NEWS OF THE DAY.

THE HANLON TROUPE.—This Troupe gave their second and last performance in the City Hall on Saturday evening, and were greeted by an immense audience. The feats of the Hanlon Brothers, William, Alfred and George, cannot be surpassed by any athletes extant; and their performances of skill, energy and daring, which stand unrivalled, were rapturously applauded. Professor Tanner's collection of dogs and monkeys was specially admired, the surprising sagacity of the little animals betokening that they had experienced a long and careful training. The skating of Miss Carrie Moore is par excellence, and for grace and artistic skill she challenges the continent. Miss Carrie Austin, in her lightning Zouave drill, displayed great dexterity in handling the rifle, and was deservedly encored, as were, without exception, all the principal features of the entertainment. The concluding act, the Shadow Pantomime, created a deal of mirth, and drew roars of laughter from the audience. The grotesque figures and capital acting combined to make it not the least attracting portion of the performance. But the "Sphynx" surpassed all in the skilful manner it was placed on the boards, and the excellent character of the illusion. It would have drawn crowded houses for another week. The Hanlon Brothers repeat their performance in Hamilton to-night, when we promise a treat to the fun-loving denizens of that city.

THE FENIANS ON THE MOVE.—A gentleman of Berlin, County of Waterloo, is in receipt of a letter from a friend in Chicago, of responsible reliability, dated the 24th instant, in which appears the following postscript:—"From several little signs that have recently come under my notice, I am persuaded the Fenians intend an immediate movement in some direction, either on Canada or Mexico. You might advise the authorities of this."

COLLAPSED.—The "Daily Review," a semi-religious paper, published in Montreal, has ceased to exist, after a brief career of about three months. It was a respectable and fairly conducted paper. But the fact is there was not room for another to make its way in Montreal; so after a struggle it has gone under.

CARRYING DANGEROUS WEAPONS.—Another almost fatal accident, caused by carrying a loaded revolver, occurred on Friday last at Port Hope. Mr. G. W. Hatton in putting his hand in his pocket, discharged his revolver, the bullet entering the fleshy part of the thigh. The wound is not dangerous. The special Act of last session authorizes any police constable to arrest parties carrying firearms or unlawful weapons, and seize and detain the same.

THE QUEBEC RELIEF FUND.—Contributions are flowing in with commendable liberality to aid the Quebec sufferers, and a great deal of want and destitution is happily alleviated. The Mayor, the Hon. Mr. Cauchon, acknowledges the receipt of $2,000, forwarded by the New York Stock Exchange as their donation; of $500 from Mr. Skinner of Boston; of a schooner load of provisions from Ste. Anne de Lapocatiere; of 300 bushels of potatoes from the parish of St. Raymond; and of 700 bushels of potatoes, and other provisions, beside $80 cash from Riviere du Loup. A wholesale firm of Boston have generously tendered the offer of a large contribution of useful materials, on condition that the Government will permit their entry free of duty, which, there is no doubt, will be readily granted. A telegram has been received from New York stating that the Chamber of Commerce will meet next week to inaugurate a movement to collect subscriptions for the relief of the sufferers.

THE RELIEF COMMITTEE.—The first lot of clothing received by the Chief of Police in aid of the Quebec sufferers, was handed in on Friday. Meanwhile the subscription lists are being rapidly filled up, and the total amount will make up a very handsome sum.

PUBLIC PRESENTATION.—On Friday last the men of the Welland Canal Field Battery and Dunnville Naval Company were publicly presented at Port Robinson with silver medals and clasps, commemorative of their gallant and patriotic conduct at Fort Erie in June last, when pressed by the Fenian horde, numbering ten times their own strength.—Capts. King and McCallum of the respective corps, were presented with handsome swords. The occasion will long be remembered by the Volunteers, whose noble conduct on the memorable 2nd of June is the admiration of the people of the whole district, when, although fighting as it were without the slightest chance of success, bravely stood their ground, until forced to retire on account of the deadly shower of bullets that fell in and around their devoted craft, the tug "Robb." Three of the Volunteers whose wounds had necessitated the amputation of one leg of each, were present, and received a hearty reception at the hands of the people.

A LUCKY CANADIAN.—Dr. Comer, a graduate of Queen's College, and the son of a worthy Kingstonian, has made a lucky strike in the oil regions, near Tidioute, Pennsylvania, where he is now likewise engaged in an extensive practice of his profession. The local journal in its weekly review of the oil wells in the locality, says of Dr. Comer's:—"This is the only well on this tract which has been tested. It is now yielding upward of two hundred barrels per day."

KINGLY MUNIFICENCE.—Mr. Peabody's donations are regal. He has supplemented his great gift to the poor of London by giving $150,000 to Yale College, the same amount to Harvard, and a second donation of $500,000 to the Peabody Institute in Baltimore. Such men as Mr. Peabody are both an honor and a blessing to any age. And it is pleasing to see that his princely example is being followed by others. A few days ago, Mr. A. T. Stewart, the great dry goodsman of New York, signified his intention of giving a million of dollars, wherewith to build cottages for the poor of that city if somebody else would give land enough for the purpose. Some unknown benefactor (not supposed to be Commodore Vanderbilt) has given the requisite quantity of mother earth.

AMERICAN DESPATCHES.

New York, Oct. 26.

Last evening at six o'clock a telegram was sent from New York to London for the payment of a large sum of money. At half-past eleven o'clock the morning a telegram was received in this city advising the payment of the same.

The Tribune's Washington special says:—After President Johnson became President, and it was thought Gen. Butler would be assigned to the command at Richmond, a member of the Virginia Legislature offered a resolution instructing the Governor of the State to issue a proclamation to the people to bury their silver, &c. The said member has just turned out a defaulter to the tune of $50,000.

The President has ordered a pardon to be issued to Geo. A. Trenholm, ex-rebel Secretary of the Treasury, and senior member of the firm of Trenholm, Fraser & Co., of Charlestown, S. C., and Liverpool, England.

Smuggling is carried on to an enormous extent on the borders of the State of New York, and measures have been taken to put a stop to it.

New York, Oct. 26.

The Tribune's Berlin correspondent of 11th says:—Dr. Langenbeck, chief surgeon of our army, left several days ago for Biarritz to consult with the physicians of the French Emperor on the possibility of an operation.—Yesterday a despatch was received from our Embassy at Paris that there is no hope of the recovery of Napoleon, and that his death may be hourly expected. The fact being only still kept secret.

Advices of additional disasters on the Lakes in the late storm continue to be received. The devastation was very extensive. Fourteen inches of snow fell in the Lake Superior Mining Regions yesterday.

The Tribune's Chicago says evidence of wide spread troubles on the Indian frontier have accumulated more rapidly than usual within the past few days. A general war is really imminent. Gen. Sherman has ceased to discredit alarming reports and is taxing every energy to throw troops into imperial districts. 15,000 Indian warriors are declared by the latest advices to be actually on the war path.

POLICE COURT.—The Police Magistrate on Saturday in summing up the cases, found only one drunken sailor to dispose of, and fined him $2 for the exclusive right of occupying the time of the Court.

THE HEIGHT OF IMPERTINENCE.

A PRAYER FOR THE REPRIEVE OF LYNCH.

New York, Oct. 27.

The news of the conviction and sentence of Lynch has created the greatest excitement among the Irish citizens of New York. The New York Common Council of the city met and passed resolutions replexing the Canadian authorities to pardon the prisoner, and requesting the President to use all his efforts to obtain the same. The Tammany Hall Democracy also held a meeting, and passed resolutions of a less pacific character, denouncing British justice and calling for vengeance on the Canadians.

COMMERCE AND MARINE.

MONDAY MORNING, OCT. 29, 1866.

THE MARKET.—Grain came in freely on Saturday. Barley 55c per bushel, Rye 57c. Peas 69 a 70c; and Oats 30c.

The circulation of the Bank of Upper Canada is being gradually absorbed in considerable sums in payment of notes discounted by the bank. The very favorable opportunity afforded the debtors of the concern to discharge the liabilities by purchasing the depreciated bills, and with them making payment, has been generally embraced, and we hear that many of the old creditors have been stimulated to extra efforts on this account, resulting in the wiping out of some claims which looked almost hopeless. In the meantime the public are awaiting the promised official statement of the true standing of the bank.

REV. JAS. HOYT, Pastor First Presbyterian Church, Orange, N. J., writes:—"I have used Mrs. S. A. Allen's Zylobalsamum or World's Hair Dressing with very great benefit in my family. Its cleansing and healing properties, removing dandruff, and giving the hair a natural and healthy tone and softness, surpass those of any preparation known to me." Sold by all Druggists. THE CRITICAL MOMENT.

In violent diseases instant help is needed. Asiatic Cholera or Yellow Fever, for example, may prove mortal within an hour, if not checked by a potent antidote. The first thing is to meet the immediate danger, and this can only be done by administering a remedy as sudden in its operation as the malady itself. RADWAY'S READY RELIEF is more active than the virus of the most swift and deadly epidemic. Faster than disease can mine it countermines, soothing pain, suspending inflammation, neutralizing the poison of infection, and diffusing a new resistant power through the whole system. Thus the most malignant malarious fever may be held at bay, until there is time for an aperient and alterative to operate and complete a cure.—Break the strength of the disease with the Relief and you can then expel every relic of it from the system with RADWAY'S REGULATING PILLS. 253

A FAMILY MEDICINE.

Davis' Pain Killer is a purely vegetable compound, and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in the most unskilful hands. For summer complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has, without doubt, been more successful in curing the various kinds of Cholera than any other known remedy, or the most skilful physician. In India, Africa and China, where this dreadful disease is ever more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, A Sure Remedy.

"Just so!"—"Exactly!"—Solon Shingle said they were there "every time." The last "only in 1864 I had to look twice at a Bottle; I felt weary at night, he took Plantation Bitters; it restored appetite, was weak, languid or unusually oppressed, he took Plantation Bitters; and they never failed to set him on his pins again as a top."

Few persons want any better authority; but as some may, we add the following:

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WARDNER, Med. Id. N.Y."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me."

REV. C. A. MILLWOOD, New York City.

"* * * I had lost all appetite, was so weak and nervous I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right.

JAMES HEMINWAY, St. Louis, Mo.

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs, that distressed me for years. They are like a charm.

C. C. MOORE, 254 Broadway, N.Y."

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred testimonials of such certificates, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come at least our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp on the cork.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—"I had a negro man worth $1,200 who took cold from a chill set in his leg, and was useless for over a year. I had tried everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Spraining, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."

J. H. HEWITT, Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in short time, on man and beast, than any article ever discovered. Families, liverymen and planters, should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engraving, bearing the signature of G. W. Westbrook, Chemist, and the private U.S. stamp of DEMAS BARNES & Co. over the top.

It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

ASTONISHING! ASTOUNDING CONFOUNDING! BUT TRUE.

ANOTHER WONDERFUL CURE OF CONSUMPTION BY THE GREAT SHOSHONEES REMEDY IN CANADA.

MESSRS. Y. & C.—Gentlemen: I, WILSON STORMS, of Brighton, C. W., make oath and say:—I feel anxious to let you know what the Great Shoshonees Remedy has effected for me. My wife was all cured with Consumption and died; I was also afflicted with the same disease, and after her death I continued sinking just as she had done. I had very severe Night Sweats; coughed nearly all night and every night; could not sleep unless a little towards morning; I raised over a quart of matter every twenty-four hours; had severe pain in the left lung, &c., &c., and was greatly debilitated. In fact I was going as fast as I could. I was taking medicine from a regular physician, but it did not even relieve my cough. I went to the village one day, about a quarter of a mile, which took me to go and come about two hours. While there I saw Esq. Wellington, and happened to say to him, 'I wish you could give me something to relieve my cough.' He said, 'There is a Great Indian Remedy just introduced; Dr. Barker has it for sale, and I believe it will cure you.' I took his advice, and brought a bottle home with me; took a tea poonful at once, which I felt through my whole system. At night I took a tablespoonful and rested well all night, and continued to rest well every night. The Cough, Night Sweats, Raising of Matter, Pain in the Lung, &c., gradually left me, and I got hearty and strong. I took only three bottles. I am not taking it now, and I am as hearty and well as ever I was in my life. My sister-in-law was with me for a while, who was affected with the Liver Complaint. She has taken the remedy, and is well. This certificate you may show to the world if you please.
