principles—leaving in their places healthful air; they are destroyers, and *not merely absorbents* of poisonous gasses—not injurious to utensils, in which they are used. The attention of medical men is directed to these Disinfectants. Attached are testimonials in favor of this great discovery, which, with hundreds of others can be seen at the Company's office:

Delavan House, Albany, March
