MONTREAL MARKETS.

(Special Telegram to the British Whig.)

William Nivin & Co., Commission Merchants, Corner of St. Nicholas and St. Sacrament Streets, Mohtreal, report:—

Ashes—Pots, 6,35 a 6,37½; Pearls, 7,00 a 7,25. Gold in New York at 12 o'clock 140½.

Flour—quiet; prices easing off; sellers rather pressing, while buyers are holding off. Wheat unchanged. Grain—Peas scarce and wanted; Oats dull; Barley nominal. Provisions—Butter fair demand at full rates. Ashes—Pots, gradually improving; Pearls, good request.

GREAT SHIPMENTS OF GRAIN.—Toronto advices say that there is a great demand for vessels to carry barley to Oswego, 4½c. U. S. currency being freely paid. The propeller Her Majesty has been chartered for that purpose. The receipts of barley are very large, 140,000 bushels being received from waggons during the last six days. Peas are being shipped in large quantities from this and other Lake Ontario ports and Port Stanley for Montreal.—The propeller City of London, with 10,000 bushels, and the prop. St. Lawrence, with 11,000 bushels, are now on the way down from the latter port. The propeller Indian is now on her way there for yet another cargo of 14,000 bush. The Messrs. Roe are the shippers. The steamer Ottawa is now loading peas at Hamilton, and the prop. Avon is also engaged to load. Barley still continues to leave in large quantities.

COLLECTION OF EXCISE DUTIES ON BEER.

We learn from an authentic source, that the Finance Minister will shortly introduce an important change in the mode of collecting the excise duties on beer and ale manufactured in this Province. Hitherto brewers have been required to make periodical returns, under oath, confirmed by the affidavit of their foreman, of the quantity of beer and ale they manufacture at their breweries, to the Inspector of Inland Revenue. The system gave rise to much dissatisfaction, owing to an impression on the minds of some, whether justly or unjustly, we cannot say, that the returns were not always made with scrupulous regard to accuracy. But be that as it may, we understand the system is about to be changed—that the practice of taking the affidavits of the brewers and their foremen will be abandoned, and that it will be made the duty of an excise officer to visit each brewery personally, and ascertain by actual inspection and admeasurement, the quantity of ale and beer manufactured at each brewery, and report the same to the Inspector of Inland Revenue, to who m the excise duty must be paid accordingly. This will take away all temptations to falsify the returns, and give, it is believed, very general satisfaction. And we feel confident the sooner the contemplated change is introduced, the better and more satisfactory it will prove both for the conscientious brewer and the Revenue Department.—Hamilton Times.

THE BARLEY TRADE.—The crop of barley was thi yeat heavy throughout the Prov nce, and the average unusually large. It is now pouring into the markets in immense quantities, making a heavy draught on the Bank circulation. The Banks, however, continue to supply the necessary funds for the removal of the immense product, at the usual rate of seven per cent. One hundred and twenty thousan t bushels w e dep sed of in the Toronto market during three days, including Saturday, Monday and Tuesday; anh one hundred and fifty one thousand bushels were shipped during the week, leaving in seventy e ight thousand bushels in store.

THE ST. CLAIR FLATS.—The navigation of the St. Clair Flats is difficult and tedious, owing to the shoals and crookedness of the channel, and it costs a large sum annually—nearly half a million of dollars—to keep navigation open. It is proposed to remedy the evil by the construction of a ship canal on the American side; and no doubt the enterprise will be undertaken before long.

SHIPBUILDING.—The shipbuilding trade in the port of St. John, N. B., and other Lower ports is said to be just now in a state of stagnation, as at Quebec. We see, however, that our American exchanges make the same complaint, and apparently with more reason, as they say their orders for ships are all going to the British Provinces, where, owing to the artificial price of materials under the American tariff, vessels can be profitably built at 40 per cent. less than in their own yards. These British built vessels are excluded from American registry, and therefore from the coasting trade; but they are just as good as American ships for any trade between American ports and the ports of any other nation in the world.—Quebec Mercury, 24th.

USE THE MEDICINES of a reliable House. See advertisement of Barnes, Henry & Co. in another column. These Remedies are prepared with great care and are known to be safe, good and efficient. A FAMILY MEDICINE.

Davis' Pain Killer is a purely vegetable compound, and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in the most unskilful hands. For summer complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has, without doubt, been more successful in curing the various kinds of Cholera than any other known remedy, or the most skilful physician. In India, Africa and China, where this dreadful disease is ever more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, A Sure Remedy.

AGUA DE MAGNOLIA.

A toilet delight. Superior to any Cologne, used to bathe the face and person, to render the skin soft and fresh, to allay inflammation, to perfume clothing, for headache, &c. It is sold by all dealers, at $1.00 in large bottles, and by DEMAS BARNES & Co., New York, Wholesale Agents.

"Jes' so!"—"Exactly!"—Solon Shingle said; they were there 'every time.' If he felt "owley" in the morning he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

Few persons want any better authority; but as some may, just read the following:

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life."
REV. W. H. WAGONER, Med id, N.Y.

"* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * the Plantation Bitters have cured me."
REV. C. A. MILLWOOD, New York City.

"* * * I had lost all appetite—was so weak and nervated I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right."
JAMES REHMINWAY, St. Louis, Mo

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs, that distressed me for years. They act like a charm."
C. C. MOORE, 254 Broadway, N.Y.

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such certificates, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."
J. W. HEWITT,
Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the private U.S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

Who would not be beautiful? Who would not add to their beauty? What gives that marble purity and vestmgue appearance we observe upon the stage, and in the city belle? It is no longer a secret. They use Hagan's Magnolia Balm. Its continued use removes tan, freckles, pimples and roughness, from the face and hands, and leaves the complexion smooth, transparent, blooming and ravishing. Unlike many cosmetics, it contains no material injurious to the skin. Any Druggist will order it for you, if not on hand, at 50 cts. per bottle.

Heimstreet's inimitable Hair Coloring is not a dye. All instantaneous dyes are composed of lunar caustic, and more or less destroy the vitality and beauty of the hair. It is also a beautiful hair dressing. Sold in two sizes—50 cents and $1—by all druggists.

CATARRH! CATARRH!!

What is it? How Cured?

Thousands of persons suffer all sorts of annoyance from Catarrh. Most people know what its inconvenience and results are, yet but few know how it can be cured. It is simply a chronic irritation, and often enlargement of follicles and consequent thickening of the mucous membrane, lining the nasal cavities, frontal sinus and sometimes extending into the throat and lungs. From this result tightness and often vertigo of the head, obstructed nose, or a profuse flow of mucus, loss of smell, nasal voice, and often impaired hearing and taste.

The old-school remedies have never been able to do anything for it. Nasal injections and inhalations are as painful and expensive as they are generally worthless. Yet Humphrey's Catarrh Specific, a simple sugar pill, taken two or three times per day, promptly cures the milder cases; cures at once all colds in the head, and radically cures, by preserving use, the most obstinated cases, as is proven by the experience of hundreds. Price with full directions, 60 cents per box 234

HELP OR DEATH.

In sudden and violent attacks of Asiatic Cholera, Yellow Fever, Pneumonia, or Bilious Colic, Inflammation on the Bowels, Typhoid and other malarious fevers, the Inflammatory action must be suspended, or death ensues before any alterative medicine can take effect. Manuel E. Cortiz, 10th Avenue, New York, was seized with symptoms of malignant congestive fever generated, he supposes, by the effluvia of filth dumped near his dwelling. Sent to a drug-store, near by, for medicine for fever. Druggist sent a bottle of Radway's Ready Relief. Took two doses, with water, according to directions. Fever checked, and began to perspire. Pains in the head (which had been very severe) instantly arrested. Broke out in a profuse perspiration. Went to sleep and slept four hours; awoke much better. Sent to druggist for a purge. Was supplied with a box of Radway's Regulating Pills. A single dose procured three painless discharges, and to use his own words, 'he had no more trouble, but believes that had it not been for the Relief he would have died.' See testimonial at Dr. Radway & Co's establishment.

PREVENTIVE AGAINST CHOLERA.—When pestilence prevails as an epidemic, it is the duty of every family to keep Radway's Ready Relief in the house—its use on all occasions when seized with pains, uneasiness, or sudden sickness, will immediately arrest the disease and restore the patient to ease and comfort. A teaspoonful of the Relief in a tumbler of water taken as a drink three times a day will protect the system against all malarious diseases. Price 50 cents per bottle. 234

WHAT OTHERS HAVE DONE YOU MAY DO.—One gentleman says, my doctors' bills for five years, averaged one hundred and fifty dollars per year. Three years ago I procured one of Dr. Humphreys' cases of Homœopathic Specifics, and since that time my doctors' bills have averaged $15 per year, and we have enjoyed almost uninterrupted health. Price $10, sent by express on receipt of the price.

A CARD TO INVALIDS.

A CLERGYMAN, while residing in South America as a Missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, FREE OF CHARGE.

Please inclose an envelope, addressed to yourself.
