as practicable. A preliminary survey has, we understand, been made by Mr. Legge, C.E., of Montreal, in order that plans may be prepared. The saving to the lumber and mining interests by this means of communication with the market will be very considerable, as it will effect a reduction of about a dollar on every thousand feet of boards, half a dollar a ton on iron, and a proportionate reduction on other articles. For some years the company have been deriving an average annual revenue of about three hundred pounds from dues on the passage of saw logs and timber over their dams, with which the erection of the new locks will not interfere. There are more than twenty lakes whose outlet is the river Tay, which, however, are nearly dry in the summer time, although in the spring and fall they send down a great body of water during the freshets. These it is intended by the government to dam, so as to form reservoirs for the Rideau Canal. This water in its passage through the Tay will also supply the proposed canal with abundance of water during the dry season.—Montreal Herald.

The Montreal Telegraph office in Toronto has not been closed night or day, Sundays excepted, since the late Fenian invasion. It has been kept open by order of the Provincial government.

FIRE IN RAWDON.—The barn belonging to James Cook, Esq., late Reeve of Rawdon, was destroyed by fire on the night of Aug. 25th. The barn was full of grain, all of which was burned.

NEWS OF THE DAY.

COUNTY COURT AND QUARTER SESSIONS.

Wednesday, Sept. 12.

The Court opened at nine o'clock.

The first case, and one which occupied the Court for the greater portion of the day, was

MOORE vs. WOODS.—This was an action brought by Mr. Joseph Moore, occupant of the west half of lot 32, in the 7th concession of the township of Pittsburg, against Mr. John Woods, the owner of the east half of said lot, to recover damages for loss occasioned by a bush fire said to have originated on the farm of the defendant. The damage was done about the month of July, 1865, during the very great drought that prevailed then abouts. The plaintiff, in his declaration, fixed no amount of damages, which was left a special case for the jury. Mr. B. M. Britton for the plaintiff; Sir Henry Smith, Q.C., for the defendant.

In virtue of the blank calendar rendered to the Court, the Sheriff according to the time-honored custom, yesterday presented his Honor with a pair of white gloves,—kids of course.

THE CHOLERA IN NEW YORK.—Notwithstanding the cool weather, this insidious disease is again on the increase in New York City. Sixteen cases and eight deaths were reported on Monday, four deaths occurring in one house. On Tuesday eight new cases were reported.

ATTEMPTED ASSASSINATION.—A strange rumor comes from Rome to the effect that a conspiracy to poison the Emperor of the French at Vichy was discovered before he left that place. The poison was to have been administered in a potion which the Emperor was accustomed to drink after his bath. It is asserted that a man named Valentine was to have carried this design into effect, but when it was discovered through a warning letter sent by one of the conspirators in Rome to the Emperor, Valentine committed suicide.

THE FENIAN EXCHEQUER.—The N. Y. World correspondent from Troy, has the following:—There is over $100,000 in the treasury, despite the fact that an immense outlay was necessary for the late Canadian campaign. The Brotherhood has also in its possession at least 25,000 stand of arms and immense quantities of ammunition stored in different parts of the country.

DISTINGUISHED ARRIVALS AT QUEBEC.—The Marquis de Mentholon, of the French Embassy at Washington, the Marchioness de Mentholon, Baron Portalis, Viscount Southwell, Count de Montagne, and the Hon. Mr. Digby, have arrived at the St. Louis Hotel, Quebec.

SUPPOSED MURDER NEAR CHATEAUGUAY. A case of supposed murder is now undergoing investigation. It seems that about a fortnight ago one Louis Lefort, living near Chateauguay, was suddenly missing. Inquiry was fruitless; but last Saturday some human bones, and also a number of buttons like those worn by Lefort, were found in a lime-kiln by the railway track, Chateauguay. A relation of Lefort has been arrested, and the remains of the bones have been placed in the keeping of the High Constable.

REMOVAL OF HEADQUARTERS.—The Ottawa Times states, we don't know on what authority, that the headquarters of the Royal Canadian Rifles are about to be removed from Kingston to Niagara. It may possibly be that a line regiment is to be stationed in this garrison.

MELANCHOLY CASE OF DROWNING.—The crew of the new tug steamer "Glide," which arrived from Brockville yesterday afternoon, reported the accidental drowning of her builder, a person of Norwegian descent, whose name has not transpired. The unfortunate deceased, wishing to accompany the boat on her first trip, procured a yacht, which was taken in tow by the steamer, he himself agreeing to steer it. All went well until the "Glide" arrived opposite the Ganaskoque lighthouse, when the yacht was swamped, and sank almost immediately with its sole occupant. Those on the tug made an endeavor to rescue the unfortunate man, but without avail. The deceased was foreman of the Messrs. Chafley's ship-yard at Brockville, and was generally respected and admired for his social habits by all who knew him.

FOR THE PENITENTIARY.—Mr. Kyle, of the City Gaol of Montreal, arrived on Tuesday night with six prisoners for the Provincial Penitentiary in charge, each having been sentenced to a lengthy term of imprisonment.

HORSING THE CAVALRY.—The 13th Hussars, about to arrive from England, will not bring horses with them; they will be furnished in this country. The Governor General has empowered Dr. Kirwin, of Quebec, to purchase 1,000 animals.

LAW SOCIETY.—The following gentlemen were nominated during last term as benchers of the society:—Messrs. John Roaf, Q.C.; Angus Morrison, M.P.P.; C. S. Patterson and John Bell, of Belleville. The election will take place next term.

FENIANS IN THE CABINET.

The New York Herald's Troy correspondent says:—"It is acknowledged that several of the highest civil and military dignitaries in Canada are in active communication with the agents of the Brotherhood. More than six members of the Canadian Parliament are organizing circles in Canada at present." However much we might be disposed to believe that certain members of Parliament are giving aid and comfort to the Fenians, we think we may set this Herald story down as mere romancing. It is a piece of sensationalism not unworthy a city cotemporary.—Leader.

THE CABLE FLEET.

THE GREAT EASTERN LEAVES FOR ENGLAND.

Heart's Content, Sept. 9.—The Great Eastern left for Liverpool this morning.

Her Majesty's steamship Lily leaves this evening with the Governor of Newfoundland, and Mr. Field for St. John. H.M.S. Terrible and the Medway leave here to-morrow for the Gulf of St. Lawrence, calling off St. John's for Mr. Field and Mr. Mackay.

Both ends of the Atlantic cables are working splendidly.

MILWAUKEE MARKETS, Sept. 11.—Receipts of wheat 45,000 bushels; No. 1. f.o.b. firm but little doing at $2 07 to $2 09; No. 2 f.o.b. at $1 80 to $1 81. Flour firm at $10, equal to No. 1 Montreal inspection. Freights on wheat to Kingston firm but nominal.

APPOINTMENT.

Secretary's Office,
Ottawa, 10th Sept., 1866.

His Excellency the Governor General has been pleased to make the following appointment, viz:

The Honorable William Pearce Howland, to be Minister of Finance, in the room and stead of the Honorable Alexander T. Galt, resigned.

LATEST AMERICAN DESPATCHES

UNHAPPY STATE OF AFFAIRS DOWN SOUTH.

New York, Sept. 12.

The Herald's Monterey (Mexico) correspondence of Aug. 22nd, says:—Gen. Sheridan on his visit to the Rio Grande had strongly advised Cortinas to submit to the authority of Caravajal, as any disturbance between them would do great injury to the Republican cause. Confidence was greatly restored by Sheridan's visit among the merchants in Matamoras and on the border.

New York, Sept. 12.

The Tribune has the following from New Orleans:—Reliable information has been received that six colored soldiers were recently murdered in Jefferson, Texas. The military commander at that post had the dead bodies shown to the Mayor, and intimated to him that some one would be held responsible for the killing of Union men in that section. The lives of Union men are frequently threatened.

A Tribune's Nashville special says: Under Gen. Banks' order, No. 44, four men were recently arrested in Giles County by military authorities and brought to this city on a charge of murdering a negro. The civil authorities refused to bring the murderers to punishment, and after the men had lain in jail for a few days, the county court authorized that they be released, quashing the indictment. On these conditions the Provost Marshal General sent the prisoners here to-day.

Albany, Sept. 12

A terrible explosion occurred here this morning. The Saw and Planing Mill of S. & G. Rock, corner of Lawrence and Water streets, blew up, killing ten or twelve persons and injuring eight or ten more. No cause is known, the engineer being killed with the others. The establishment covered an acre of ground, and the loss is about $20,000.

POLICE COURT.—There was a blank calendar at the court yesterday. The hangers on were disappointed for once. No business of any kind being transacted.

COMMERCE AND MARINE.

THURSDAY MORNING, SEPT. 13, 1866.

MONTREAL MARKETS.

(Special Telegram to the British Whig.)

Montreal, Sept. 12th, 1866.

William Nivin & Co., Commission Merchants, Corner of St. Nicholas and St. Sacrament Streets, Montreal, report:—

GALE ON THE LAKE.—On Tuesday night an exceedingly violent gale prevailed on the lake, being severely felt in this neighborhood. The downward steamers, however, weathered the storm, the steamer Cataract, of the American Line, arriving in port but a short time after her usual hour, and the steamer Champion, of the Mail Line, making her appearance about eight o'clock, being four hours late. The steamer Spartan, of the same line, left for Toronto at six o'clock on Tuesday evening, but returned at ten o'clock to her moorings, having found the wind too strong to venture on the lake. She remained at the wharf all yesterday, the wind not abating in the slightest degree.

NEW BOAT.—The tug "Glide," a new steamer recently launched at Brockville, arrived in port yesterday on her first trip. She is of a similar model to the tug "Wales," though not so large or powerful, and is owned by Messrs. George Chaffey & Brothers, having been built and fitted out in their own yard at Brockville. The "Glide" is an important addition to the fleet of tugs now doing service on the river.

CROPS IN THE TOWNSHIPS.—We learn from reliable parties, who have travelled through the townships of Brighton, Cramahe, Murray, Percy and Alnwick, that the various crops of grain are unusually good this year—many parties who have large storage room having to thresh their wheat and other early grain in order to make room for oats, peas, &c., and farmers are encouraged by the prospect of a good price.—Brighton Despatch.

CANADIAN SECURITIES.—Canadian Government securities are very dull in the London market. The following are the quotations of the 30th August:—Canada Government 6 p c 1877-84, 94 to 96; do 6 p c Feb and Aug, 93 to 95; do 6 p c March and Sept, 95 to 97; do 5 p c Jan and July, 77 to 79; do 5 p c Inscribed, 76 to 79. The following were the quotations of Canadian railway shares:—Atlantic and St. Lawrence, 55 to 57; Buffalo and Lake Huron, 4 to 4½; do preference, 7½ to 8½; Grand Trunk of Canada, 21½ to 22½; do equip M B 6 per cent, 86 to 89; do 1st pref bonds, 56 to 58; do 2nd pref bonds, 50 to 54; do 3 pref stock, 37 to 40; do 4th pref stock, 24 to 26; Great Western of Canada, 14½ to 15; do new, 6 to 5½ dis; do 6 per cent. bonds, payable 1873, 93 to 95; do 5s do 1877 8, 83 to 85.

TRAVELLERS.

Travellers are always liable to sudden attacks of dysentery and cholera morbus, and these occurring when absent from home are very unpleasant. Perry Davis' Vegetable Pain Killer may always be relied upon in such cases. As soon as you feel the symptoms, take one teaspoonfull in a gill of new milk and molasses, and a gill of hot water. Stir well together and drink hot. The effect is almost magical, the cure certain.

REV. B. P. STONE, D. C., Concord, N.H., writes—"Having made an experiment of Mr. S. A. Allen's World's Hair Restorer and Zylobalsamum, I can truly say it is successful. My hair which was quite grey, is now restored to its original color. I recommend them to the public as the best articles yet discovered for the hair. Sold by all Druggists. WHY IS ASIATIC CHOLERA FATAL?

Thousands supposed to die of Cholera and other malarious epidemics, are killed by insane medication. In the cholera season of 1849, patients treated according to the regular formula with brandy, opium, rhubarb and calomel, died in multitudes, while in every case where Radway's Ready Relief was promptly given the sufferer was instantaneously relieved and subsequently recovered. Why was this? Simply because this peerless vegetable medicine is an equable stimulant, disentectant, counter-irritant, anodyne, tonic, sudorific, and in cases of uncontrollable cholera an astringent. It does not lock disease up in the system as opium does, nor fire the brain like brandy, nor irritate the stomach and bowels like the drastic purgatives; but it infuses fresh vitality into every internal and external vessel and organ, and enables nature by a supreme effort to subdue the morbid influences of disease.

The wise and prudent, if cholera prevails, will not wait until seized with the pestilence before using the Ready Relief, but will take a tea-spoonful in water three or four times a day during its prevalence as an epidemic—those who take this precaution will not be seized with Asiatic Cholera. Price 50 cents per bottle. 216&37

SIMILIA SIMILIBUS CURANTUR.

Coughs and Colds! Coughs and Colds!

SEASONABLE ADVICE.

Let no one neglect a cold or a slight cough. Thousands dying so, have had one cold added to another, until the mucous membrane, lining the air passages, has become excessively irritated, and even permanently thickened, and soon chronic cough, chronic pneumonia, and consumption successively gallop along. The best time to cure all this is when it begins. If you are so fortunate as to possess a case of HUMPHREYS SPECIFIC HOMEOPHATIC REMEDIES, and if you do not, you ought to at once take a COUGH PILL, and then two or three pills per day, with care as to renewed exposure, will bring you all right in a day or two.

If your cough has got further along, then more care and more patience is necessary for a cure, though it lies in the same direction.—Our advice is, to keep the feet warm the head cool, and take HUMPHREYS' HOMOEOPATHIC COUGH PILLS. Price 25 cents per box.—Six boxes $1 25.

FAMILY CASES

Of 35 large vials, morocco case, containing a specific for every ordinary disease a family is subject to, and a book of directions, $10 00

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such certificates, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. OVER A MILLION DOLLARS SAVED!

Gentlemen:—I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic.
J. W. HEWITT,
Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.
Worcester, Mass., Aug. 1, 1866. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chem st, and the private U.S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

SARATOGA SPRING WATER, sold by all Druggists.

Heimstreet's Inimitable Hair Coloring is not a dye. All instantaneous dyes are composed of lunar caustic, and more or less destroy the vitality and beauty of the hair. This is the original Hair Coloring, and has been growing in favor over twenty years. It restores gray hair to its original color by gradual absorption, in a most remarkable manner. It is also a beautiful hair dressing. Sold in two sizes—50 cents and $1—by all dealers.

THE PEOPLE'S FRIEND.

PERRY DAVIS' PAIN KILLER,

THE GREATEST FAMILY MEDICINE OF THE AGE.

Taken internally, it cures sudden colds, coughs, &c., weak stomach, general debility, nursery sore mouth, canker, liver complaint, dyspepsia or indigestion, cramp and pain in the stomach, bowel complaint, painter's colic, Asiatic cholera, diarrhœa, and dysentery.—Applied internally, cures felons, boils and old sores, severe burns and scalds, cuts bruises and sprains, swelled joints, ringworm and tetter, broken breasts, frosted feet and chilblains, toothache, pain in the face, neuralgia and rheumatism. It is a SURE REMEDY FOR AGUE AND CHILLS AND FEVR. 197

PERRY DAVIS' VEGETABE PAIN KILLER.—Has won for itself a reputation unsurpassed in the history of medical preparations. It is as well known in the trading ports of India and China as in New York and Cincinnati; and its continually increasing demand, where it has been longest known, is one of its strongest recommendations. It is not unfrequently said of it—"We would as soon think of being without flour in the house as without Pain Killer." It gives immediate relief in cases of scald, dysentery, or other similar affections of the bowels, and being entirely a vegetable preparation, it is as safe as it is reliable. 195

WHY NOT USE THE BEST?

OVER TWENTY YEARS' increasing demand has established the fact that MATHEWS' VENETIAN HAIR DYE is the best in the world. It is the cheapest, the most reliable, and most convenient. Complete in one bottle. Does not require any previous preparation of the hair. No trouble. No crock or stain. Produces a beautiful black or brown as preferred. A child can apply it. Always gives satisfaction. Only 50 cents per bottle. Sold everywhere.

WORMS! WORMS!

Now is the season of the year when parents cannot be too careful of the health of their little ones, and drive from their system all impurities which feed and harbor WORMS.

Dr. McKenzie's Dead Shot Worm Candy Stick

Will prove an effectual remedy, and can be safely administered to the most feeble infant, having no CALOMEL or other MINERAL SUBSTANCES CONTAINED IN IT.

Too much cannot be said in its praise, and we would earnestly advise all who need a safe, sure and reliable worm-destroyer, to use it in their families, well knowing that once given a fair trial, it will soon become a permanent institution in every household.
