NEWS OF THE DAY.

DIOCESE OF ONTARIO.—The Synod has closed its Session, after an angry debate about Ritualism, which ended in a drawn battle. The Hon. Mr. Patton brought forward the subject by the following motion:—Resolved, that this Synod desires emphatically to disclaim any sympathy with the ritualistic movement which is now so unhappily agitating the Church in the mother country, and supported it with a powerful and withering speech. His chief opponent was the Rev. Mr. Windsor, Chaplain to the Forces, a gentleman who has no legal right to speak or vote in the Synod, who very plainly told the Lay Delegates they were a pack of boobies, who should not vote upon a subject on which they were profoundly ignorant. Very modest this, but then English gentlemen who condescend to come to Canada know much more than other men, and are never backward in showing it. The motion was supported by the Rev. Mr. Mulock on the ground, that it was the duty of the Synod to support the Bishops at Home, who were striving to put down Ritualistic Practices. Whereupon the Bishop of Ontario remarked that he should look at home, and obey his own Bishop, who had told him to preach in his surplice, an order which he, Mr. Mulock, would not obey—and that shut the reverend gentleman up. The matter was compromised by adding the words 'extreme and unauthorized,' so that it is only extreme and unauthorized Ritualism that the Synod condemns. In our humble opinion Ritualism, if not carried to excess is beneficial to the Church.

THE 'AUSTRALASIAN' ARRIVED.—The steamship 'Australasian,' with the Hon. Messrs. Macdonald and Cartier on board, reached Liverpool on the 24th instant, from New York, her arrival being announced through the Atlantic Cable. The 'China,' about the safety of which the most serious apprehensions were entertained, arrived out, it appears, on the 16th. The reports of her having been captured by the Fenians, arose from the Canadian newspapers overlooking the announcement in the New York papers by the Atlantic Cable of the arrival of the ship at Queenstown.

COLLECTOR AT PRESCOTT.—The vacancy at the port of Prescott caused by the appointment of Collector Striker to be Inspector of Excise, is filled by Mr. Van Allan, landing waiter and clerk, Belleville.

REPRESENTATION FOR THE PRESS.—The Minerve states that one of its editors, Mr. E. Gerin, sailed by the "Nova Scotian", to watch the progress of the discussions in England on Confederation, and to attend the opening of the Paris Exhibition next spring.

FOR ENGLAND.—His Lordship Bishop Horan reached Quebec on Friday last intending, it is reported, to take the steamer 'Nova Scotian' for England, on a mission connected with the Roman Catholic Educational interests of Upper Canada. This is not substantiated, however.

CUSTOM DUTIES.—It is decided by the Customs Department that fish (fresh) and oysters in shell be imported free. Oysters and lobsters in kegs or tins, 15 per cent. duty; fruit preserved in sealed cans, without sugar, also 15 per cent. duty.

ON ANNEXATION.—The Ex-Rev. Mr. Allen, of Alwington, has addressed another Letter on Annexation to the Kingston News. He does not say much in it, except in repeating the personal pronouns I, me, and my 84 times. He says he has been requested to resign his Chair of History at the Queen's University, but he won't do it. It does not matter a bunch of dog's meat whether he resigns or not, for all the good or harm his Lectures will do the Students; but it does not look well for a loyal Collegiate Institution, bearing the name of Majesty, to have for one of its Professors a man who avowedly professes disloyal principles. It will be made a great handle of, to the injury of Canada. For instance, it gives occasion for the New York Herald for the following

SPECIMEN LIE.

Toronto, C.W., Nov. 22.

A large annexation meeting was held at Kingston last night. The Canadian Cabinet were severely handled for leaving the country without a government, and open to the Fenians and their friends. A resolution was adopted advising the Canadian people to accept the terms of annexation offered to them by the last United States Congress.—N. Y. Herald.

RETIRED.—Admiral Semmes, of Alabama renown, is enjoying his otium cum dignitate, having accepted the chair of Professor of Moral Philosophy and English Literature in Louisiana State Seminary of Learning, in Alexandria.

WINTER PRICES.—The grain buyers, finding it impossible to ship any more grain this season by vessel, have established their winter prices. Grain, consequently has undergone a decline. Peas yesterday were selling at 65c per bushel, a fall of from 5 to 7c; Rye and Barley at 57c, a decline of 2c; Oats 27 to 30c per bushel. It is computed that more grain has been shipped from Kingston, especially Rye and Barley, this year, than was exported in the three previous years put together. The good prices, too, that the farmers have secured will enable them to recover some of the losses they sustained in previous seasons through the failure of the crops. And one thing has been demonstrated in connection with the abrogation of the Reciprocity Treaty, and that very clearly, that the Americans themselves are the sufferers by the embargo now placed on grain, Canadian Barley the Yankies must have, and to pay our prices and then the import duty in their own country, furnishes them with the most telling and conclusive proof that they are "cutting off their noses to spite their ugly faces."

CROWN LANDS AGENCY.—Mr. Alfred Campbell, of Belleville, brother of the Honorable Commissioner of Crown Lands, has been appointed agent for the sale of Crown Lands for the County of Hastings and Inspector of the Madoc region.

DAY OF THANKSGIVING.—The Lord Bishop of Ontario has appointed Friday next, the 30th instant, a day of General Thanksgiving throughout this Diocese, to Almighty God, for the manifold blessings vouchsafed to the people of this Province during the present year, more especially for the deliverance from the cholera pestilence, and for the bountiful harvest that has been gathered in. Divine service will be held in all the churches. His Lordship will preach in St. James' Church, Union street, at 6.30 in the evening. On Sunday next, being the first Sunday in Advent, a special collection will be taken up on behalf of the Mission Fund of the Diocese.

POLICE COURT, Monday.—Six drunken cases, headed by poor Archy Buchanan, confronted his Worship this morning in a body. Archy was committed to gaol for one month, his pledges of good behavior like pie crusts, being made to be broken. The other disciples of Bacchus were, with one exception, fined $2, the exceptional case being that of an old woman, who was sent out of the city. Ann Scott and Esther Scott, two nymphs of the pave, the representatives of a still larger family of fallen and depraved girls, were charged with street walking. As they have been before the Court frequently in different ways, no excuses could be offered in their behalf, and they were fined $10 each, in default of payment to go to gaol.

COMMERCE AND MARINE

TUESDAY MORNING, NOV. 27, 1866.

THE CLOSE OF NAVIGATION.—The steamer 'Passport,' of the Royal Mail Line, arrived from Toronto on Sunday morning, and yesterday went into winter quarters at the St. Lawrence wharf, where she is being dismantled. The propeller 'East' has laid up at Chaffey's wharf, and the schooners 'China' and 'Ellen,' and barque 'Waterwitch' are preparing to lie up at other docks. The steamer 'St. Helen' is making her last trip upwards, previous to going into winter quarters up the Bay, and the propeller 'City of London' was here yesterday on her way westward to Port Stanley, where she lies up in a couple of days.—The Richelieu steamers, running between Montreal and Quebec, have discontinued their trips.

STEAMER SALE.—The steamer 'Osprey,' chartered for the season just closing by Captain Frank Paterson, has been sold on behalf of the Commercial Bank to Mr. McKay, Forwarder of Hamilton, into whose hands she will be placed after making her last trip this week. The 'Osprey' is the staunchest and most powerful boat on Lake Ontario.

THE HERCULES.—The gunboat 'Hercules,' of the Canadian Navy, which has been placed in snug quarters at H. M. Dockyard, Point Frederick, for the winter, has been housed in by the government contractor, after the usual manner of covering such craft. A few of the seamen of the 'Aurora' still remain on board.

THE NEW YORK CANALS.—The canal commissioners announce that the New York State canals will be closed on the 12th of December, except the Champlain canal, which will be closed on the 5th of December.

NEW STEAMER FOR THE ONTARIO LINE.—Captain A. N. Throop, Agent of the Lake Ontario Steamboat Company, is preparing to construct a new steamboat at Charlotte. It is to be one of the best steamers in the line, built of live oak from Genesee Valley, and the fastest steamer on the lake.—Captain Throop has nearly completed a new dry dock at Charlotte, for the purpose of repairing steamers of the Ontario line, and any other vessels which may come into port in a disabled condition.

NEW RICHELIEU STEAMER—THE STEAMER CANADA.—Dissatisfaction has frequently been expressed by the travelling public, at the arrangements of the Richelieu Company's steamboats, which make the trip from Montreal and Quebec by night only. The Company, to meet this demand have just built at Sorel, the splendid steel hull steamer Canada, which will be ready to run next year, and will afford the long-wished for opportunity of enjoying a trip by day light along the picturesque scenery of our noble river. This will save travellers from the West the disagreeable necessity of twenty four hours stay in Montreal, which was a not unusual occurrence hitherto, owing to the difficulty of effecting a juncture with the steamer for Quebec.

EXPORTATION OF PETROLEUM TO NEW BRUNSWICK.—The question as to whether Petroleum and its products could be exported to the Lower Provinces, free of duty, having been lately put by some of our oil dealers to the Member of this County, he at once took steps to ascertain whether Canadian oils would or would not be so admitted. The reply of the New Brunswick Government, communicated to our Customs' Department, is in the affirmative, viz., that Rock Oil, Benzole, and Paraffine are admitted free of duty, when imported from Canada. This will likely induce the export of a large quantity of our surplus oil to that Province, for which there has latterly been no adequate demand.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—"I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."

J. W. HEWITT,

Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while sleighing last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Worcester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, liver, men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G.W. Westbrook, Chemist, and the private U.S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

CHRONIC CONSTIPATION.

Few complaints are more general than Constipation, or produce more unpleasant consequences. Stupor, Loss of Memory, Hysteria, Headache, Nightmare, General Debility, Rush of Blood to the Head, Vertigo, and sometimes Apoplexy result from it. Its complications are endless, involving many painful and dangerous visceral disorders, and a variety of external distempers. Yet every trace of it may be removed by a course of Radway's Regulating Pills. Whoever suffers from this ailment does so simply because he or she neglects to take this easy and painless means of cure. The drastic purgatives may afford momentary relief, but only to aggravate and intensify the disease in the end. No disastrous reaction succeeds the mild operation of the Regulating pills. They restore the morbid excretory function to health, vigor, and clock-like regularity. 279

FOR SORE, WEAK, INFLAMED EYES AND EYELIDS.

A true specific, and invaluable remedy has been at last discovered. Dr. Humphreys' argues that those affections invariably result from a constitutional disease, of which the local affection is only the outward manifestation. Hence HUMPHREYS' SPECIFIC HOMEOPATHIC OPHTHALMY PILLS are only taken internally, and yet cure the worst forms of obstinate sore eyes and eyelids, which have resisted all other treatment. All cases of sore and inflamed eyes and eyelids, or failing, weak or defective sight, will be promptly benefited, and the cure of the worst cases in only a question of time. Price, 50 cents, with directions.

Sickness is an affliction that waits on us all. None are exempt and there are none but need relief from attacks. Whoever can furnish this becomes our benefactor. A conviction prevails that Dr. Ayer does it. Disorders of the blood have been healed by his Sarsaparilla, and affections of the lungs by his Cherry Pectoral, too frequently and too distinctly to be disputed. His Ague Cure is said, by those who use it, to never fail. Reader, if you must have medical aid, take the best of medicine. Poor remedies are dear as good are cheap, at any price you have to pay for them.—[Charleston Courier. 200

BUT TRUE.

ANOTHER WONDERFUL CURE OF
CONSUMPTION
BY
THE GREAT SHOSHONEES REMEDY
IN CANADA.

Messrs. Y. & C.—Gentlemen: I, WILSON STORMS, of Brighton, C. W., make oath and say:—I feel anxious to let you know what the Great Shoshonees Remedy has effected for me. My wife was afflicted with Consumption and died; I was also afflicted with the same disease, and after her death I continued sinking just as she had done. I had very severe Night Sweats; coughed nearly all night and every night; could not sleep unless a little towards morning; I raised over a quart of matter every twenty-four hours; had severe pain in the left lung, &c., &c., and was greatly debilitated. In fact I was going as fast as I could. I was taking medicine from a regular physician, but it did not even relieve my cough. I went to the village one day, about a quarter of a mile, which took me to go and come about two hours. While there I saw Esq. Wellington, and happened to say to him, 'I wish you could give me something to relieve my cough.' He said, 'There is a Chief Indian. Remedy just introduced; Dr. Barker has it for sale, and I believe it will cure you.' I took his advice, and brought a bottle home with me; took a tea spoonful at once, which I felt through my whole system. At night I took a tablespoonful and rested well all night, and continued to rest well every night. The Cough, Night Sweats, Raising of Matter, Pain in the Lung, &c., gradually left me, and I got hearty and strong. I took only three bottles. I am not taking it now, and I am as hearty and well as ever I was in my life. My sister-in-law was with me for a while, who was affected with the Liver Complaint. She has taken the remedy, and is well. This certificate you may show to the world if you please.
