Police Court.—There was a poor show at the Court yesterday morning. The one solitary prisoner was fined $2 for being drunk. Mr. Creighton presided.

COMMERCE AND MARINE.

SATURDAY MORNING, SEPT. 29, 1866.

The Grain Market.—Rye and Barley were brought to the City yesterday in good quantities. 58 cents per bushel was offered and accepted.

Great Yield.—Mr. John McGinnis, of Amherst Island, last spring sowed 26 bushels of Black Seed Wheat, and he has already threshed 330 bushels of the Wheat, and has 4,000 sheaves yet to thresh. He at the same time sowed 20 bushels of Barley, and has threshed 470 bushels and probably a few more.

Ocean Vessels.—The full-rigged barque 'Jacques de Molay,' of, and bound for Liverpool, arrived yesterday morning from the Bruce Copper Mines en route to the sea board. On entering the harbor she stuck on the shoal near Point Frederick from which position it was impossible to extricate her, until the whole of her deck load of copper ore (in barrels) was removed to a barge. The 'Jacques de Molay' now lies at Messrs. Glassford, Jones & Co.'s wharf, where she will lighten nearly 250 tons of ore, or nearly half her cargo, in order to enable her to pass through the canals. She is almost a new vessel, having been launched only last year, this being her second voyage, the first also to the Bruce Mines, being accomplished last fall. In size and build she has no superior on Canadian waters. She will leave on Monday. The barque 'Etowah,' of Cunningham, Shaw & Co's line of Ocean Packets, which has made several trips to Liverpool with copper ore, is also in port, with a cargo of grain from Chicago. She returns thither, and will not probably make an ocean voyage this fall.

Fire Tug.—The tug 'Matamoras' owned by Morris and Neelan of St. Catharines, arrived on Thursday evening with a vessel in tow. She returned with a couple of other vessels. The 'Matamoras' is very large and powerful, and for strength and built is not surpassed on the lakes.

New Locomotive.—Another new locomotive was turned out of the Canadian Engine and Machinery Company's Foundry yesterday, which for beautiful construction is not equalled in Canada. It is named the "Thomas Reynolds," after the manager of the road, and has left for Prescott. This engine makes the tenth completed in the Foundry this year; and next week Mr. Tutten, the Superintendent, will have another splendid one finished and fit to be handed over to the Grand Trunk authorities for immediate service.

RUN ON THE ONTARIO BANK.

Ottawa, Sept. 26.

The news of the runon the Ontario Bank in Montreal did not produce any effect here. The greatest confidence in the stability of the institution is felt.

A correspondent, at Gaspe Basin, informs us that in that section of the country the potatoe rot has committed great havoc, some fields having been almost entirely destroyed.

Great Increase.—John R. Ketcheson, Esq., of Madoc, Hastings, raised from one kernel of rye, stalks bearing 72 heads, containing between three and four thousand kernels.

Enterprising.—The Messrs. Rathbun, of Mill Point, have just made purchase of the extensive saw mill belonging to D. D. Bogart, Esq., at Belleville. The amount of business already carried on by this Company is enormous, and with this new addition to their works, they will form one of the most extensive lumbering companies in Canada.

The Ship Race from China.—The three China clipper ships, Taeping, Ariel and Serica, which arrived off Deal on Thursday from Foochow, were all docked the same evening's tide. The Taeping in London Dock, about 10 o'clock; the Ariel in East India Dock, at 10:30; and the Serica in the West India Dock, about 11 o'clock. The Fiery Cross arrived off Broadstairs yesterday morning. No news yet received of the Taitsing. The Taeping and Ariel never sighted each other until they arrived off the Stuart. The Ariel was first through the Downs, but was overhauled by the Taeping off the Nore, which continued her position in advance up the river. The race last year was one by the Fiery Cross in 109 days; the Serica, which was second, 110. The Taeping, which did not enter into the race, but leaving some time after, accomplished the distance in 105 days. The three ships all were built by Mr. Steele, of Greenock. The Taeping's cargo consists of 1,106,700lbs of tea, the Ariel 1,230,900 lbs, the Serica 854,236lbs of tea, the Fiery Cross 854,236lbs, and the Taitsing 1,003,130lbs.—English paper.

THE HYDRA INDIGESTION.

The serpent with a hundred heads is but a feeble type of indigestion. Innumerable sympathetic ailments spring from the familiar and too much neglected disorder. To banish it with all its concomitants and consequences, nothing more is needed than a course of Radway's Regulating Pills, and such restrictions with regard to diet as every rational invalid ought to be willing to submit to. Once banished it may be always kept at bay the occasional use of this inestimable vegetable stomachic and aperient—provided the individuals who have experienced its benefits are wise enough not to make perpetual war upon their own health by neglecting the plainest rules of dietetics. The Regulating Pills speedily cure the worst cases of chronic constipation, and their cathartic operations leave the bowels in a perfectly natural state.

N. B.—Radway's Pills are coated with gum. Price 25 cents per box. 229

I am satisfied it is not a dye, but acts on the secretions. My hair ceases to fall. Your Hair Dressing is superior to all others. For eruptions it has no equal.' Sold by all Druggists. "Jes' so!"—"Exactly!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

Few persons want any better authority; but as some may, instead the following:

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGONER, Mad'ld, N.Y."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV. C. A. MILLWOOD, New York City.

"* * * I had lost all appetite—was so weak and enervated I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right.
JAMES HEIMINWAY, St. Louis, Mo

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs, that distressed me for years. They act like a charm.
C. C. MOORE, 254 Broadway, N.Y."

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such certificates, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—"I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."
J. W. HEWITT,
Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEKLEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the private U.S. stamp of Demas Barnes & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. Look closely.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

Who would not be beautiful? Who would not add to their beauty? What gives that marble purity and distinguee appearance we observe upon the stage, and in the city belle? It is no longer a secret. They use Hagan's Magnolia Balm. Its continued use removes tan, freckles, pimples and roughness, from the face and hands, and leaves the complexion smooth, transparent, blooming and ravishing. Unlike many cosmetics, it contains no material injurious to the skin. Any Druggist will order it for you, if not on hand, at 50 cts. per bottle.

It is also a beautiful hair dressing. Sold in two sizes—50 cents and $1—by all dealers.

JOHN C. FOX'S
IRON-CLAD
PIANOFORTES.

The Public are requested to bear in mind the following facts:

JOHN C. FOX can make a Pianoforte equal in every respect, if not superior, to any American Piano, at a price ranging from one hundred dollars less, according to the class of the instrument; because he saves a duty of fifteen per cent.; he buys the best lumber in the Canada markets fully fifty per cent. less than an American manufacturer can do; and, while paying high wages to his workmen, he pays much less than is paid in the United States, on account of the high cost of living; and he saves to those purchasing from him, in addition to the above, the cost of freight and high commissions.

JOHN C. FOX is the sole patentee of the improvement which renders his Pianos in fact iron-clad, and at the same time absolutely perfect in precision of expression.

JOHN C. FOX'S challenge to any manufacturer is unmet, and until it be accepted he claims for his Instruments superiority over all others, imported or home manufactured.
