NEWS OF THE DAY.

THE HANLON TROUPE.

Those who admire scenic exhibitions and feats of strength will be greatly pleased by the performances of the Hanlon Brothers and Professor Tanner's Troupe of Dogs and Monkeys in the City Hall on Friday and Saturday next. This Combination Troupe have been playing in Montreal, Quebec and Ottawa, and so great has been the attraction, that their stay in Canada has been a perfect success. They play two nights in Kingston, and three nights in Hamilton, and then are obliged to go to the States to fulfil existing engagements. The City Hall will be crowded during the coming two nights.

NAVAL AND MILITARY.—H.M.S. 'Aurora' has moved into winter quarters at Quebec where she will be securely moored for the season. Seamen are now engaged dismantling her hull. The 'Duncan' and 'Wolverine' remain at Halifax this winter. The 'Tamar' called at Halifax to receive some invalids, and proceeded immediately on her route to England. The Halifax papers report that the Imperial authorities are making great exertions to extend and increase the strength of the batteries in the harbour and replacing the present comparatively light guns by new ordnance of the heaviest calibre.

NEW POST OFFICES.—The following new Post Offices were opened on the 1st of the current month:—Deux Rivieres, District of Nipissing; Lansing, township of York; Powell, township of Huntley; Rosseau, township of Humphrey; St. Valerien, township of Milton; Valentia, township of Mariposa; Vauban, township of Armand. The name of the Office heretofore known as St. Valerien has been changed to Villeneuve.

THE MILITARY SPORTS AND GARRISON GAMES.

These Sports come off on Barriefield Parade Ground to day, commencing at ten o'clock. The weather promises to be fine, and the attendance therefore excellent. The Band of the R.C. Rifles will be on the ground, and Marquees and Tents erected.

WATERLOO PETROLEUM COMPANY.—This company, according to announcement, commenced operations on Monday afternoon, on a spot indicating the presence of coal oil in paying quantities. After the breaking of ground was witnessed, the spectators, about 150 in number, sat down to a capital lunch provided by the company. The engine and machinery were found to work to the entire satisfaction of the directors, who appear perfectly sanguine of success. They deserve the greatest praise for the energy with which they prosecuted the enterprise and completed the operations in so limited a space of time. Oil men, who have been connected with wells in Enniskillen, Bothwell, and Pennsylvania, unhesitatingly declare that there are more promising indications of oil around Waterloo than in any part of Canada, the Western regions excepted.

THE 'HERCULES.'—The gunboat 'Hercules' arrived on Monday evening from Prescott on a cruise. She was moored yesterday at the old wharf at the foot of Clarence Street. The 'Hercules' has undergone considerable alteration since she passed into the hands of the Government, and with her armament of six guns—four brass pieces and two Armstrongs—proves a very important addition to the Canadian Navy.

MILITARY SCHOOL.—Mr. J. P. Macpherson, of Ottawa, and Mr. William Tandy, of Kingston, on Monday passed creditable examinations at the Military School, entitling the former to a first class and the latter to a second class certificate.

POLICE COURT, Monday.—There were two separate cases of larceny this morning. Catharine Murphy, a confirmed toper and vagrant, was charged with stealing, on Thursday last, four shirts, a white skirt, and three other articles of ladies wearing apparel, from the premises of Mrs. O'Loughlin, Earl Street. The latter deposed to the theft, and another female witness swore that the prisoner offered her two of the shirts and the skirt for a trifle, the following afternoon. The prisoner, who subsequently lost the articles while drunk, was remanded until Wednesday, in order to give the police an opportunity of making enquiries. Ellen Black, Esther Scott and Ann Scott, three street tramps, were charged with stealing four pairs of boots from the store of Mr. Wm. Kirk, Princess Street, on Saturday night. They endeavored to make a purchase in the store, but left without succeeding in doing so. After they had passed out of the door, three pairs of boots, tied together, fell from the person of the girl Black, who was thereupon detained and handed over to the police. The Scott girls then made off with the other pair of boots in their possession, but before being arrested had disposed of them. The two were remanded until Tuesday morning.

TUESDAY.—Two prisoners charged with drunkenness were, as usual, fined $2 each. Thomas Turney, brought in for being drunk and disorderly, was also fined $2, being acquitted on another charge, that of assaulting Capt. McKinney, about two months ago. He has since been out on bail to appear when called on, but the complainant being unable to identify him, the case was dismissed. Elizabeth Dawson, a foul-tongued street tramp, was charged with using abusive language towards Alderman Robinson on Saturday night. She was committed to gaol for two months. Her conduct in Court was not calculated to better her case, and fully proved her licentious habits. Ellen Black and the Scott girls were brought up on remand for larceny, and choosing to be tried summarily, were fined $10 or one month in gaol in default. A young man charged with receiving the missing pair of boots from Esther Scott, proved that he was in a particular house at the time of the theft, and did not see the girls on the street or have the least knowledge of it. He was therefore discharged. The Inspectors of Licenses preferred charges of driving cab without license against John Nicholson and Thos. Nugent, who were fined $6 and costs each. Four other cabmen were summoned for refusing to comply with the bylaw regarding the placing of numbers on the backs of their cabs and on the horses' heads. Two only appeared, who promised to adopt the numbers at once, when the cases against them were dismissed.

EQUINOCTIAL GALE.—On Sunday a furious gale sprang up, and continued with little or no abatement until Monday morning, when it increased in severity, and still rages, with a heavy sea prevailing outside the harbor. A mild rain fell during Sunday night, but the following day, when the streets dried up, the dust was hurled about in all directions, making locomotion to pedestrians disagreeable in the extreme. No arrivals have been noticed since Sunday morning, with the exception of a couple of lumber vessels, which ran in for shelter with their deck loads unharmed. The mail steamers Champion and Magnet left port on Sunday at midnight, having been detained several hours. The propeller America arrived from Montreal on Monday morning, and laid by at Anderson & Ford's wharf. The steamer Bay of Quinte, from Belleville, found no difficulty in making her trips. A large barque, which was anchored off the Martlo Railway, dragged her anchors for nearly a mile, and was at one time in imminent danger of grounding on Point Frederick. The schooner Admiral, bound for Oswego from some port on the north shore, ran in during the afternoon seeking shelter, with a loose f her bowsprit and a part of her deck load of lumber. Telegraphic communication, east and west, was wholly interrupted.

TUESDAY.—The gale still prevails, and without much apparent abatement. The Royal Mail steamer Grecian arrived from Toronto this morning and reports the storm very violent at the head of the lake. A telegram from Port Colborne represents that a violent gale is also felt on Lake Erie. The steamer Spartan arrived from Montreal this afternoon, but did not proceed any further. The freight steamer Ottawa also lies here, bound upwards, together with about a dozen vessels. The propeller America left for St. Catharines in the morning, after a detention of twenty-four hours. A single vessel ran in during the afternoon, almost under bare poles. She had met with no accident. Telegraphic communication is fully restored.

THE SCHOONER DENMARK.—This vessel which became water-logged and beached about sixteen miles from this city, arrived here yesterday afternoon in tow. Her frame and stanchions on the starboard side are damaged considerably, and her midship store in. She is in the Home and Ætna Insurance Companies' hands.—Detroit paper.

REV. D. T. TAYLOR, JR., WRITES:

The benefits I have received from the use of your Pain Killer induced me to write you. *** I have this hour recovered from a severe attack of sick headache, cured by two teaspoonfuls of that medicine. *** In the summer of 1848 it saved me from the cholera, and I have ever found it a sovereign remedy for dysentery, to which I am subject.

'IS ITS REPUTATION ESTABLISHED?'—You have a right to ask that question. Not only have you the right, but it is unquestionably your duty to yourself and to your family to do so. Downs' Vegetable Balsamic Elixir has been a standard medicine for more than thirty two years. Henry's Vermont Liniment has been winning its way to public favor for the last ten years, and the Odous Kalliniterios has received the unqualified sanction of all the leading dentists in Montreal. 248

REV. JAS. HOYT, Pastor First Presbyterian Church, Orange, N. J., writes—'I have used Mrs. S. A. Allen's Zylobalsamum or World's Hair Dressing with very great benefit in my family. Its cleansing and healing properties, removing dandruff, and giving the hair a natural and healthy tone and softness, surpass those of any preparation known to me.' Sold by all Druggists. IMPORTANT TESTIMONIAL.

FROM

J. E. GUILBAULT,

MONTREAL, Jan. 30th, 1866.

MR. JOHNSON BRIGGS,

SIR,

I have used your Proof, Velpeau's Hair Restorative, having been troubled with an Itching scalp and loss of hair.

A FEW APPLICATIONS OF THE RESTORER ENTIRELY CURED ME, AND STOPPED THE HAIR FROM FALLING OFF.

My family have also used it with great satisfaction, and I give it the preference over any other article I have ever used as a Cosmetic or Hair Restorer.

Yours truly,

J. E. GUILBAULT,

Proprietor Zoological Garden & Glacierarum.

A THING OF BEAUTY IS A JOY FOREVER. REV. JOS. MCKEE, N. Y. City, writes—"I recommend Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum as the best remedies to remove baldness and grayness yet discovered. They may be relied on confidently." Sold by all Druggists. FATAL MISTAKES.

Beware of local excitants in Asiatic Cholera, Yellow Fever, and all congestive and spasmodic diseases. Large doses of brandy and opium are frequently given to arrest the paroxysms of Choleraic maladies. This is murderous. The blood is sent in torrents to the brain, the nervous system receives a fearful shock, and in five cases out of seven the patient dies—not of the disease, but of the poison. The only combination of a stimulant, anodyne, and disinfectant which will infallibly and quickly equalize the circulation, and calm the convulsed nerves in such cases is Radway's Ready Relief. The stimulating effect of this pure vegetable agent is distributed through every portion of the system equally and simultaneously. Its operation is instantaneous. The attack is repelled; and if further medication is necessary a few doses of Radway's Regulating Pills will be all that the convalescent requires. 241

A FAMILY MEDICINE.

Davis' Pain Killer is a purely vegetable compound, and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in the most unskilful hands. For summer complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has, without doubt, been more successful in curing the various kinds of Cholera than any other known remedy, or the most skilful physician. In India, Africa and China, where this dreadful disease is ever more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, A Sure Remedy.

"Joe" so!—"Exactly!"—Solon Shingle said they were there "every time." If he left "owing" in the morning, he took Plantation Bitters. If he felt weary at night, he took Plantation Bitters. If he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

Few persons want any better authority; but as some may, instead the following:—

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life."

REV. W. H. WAGONER, Med'd, N.Y."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me."

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs, that distressed me for years. They act like a charm."

The original quality and high character of these goods will be maintained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. OVER A MILLION DOLLARS SAVED!

Gentlemen:—I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."

J. W. HEWITT,

Forwarding Agent for American, Wells, Fargo's and Harnden's Express.

"The strain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chem. st, and the private U.S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

ASTONISHING! ASTOUNDING CONFOUNDING! BUT TRUE.

ANOTHER WONDERFUL CURE OF CONSUMPTION BY THE GREAT SHOSHONEES REMEDY IN CANADA.

MESSRS. Y. & C.—Gentlemen: I, WILSON STORMS, of Brighton, C. W., make oath and say:—I feel anxious to let you know what the Great Shoshonees Remedy has effected for me. My wife was afflicted with Consumption and died; I was also afflicted with the same disease, and after her death I continued sinking just as she had done. I had very severe Night Sweats; coughed nearly all night and every night; could not sleep unless a little towards morning; I raised over a quart of matter every twenty-four hours; had severe pain in the left lung, &c., &c., and was greatly debilitated. In fact I was going as fast as I could. I was taking medicine from a regular physician, but it did not even relieve my cough. I went to the village one day, about a quarter of a mile, which took me to go and come about two hours. While there I saw Esq. Wellington, and happened to say to him, 'I wish you could give me something to relieve my cough.' He said, 'There is a Great Indian Remedy just introduced; Dr. Barker has it for sale, and I believe it will cure you.' I took his advice, and brought a bottle home with me; took a teaspoonful at once, which I felt through my whole system. At night I took a tablespoonful and rested well all night, and continued to rest well every night. The Cough, Night Sweats, Raising of Matter, Pain in the Lung, &c., gradually left me, and I got hearty and strong. I took only three bottles. I am not taking it now, and I am as hearty and well as ever I was in my life. My sister-in-law was with me for a while, who was affected with the Liver Complaint. She has taken the remedy, and is well. This certificate you may show to the world if you please.
