Total, $982,115 45. EXPENDI.—$1,217,136 17.

erican Invoices to be taken at 2% per c discount.

THE QUEBEC SUFFERERS.—A few days o, the farmers of the country, around ebec, headed by their Parish Priests, tered that city with a long train of wag ns, bringing some hundreds bushels of otatoes to be distributed among the suf erers by the recent fire. The stone masons ow receive $2,50 a day, and will probably receive that amount all through the winter, owing to the large number of houses in course of re-erection in the devastated district.

THE ASIATIC CHOLERA.—The Asiatic cholera is now widely spread over the United States, extending from New England to Texas, and from New York to the Plains. It nowhere, however, rages badly, and nowhere creates alarm. It appears both in Europe and in this country to be milder and lingers longer than on its appearance thirty years ago and more. After the political disturbances took place at Palermo, Italy, in September last, the cholera broke out in that town, and caused considerable havoc for the last eight weeks, averaging from 100 to 200 cases daily, more than one half of whom have died.

THE GALLANT BRAW.—A noted Kingston Highland gentleman, who for many years past has enjoyed the sobriquet of 'The gallant Braw John Highlandman,' came into the Market Square on St. Andrew's morning, and after he had partaken of a friend's friendly cup at Dr. Cicolari's, heard the sound of the Bagpipes issuing from a house in the Market Square. His Scotch heart warmed to the shrill strains of the melodious instrument, and dragging his friend by the arm across the Square, proceeded to the place whence they came, but on his arrival, to his great dismay, found that an itinerent Highland Piper had been engaged to attract customers to a Peep Show. 'Got d——,' cries Tonald, 'play the Pipes to a penny show, where's the Mayor?' His Worship was then standing near the Market Building, and over went Tonald, high in wrath and loud in his complaints against the gross indignity perpetrated against Scotland's National Instrument of Music (?), but after hearing him patiently, his Worship assured him he could do nothing for his relief. Still bent upon stopping the Highland Music, Tonald proceeded in search of the Police Magistrate, but he must have fared badly, for certainly no stop was put to the delightful sounds.

THE CONDEMNED FENIANS.—The Globe understand that the Fenians recently sentenced to death in that city will, probably, be respited for three months, to await the result of the appeals on their behalf before the courts.

SHIPMENT OF ARTILLERY STORES.—On Saturday a quantity of condemned artillery equipments, guns, carriages, &c., a portion of the worn-out batteries lately in the hands of some of the volunteer artillery corps, that arrived from Hamilton in the steamer 'Grecian,' were shipped by the Grand Trunk railway to Quebec, to be stored there or smashed up. The old equipments of the Kingston Field Battery have not yet been forwarded to Quebec, though they have been packed up for several days.

DRILL SHED.—Perth is to have a new drill shed, 144 feet in length and 80 feet in breath, and built according to Government plans.

A LUCKY STRIKE.—The Ogdensburg Gas Company recently commenced sinking an artesian well in the village, and at the depth of eighty feet from the surface they found petroleum in limited quantities, giving, as all thought, the most promising indications of their having made a lucky strike, and still they drilled on, sanguine of success; and now they have, at the depth of one hundred feet, discovered a well, which is flowing at the rate of three hundred barrels a day of—no, not of oil, but the clearest and sweetest soft water ever tasted.

THE FENIAN PRISONERS.—The spirit of the English people at the present time in regard to the Fenian prisoners now under sentence of death at Toronto is that they richly deserve their condemnation. The London 'Standard' says:—'Captured robbers should now certainly be left to their fate, and there should be no hope for them in the United States.'

THE PARIS EXPOSITION.—Mr. Tache, the Deputy Minister of Agriculture, is using his best endeavors for the proper representation of Canada at the Paris Exhibition. The British American Provinces will make a very creditable display, better indeed than any yet made at similar Exhibitions. A couple of car loads of articles intended for the Exhibition have already been received in New York from the Western States, and the collections in that city are becoming quite numerous.

MINING PROSPECTS IN NEWFOUNDLAND.—We learn from a late St. Johns paper that a company, of which a Mr. Bennett is manager, is making good progress in copper mining in the Province of Newfoundland. The Newfoundlander tells us that accounts justify hopeful expectations. According to the paper designated, the persons above named has also discovered marble deposits of cheering promise. It is stated that among these are white statuary marble, which is a very valuable commodity, and that it exists in abundance in that country. We are also told that specimens have been forwarded to Great Britain, and most favourable pronounced upon by high scientific authority. According to accounts contained in the papers received by the last Newfoundland mail, arrangements are being made for extensive quarrying in the coming year. It would seem from the accounts before us that the Province of Newfoundland, which some of the Canadian politicians are extremely anxious to annex to Canada, possesses treasures of wealth awaiting only the capital and scientific skill necessary to convert them to their destined uses for the benefit of the colony.—Halifax Evening Chronicle.

AN ANTIDOTE FOR POISON.

THE PAIN KILLER.—Rev. T. Allen, writing from Tavoy, Burmah, says:—'Within the past four years I have used and disposed of about five hundred bottles, but am now out. Please send me a fresh supply as soon as you can—say two hundred bottles. I dare not be without it myself and there are endless calls for it both by Burmans and Karens. I always take it with me into the jungles, and have frequent occasion to use it both on myself and others. One night while sleeping in an open Zayate, I was awoke by a most excruciating pain in my foot. On examination, I found I had been bitten by a centipede. I immediately applied the Pain Killer, and found instant relief.'

Rev. Mr. Hibbard, writing from Burmah to his father, says:—'I have used Davis' Pain Killer for coughs, colds, summer complaints, burns, and for the sting of scorpions, with uniform success. We always keep it where we can lay our hands on it in the dark, if need be.'

DO YOU SKATE?—It is a pleasant delightful and exhilarating exercise. Skate by all means; but if you should take cold, Downs' Vegetable Balsamic Elixir will restore you to health. Henry's Vermont Liniment, taken internally imparts a pleasant and agreeable warmth to the system and wards off the attack of cold. Be prepared with these remedies, and always keep them in your house.—A bottle of each costs only 25 cents. Sold by druggists and dealers everywhere. 253

REV. H. J. CAMPBELL, Pastor of 1st Baptist Church, Lancaster, N. H., writes—'I have used Mrs S. A. Allen's World's Hair Restorer and Zylobalsamum, and can cordially recommend them to those who wish to have their grey hair restored to its original color. I am satisfied the Restorer is not a dye, as I have thoroughly tested it.' Sold by all Druggists. Depot, 194 Greenwich st., New York. 285

FRIENDLY COUNSEL TO DYSPEPTICS.

Your digestive organs require rousing and regulating. Severe purgatives will deprive them of the little vigor that disease has left them, and leave them in a state of hopeless irregularity. What you require, is a medicine that includes the properties of a gentle laxative, a cooling irritant, a stomachic and an alterative. This desideratum you have in Radway's Regulating Pills. They not only carry off the acrid and corrupt humors generated by imperfect digestion, and heal and soothe the irritation created in the intestines by the presence of those humors, but they also restore the secretive organs to a healthy condition, and thus preclude the further development of vitiated fluids. They not only subdue the symptoms, but extinguish the causes of indigestion. These are simple facts verified by years of uniform experience. 285

Humphreys' Homœopathic Specifics are emphatically the people's remedies. Economical, simple, convenient and efficient, they form a system of prompt remedial means for families quite superior to anything ever offered to the public. 285

AGUA DE MAGNOLIA.

A toilet delight. Superior to any Cologne, used to bathe the face and person, to render the skin soft and fresh, to allay inflammation, to perfume clothing, for headache, &c. It is manufactured from the rich Southern Magnolia, and is obtaining a patronage quite unprecedented. It is a favorite with actresses and opera singers. It is sold by all dealers, at $1.00 in large bottles, and by DEMAS BARNES & Co., New York, Wholesale Agents.

"Jes' so!"—"Exactly!"—Solon Shingle said; they were there 'every time.' If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

Few persons want any better authority; but as some may, just read the following:

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Mud id, N.Y."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. C. A. MILLWOOD, New York City.

"* * * I had lost all appetite—was so weak and nervous I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right.

JAMES HEMINWAY, St. Louis, Mo

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and Urinary Organs, that distressed me for years. They act like a charm.

C. C. MOORE, 254 Broadway, N.Y."

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such testimonials, but no advertisements so effective as what people do themselves after proof of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they hope to secure support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."

J. W. HEWITT,

Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the private U.S. stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon premature bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

Who would not be beautiful? Who would not add to their beauty? What gives that marble purity and distinguished appearance we observe upon the stage, and in the city belles? It is no longer a secret. They use Hagan's Magnolia Balm. Its continued use removes tan, freckles, pimples and roughness, from the face and hands, and leaves the complexion smooth, transparent, blooming and ravishing. Unlike many cosmetics, it contains no material injurious to the skin. Any Druggist will order it for you, if not on hand, at 50 cts. per bottle.

Heimstreet's inimitable Hair Coloring is not a dye. All instantaneous dyes are composed of lunar caustic, and more or less destroy the vitality and beauty of the hair. This is the original Hair Coloring, and has been growing in favor ever twenty years. It restores gray hair to its original color by gradual absorption, in a most remarkable manner. It is also a beautiful hair dressing. Sold in two sizes—50 cents and $1—by all dealers.

CHRONIC CONSTIPATION.

Few complaints are more general than Constipation, or produce more unpleasant consequences. Stupor, Loss of Memory, Hysteria, Headache, Nightmare, General Debility, Rush of Blood to the Head, Vertigo, and sometimes Apoplexy result from it. Its complications are endless, involving many painful and dangerous visceral disorders, and a variety of external distempers. Yet every trace of it may be removed by a course of Radway's Regulating Pills. Whoever suffers from this ailment does so simply because he or she neglects to take this easy and painless means of cure. The drastic purgatives may afford momentary relief, but only to aggravate and intensify the disease in the end. No disastrous reaction succeeds the mild operation of the Regulating pills. They restore the morbid excretory function to health, vigor, and clock like regularity. 279

WHY NOT USE THE BEST? OVER TWENTY YEARS' increasing demand has established the fact that 'MATHEWS' VENETIAN HAIR DYE is the best in the world. It is the cheapest, the most reliable, and most convenient. Complete in one bottle. Does not require any previous preparation of the hair. No trouble. No crock or stain. Produces a beautiful black or brown as preferred. A child can apply it. Always gives satisfaction. Only 50 cents per bottle. Sold everywhere.

Sickness is an affliction that waits on us all. None are exempt and there are none but need relief from attacks. Whoever can furnish this becomes our benefactor. A conviction prevails that Dr. Ayer does it. Disorders of the blood have been healed by his Sarsaparilla, and affections of the lungs by his Cherry Pectoral, too frequently and too distinctly to be disputed. His Ague Cure is said, by those who use it, to never fail. Reader, if you must have medical aid, take the best of medicine. Poor remedies are dear as good are cheap, at any price you have to pay for them.—[Charleston Courier. 260

JOHN C. FOX'S

Iron-Clad Piano Fortes.

THESE Instruments have acquired a Provincial reputation for qualities which render them superior to any imported or home manufactured Pianoforte. They are made under the personal supervision and direction of Mr. JOHN C. FOX, who has a thorough practical knowledge of the manufacture, as conducted by the best makers on the Continent of Europe and in the United States; and from his extensive knowledge of the details of Piano Manufacture, as well as from his attainments as a Musician, he has been enabled to introduce into his own Pianos improvements which make them unsurpassed for brilliancy of tone, and render them superior to any other in withstanding the vicissitudes of climate.

These Pianos can be obtained from—

The Manufacturer at ..... Kingston
John H. Stevenson, jr., Rossin House, Toronto
Jas. McMillan ..... Hamilton
Andrews & Bros ..... London
