The Fall Sittings of this Court commenced on Friday last and were concluded on Saturday. The cases were seven in number. The first that came on for hearing was

LIVINGSTON VS. —— INSURANCE CO.—This was an insurance case, which the Vice-Chancellor declined to try. The evidence was taken by consent before the Master.

Counsel for plaintiff, Mr. Mowat and Mr. McIntyre; for defendants, E. Blake, Q.C.

FINKLE VS. FINKLE.—Bill by a father against his son to establish a life lease given by the latter to the former, and a lease and agreement procured by the son from the father, which the bill alleged were improvident and were procured by fraud.

GILDERSLEEVE VS. DAVY.—Bill for redemption, alleging tender of full sum due.

Decree for redemption. Reference to Master at Kingston, to take accounts.

Counsel for plaintiff, Mr. Walkem; for defendant, Mr. Mowat.

The Court then adjourned.

ARRIVAL OF THE 100TH REGIMENT.—The 100th Royal Canadian Regiment passed Father Point on Saturday in the National Company's steamship 'Pennsylvania,' about 22 days out from Malta. The right wing of the Regiment with headquarters, is to be stationed at Ottawa, a portion having arrived there last evening. The other wing will form part of the Montreal Garrison.

DRUNK ON DUTY.—A very serious charge, made so by statute in England, was recently preferred against the first and second engineers of the steamer 'Swansea,' before a Marine Board at Liverpool. The parties were charged with being found drunk at their station while the steamer was under way, compelling the captain to run into the nearest port to ensure the safety of the vessel and passengers. The first engineer had so far lost control of himself as to have one of his fingers taken off by a portion of the machinery. The Board, in view of this infliction, and likewise taking into consideration the former good conduct of the defendants, dismissed the case. Had they been committed for trial, they would have been severely punished.

POSTMASTER-GENERAL SWORN IN.—The Hon. Mr. Solicitor-General Langevin was on Saturday sworn in as Postmaster-General, that office having become vacated by the acceptance by the Hon. Mr. Howland of the office of Minister of Finance. His Excellency the Governor-General left for Quebec on Saturday evening, after presiding in Council all day in Montreal.

BURGLARY.—Messrs. W. R. McRae & Co.'s grocery store, Brock Street, was entered by a back window on Sunday night. The rascal, who did not molest the safe, got a few coppers for his trouble from the till.

DAMAGED GRAIN.—About 550 bushels of damaged corn were sold by Mr. James Linton, Auctioneer, on board the schooner Queen of the Lakes' at Berry's wharf yesterday, under directions from Mr. Putnam, Agent for McLennan & Co., of Montreal, acting on behalf of the Insurance Company which held a risk on the cargo. The grain was damaged during one of the recent gales, the vessel having arrived on Saturday from Chicago. The bidding commenced at 10c and slowly rose to 26½c per bushel, at which price it was knocked down to John Breden, Esq., Mayor.

AID FROM KINGSTON.—A letter was received on Thursday by the Mayor of Quebec, from T. Kirpatrick, Esq., of Kingston, Provincial Arbitrator, transmitting a cheque for $750, amount of the collection to date, in Sydenham Ward, of that city, on behalf of the Quebec sufferers.—Chronicle

LATE FROM MONTREAL.

THE DELEGATES TO ENGLAND.

Montreal, Nov. 3.

A Cabinet meeting was held yesterday. The Governor General and ten Ministers were present.

Messrs. McDougall and Langevin leave for England on Wednesday next; Messrs. Macdonald, Cartier, Howland and Galt on the 14th; and the Governor General and Mr. McGee in December.

The subscriptions here for the Quebec sufferers are over $12,000. St. John's has raised over $1,000. Two concerts are to be given in Montreal for their benefit next week.

Armsbead, Barber of the Ottawa Hotel, who absconded with over $12,000, has been arrested near Plattsburg with a large amount of property.

POLICE COURT, MONDAY.—A fine list of drunks were before the Court this morning, six casuals being fined $2 each, which were, as usual, promptly paid and no further questions asked. Jimmy McKeown was committed for 30 days to gaol. He expressed a desire to receive the permanent appointment of turnkey for that institution, which, of course, can't be, as his services are at present secured gratis. Another old vagrant was sent to the House of Industry for being drunk. Norah Conley, an old stager, was committed to gaol for ten days in default of paying a fine. She was also brought up for drunkenness. Margaret Watson, a street tramp, was fined $10 for being drunk and vagrant and smashing the windows of James McGowan, the sum being paid at once by her friends. John Dale and Mary Redford were charged with larceny by John Whalen. The latter being one of the light fingered gentry sought the companionship of the plaintiff, whom she relieved of a pocket-book containing six $20, two $5, and one $2 50 pieces, beside some loose silver. The plaintiff did not see fit to prosecute until Saturday last, by which time all the money was changed, and a portion had passed into the hands of the prisoner Dale, who is charged with being the receiver of stolen goods only. Only a small lot of money was found on the prisoners, who were remanded to await a further disclosure of facts connected with the case.

INCENDIARY FIRE IN OTTAWA.

Ottawa, Nov. 5.

About three o'clock yesterday morning a fire broke out in an unoccupied building in Church street, destroying it and two adjoining houses. Loss $3,000, about half of which was covered by insurance. The fire was the work of an incendiary.

CHICAGO CORN MARKET.

Chicago, Oct. 31.

There is every prospect of a panic in corn and wheat. Prices have run up beyond all bounds during the last week, and to-day there were only sustained by an immense combination. Your readers may look out for a general crash, which, when it does come, will overturn some of the best and largest operators here. No loans could be negotiated to day on grain, except at a ruinous margin. Intense anxiety is displayed to night, for the European market report may prick the bubble at any moment.

AN ANTIDOTE FOR POISON.

THE PAIN KILLER.—Rev. T. Allen, writing from Tavoy, Burmah, says:—'Within the past four years I have used and disposed of about five hundred bottles, but am now out. Please send me a fresh supply as soon as you can—say two hundred bottles. I dare not be without it myself and there are endless calls for it both by Burmans and Karens. I always take it with me into the jungles, and have frequent occasion to use it both on myself and others. One night while sleeping in an open Bayate, I was awoke by a most excruciating pain in my foot. On examination, I found I had been bitten by a centipede. I immediately applied the Pain Killer, and found instant relief.' Rev. Mr. Hibbard, writing from Burmah to his father, says:—'I have used Davis' Pain Killer for coughs, colds, summer complaints, burns, and for the sting of scorpions, with uniform success. We always keep it where we can lay our hands on it in the dark, if need be.'

REV. R. H POLLOCK, Cincinnati, Ohio, writes—'It is my settled policy to recommend nothing till I know it is what it purports to be. Having opportunity, and becoming satisfied of the merits of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum, I can confidently recommend them.' Sold by all Druggists. Depot, 198 Greenwich st., N. Y. 260

THE OLDEST MEDICAL PRACTICE is that of the family. Long before doctors were known the head of the family examined and prescribed for the members. From the necessity of the case the first and most important stage of every disease is treated by the patient's parents or nurse. This being so, how important that the means on hand, should be simple, ample, and efficient. HUMPHREYS' HOMŒOPATHIC SPECIFICS (advertised in another column) perfectly meet this want, and should be in the hands of every intelligent family.

260 562 Broadway, N. Y.

'IS ITS REPUTATION ESTABLISHED?'—You have a right to ask that question. Not only have you the right, but it is unquestionably your duty to yourself and to your family to do so. Downs' Vegetable Balsamic Elixir has been a standard medicine for more than thirty (twoyears. Henry's Vermont Liniment has been winning its way to public favor for the last ten years and the Odous Kalumterios has received the unqualified sanction of all the leading dentists in Montreal. 257

INSTANTANEOUS MEDICATION.

SUDDEN DEATH—The fierce diseases of the tropics give no time for parley. Conquer the first paroxysm with RADWAY'S READY RELIEF. All acute maladies of an epidemic nature, all congestive disorders, and in fact all diseases fraught with immediate danger, yield to this commanding curative. Yellow Fever, Asiatic Cholera and Small Pox, are terrible scourges, but their life destroying symptoms may be suspended with a single dose of the Relief. Applied with brisk friction to the spine, and taken inwardly as an antidote, it inspires the collapsing system with new vitality. Keep it always at hand. No one can tell at what moment it may be needed, and nothing else will supply its place. 260

Sickness is an affliction that waits on us all. None are exempt and there are none but need relief from attacks. Whoever can furnish this becomes our benefactor. A conviction prevails that Dr. Ayer does it. Disorders of the blood have been healed by his Sarsaparilla, and affections of the lungs by his Cherry Pectoral, too frequently and too distinctly to be disputed. His Ague Cure is said, by those who use it, to never fail. Reader, if you must have medical aid, take the best of medicine. Poor remedies are dear as good are cheap, at any price you have to pay for them.—[Charleston Courier. 260

AGUA DE MAGNOLIA.

A toilet delight. Superior to any Cologne, used to bathe the face and person, to render the skin soft and fresh, to allay inflammation, to perfume clothing, for headache, &c. It is manufactured from the rich Southern Magnolia, and is obtaining a patronage quite unprecedented. It is a favorite with actresses and opera singers. It is sold by all dealers, at $1.00 in large bottles, and by DYMAS BARNES & Co., New York, Wholesale Agents.

"Jas' so!"—"Exactly!"—Solon Shingle said; they were there 'every time.' If he felt "owly" in the morning he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

Few persons want any better authority; but as some may, just read the following:

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life. REV. W. H. WAGONER, Mad'd, N.Y."

"* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me. REV. C. A. MILLWOOD, New York City."

"* * * I had lost all appetite—was so weak and emaciated I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right. JAMES HEIMINWAY, St. Louis, Mo."

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs, that distressed me for years. They act like a charm. C. C. MOORE, 254 Broadway, N.Y."

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such certificates, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork. P. H. DRAKE & CO., New York City.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic. J. H. BREWER, Fairman for Americus, Wells, Fargo & Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment. Alex. Center, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Wentbrook, Chemist, and the private U.S. stamps, DYMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—it is nice. It is literally sold by the ear load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it. E. THOMAS LYON, Chemist, N. Y.

Who would not be beautiful? Who would not add to their beauty? What gives that marble purity and intangible appearance we observe upon the stage, and in the city belle? It is no longer a secret. They use Hagan's Magnolia Balm. Its continued use removes tan, freckles, pimples and roughness, from the face and hands, and leaves the complexion smooth, transparent, blooming and ravishing. Unlike many cosmetics, it contains no material injurious to the skin. Any druggist will order it for you, if not on hand, at 50 cts. per bottle. F. B. HAGAN, Prop., N.Y.; Chemist.

Heimstreet's Inimitable Hair Coloring is not a dye. All instantaneous dyes are composed of lunar caustic and more or less of the nitrate of silver, the basis of this hair. This is the original Hair Colorine, and has been growing in favor for twenty years. It restores gray hair to its original color by gradual absorption, in a most remarkable manner. It is also a beautiful hair dressing. Sold in two sizes—50 cents and $1—by all dealers.

SIMILIA SIMILIBUS CURANTUR.

DYSPEPSIA! DYSPEPSIA!

WHAT IS IT? HOW CURED?

Dyspepsia is our National Disease—weak stomach, feeble digestion, distress after eating, costive habit, bilious condition. How many suffer with it and its attendant symptoms of low spirits, bad taste, coated tongue, obstipated head, and attacks of headache! Yet how few know how to cure it! Generally, because the bowels are constipated, resort is had to cathartics or laxatives. But such a condition was never cured by cathartics, whose only office is to weaken the digestion, and impair the integrity of the entire assimilative system.

But HUMPHREYS' HOMEOPATHIC DYSPEPSIA PILLS—a simple medicated sugar pill—have cured hundreds of the worst and most obstinate cases. This is done simply by improving the tone, and restoring the integrity of the digestive organs, from which result good appetite, regular habits, a clear head, and buoyant spirits. Such a medicine is a gem, and only requires to be known to be appreciated.

Price 25 cents per box, with directions. Six boxes, $1 25.

ANOTHER WONDERFUL CURE OF CONSUMPTION BY THE GREAT SHOONEES REMEDY IN CANADA.

Messrs Y. & C.—Gentlemen: I, Wilson Storms, of Brighton, C. W., make part and say:—I feel anxious to let you know what the Great Shoonees Remedy has effected for me. My wife was afflicted with Consumption and died; I was also afflicted with the same disease, and after her death I continued sinking just as she had done. I had very severe Night Sweats; coughed nearly all night and every night; could not sleep unless a little towards morning; I raised over a quart of matter every twenty-four hours; had severe pain in the lungs, &c., &c., and was greatly debilitated. In fact I was going as fast as I could. I was taking medicine from a regular physician, but it did not relieve my cough. I went to the village one day, about a quarter of a mile, which took me to go and come about two hours. While there I saw Esq. Wellington, and happened to say to him, 'I wish you could give me something to relieve my cough.' He said, 'There is a Great Indian Remedy just introduced; Dr. Baker has it for sale, and I believe it will cure you.' I took his advice, and brought a bottle home with me; took a tea spoonful at once which I felt through my whole system. At night I took a tablespoonful and rested well all night, and continued to rest well every night. The Cough, Night Sweats, Raising of Matter, Pain in the Lung, &c., gradually left me, and I got healthy and strong. I took only three bottles. I am not taking it now, and I am as healthy and well as ever I was in my life. My sister-in-law was with me for a while, who was affected with the Liver Complaint. She has taken the remedy, and is well. This certificate you may show to the world if you please.
